

Donald Sobkowiak, 18, gets a boost on a heavy log into the Marines from his brothers, from left, Bernard, Ronald, Robert and Charles, all of Onalaska and all of the Marine Corps where lifting a pole is part of the physical training. Donald reported to San Diego, Calif. last July for a four-year hitch. He is the seventh of the nine Sobkowiak brothers to enter the Marines. (AP Wirephoto)

New Task Force for Industry Expansion

Knowles Sets Machinery to Map Plan; Sees Government Changes

Post-Crescent Madison Bureau
MADISON—Gov. - Elect Warren P. Knowles has put an anonymous task force of business leaders and economists to work for the drafting of a new and bold industrial expansion blueprint for Wisconsin.

The Republican leader who will be inaugurated as state executive in January made clear at a press conference here that his major objective as head of the state government during the next two years will be to "accelerate our rate of job creation and to broaden our entire base of economic activity."

Included in his statement was the hope that by an increase in the productivity of the existing tax base the state will be able to meet its exploding budget requirements without onerous increases in the rate of taxation.

The governor - elect also told reporters that:

1. Another task force is already at work on developing a blue - print for extensive state government reorganization.
2. A major objective of his administration will be the total elimination of the personal property tax as a contribution to the improvement of the Wisconsin climate.
3. He will launch his executive budget hearings next Tuesday, and has asked leading state-house Democrats including Lt. Gov. - Elect Patrick J. Lucey to attend the sessions with him.
4. He will refuse to be stampeeled into commitments on a long list of major appointments to state office that will fall to him during his first term, and eve of the first visit of a U.S. that his test of eligibility of ranking job applicants will be the measure of their probable contribution to the public welfare rather than their prior political service.
5. He does not intend to in-

Stronger Police Force
Officials said the government was moving 2,500 police reinforcements into Sasebo and sending six patrol boats to the harbor to prevent demonstrators from blocking channels.

Nearly 1,000 leftist-led demonstrators were marching on the Diet in Tokyo with petitions demanding cancellation of the nuclear submarine's visit. Socialist party leaders claimed they had collected more than 25 million signatures from Japan's 100 million population.

American and Japanese authorities have stressed that the Sea Dragon carries no nuclear weapons and that there is no danger of radioactive contamination.

Labor Regime Asks Hike in Income Taxes

Acts to Increase Pay to Jobless and British Pensions

LONDON (AP) — The new Labor government announced today substantial increases in British pensions and unemployment benefits and a hike in income taxes to pay for them.

James Callaghan, chancellor of the exchequer — a post similar to secretary of the Treasury in the United States — told the House of Commons the additional welfare outlay would cost approximately 85 million pounds (\$238 million) a year.

He said the standard income tax rate would be raised from 7 shillings 9 pence (38.75 per cent) to 8 shillings 3 pence (41.25 per cent) per pound of taxable income to meet the additional cost.

Higher Pension Rate
Callaghan said the pension rate for a retired married couple would rise from 5 pounds 9 shillings (\$15.26) a week to 6 pounds 10 shillings (\$18.20).

The weekly unemployment benefit will go up from 3 pounds 7 shillings 6 pence (\$9.45) to 4 pounds (\$11.20).

The main function of the budget was to regularize the 15 per cent surtax on imports the government imposed last month to cut imports. Imports have been running far ahead of exports, giving Britain an adverse trade gap estimated at \$2 billion this year.

Britain's trading partners in Europe have criticized the surcharge, contending it violates the rules of the seven-nation European Free Trade Association and the larger General Agreement on Trade and Tariffs — GATT.

The government's second test in the House of Commons came Tuesday night on a Conservative motion expressing no confidence in the Labor regime's program. Bolstered by unexpected support from the Liberals, Prime Minister Harold Wilson's government won the vote 315-294.

Backed by Liberals
The nine Liberal members of Commons had been expected to abstain, but Jeremy Thorpe told the House his party would vote against the Tory motion because: "In the first place it is arrogant, secondly it is complacent and thirdly it arises, some-

times, from a lack of imagination and to broaden our entire base of economic activity."

Included in his statement was the hope that by an increase in the productivity of the existing tax base the state will be able to meet its exploding budget requirements without onerous increases in the rate of taxation.

The governor - elect also told reporters that:

1. Another task force is already at work on developing a blue - print for extensive state government reorganization.
2. A major objective of his administration will be the total elimination of the personal property tax as a contribution to the improvement of the Wisconsin climate.
3. He will launch his executive budget hearings next Tuesday, and has asked leading state-house Democrats including Lt. Gov. - Elect Patrick J. Lucey to attend the sessions with him.
4. He will refuse to be stampeeled into commitments on a long list of major appointments to state office that will fall to him during his first term, and eve of the first visit of a U.S. that his test of eligibility of ranking job applicants will be the measure of their probable contribution to the public welfare rather than their prior political service.

Johnson, Dillon Aim at 1965 Excise Tax Slash

President Also Will See Commerce Secretary on Civil Rights and Economy

JOHNSON CITY, Tex. (AP) — President Johnson summoned Secretary of the Treasury Douglas Dillon to his hill country ranch today to make plans for a 1965 excise tax cut.

Johnson, winding up a first round of post-election conferences with top Cabinet advisors, also invited Secretary of Commerce Luther Hodges to visit the ranch during the afternoon to talk about voluntary compliance with the new Civil Rights Act and the business outlook at home and abroad.

Proposes Reduction
Both Secretary of State Dean Rusk and Secretary of Defense Robert S. McNamara conferred with the President Tuesday at the 400-acre LBJ Ranch.

Johnson wanted to talk to Dillon about tax legislation to be submitted to Congress in January. During the election campaign, the President said he would recommend a major cut in excise taxes. He hinted at broader tax cuts in the longer range future.

The President's efforts to reduce the budget deficit, now totaling about \$5.7 billion a year, will be affected by the size and timing of the planned cut in excise levies.

Won't End Levies
Excise taxes net close to \$15 billion a year — an amount large enough to discourage any proposal to eliminate them entirely.

Johnson is expected to call principally for the scrapping of excises on purchases such as cosmetics and handbags. These

amount to about \$500 million a year.

The President, who will be concentrating for the next several weeks on budget planning and new legislative proposals, got some encouraging budgetary news.

McNamara handed him preliminary figures indicating that defense spending next year can

7 Feared Dead In B52 Crash

Cause of Smashup In Montana Area Not Determined

WOLF POINT, Mont. (AP) — An eight-jet B52 bomber crashed and burned in a desolate area of northeastern Montana late Tuesday night, killing six crew members. Another crewman is missing.

Bodies of six men were found, the Air Force reported today. Two of the bodies were located near one of the jet engines, which were hurled more than a quarter of a mile from the point of impact.

Prairie Set Afire
Burning wreckage from the crash ignited a prairie fire that burned more than 350 acres. About 40 ranchers extinguished it, using shovels, sacks and tractors.

The plane was from Larson Air Force Base at Moses Lake, Wash.

The Air Force in Washington said the plane was descending from an altitude of 36,000 feet to 23,000 feet at the time radio contact was lost.

The plane was from the 462nd Strategic Aerospace Wing, the Air Force said. Names of the crewmen were withheld until the next of kin were notified.

At the Glasgow base, Col. R. H. Worrell, wing commander, said the plane was on a routine training mission, flying in circular patterns and making simulated bombing runs. He said it may have been using a figure may be exaggerated, bombing range near Bismarck, N.D., as a simulated target. The proportions were increasingly evident.

Refugees are pouring into the main coastal cities. Between 36,000 and 45,000 are in Da Nang, a key port and military base 380 miles northeast of Saigon.

Rescue work in some of the 10 with the total city teacher force manded a \$1,000 salary boost by being of 1,896. No firm figure on the March 1, saying they wouldn't be hampered by Communist Viet strike force has been released, sign new contracts next spring. The teachers seek a pay in if their demands were not met.

The current teacher wage in Louisiana is \$4,400 to \$6,600 a year. The teachers want a \$1,500 boost teachers' salaries. He act would have received under the led in the face of mounting pres-tax raise that was defeated.

Progress Seen by Allis-Chalmers, UAW Negotiators

MILWAUKEE (AP) — Some progress has been reported in negotiations by the Allis-Chalmers Mfg. Co. and the striking United Auto Workers Union on a new contract for 10,700 farm implement workers.

Negotiations are progressing slowly and steadily and there has been some progress," Bur-

ton Foster, a union spokesman, said late Tuesday night.

There was no indication that an agreement was imminent as the strike entered its fourth day.

The dispute has idled UAW members at five Allis-Chalmers plants in four states.

General negotiations sessions were recessed late Tuesday night but committees striving for agreement in specific areas continued to meet past midnight.

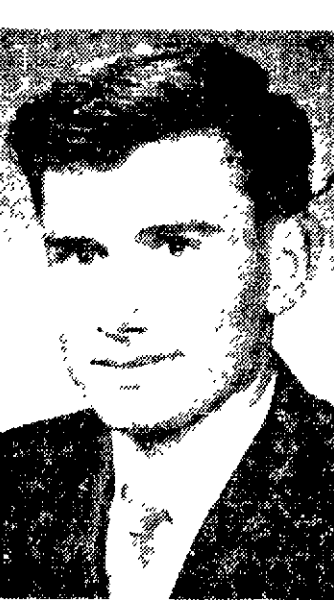

The negotiators are working on the four local plant pacts still unresolved. Local issues at the La Porte, Ind., plant have been settled.

Other plants involved are at suburban West Allis and La Crosse, Wis., and Springfield, Ill., and Cedar Rapids, Iowa.

1,100 Perish as Floods Strike Viet Nam Region

SAIGON, South Viet Nam (AP) — A U.S. military spokesman said today 1,100 Vietnamese civilians are reported to have drowned in floods surging through the valleys of mountainous central Viet Nam.

The spokesman cautioned that the figure may be exaggerated, but a natural disaster of major proportions was increasingly evident.

Refugees are pouring into the main coastal cities. Between 36,000 and 45,000 are in Da Nang, a key port and military base 380 miles northeast of Saigon.

Rescue work in some of the 10 with the total city teacher force manded a \$1,000 salary boost by being of 1,896. No firm figure on the March 1, saying they wouldn't be hampered by Communist Viet strike force has been released, sign new contracts next spring. The teachers seek a pay in if their demands were not met.

The current teacher wage in Louisiana is \$4,400 to \$6,600 a year. The teachers want a \$1,500 boost teachers' salaries. He act would have received under the led in the face of mounting pres-tax raise that was defeated.

About 150,000 people are reported homeless.

Gov. John McKeithen of Louisiana called a special session of the legislature for Monday to boost, five times what they would have received under the led in the face of mounting pres-tax raise that was defeated.

3 Vie for Post As Democratic Whip in Senate

**Long Confident
He Will Replace
Senator Humphrey**

BY GORDON BROWN
WASHINGTON (AP) — The camp of Sen. Russell B. Long exuded confidence today over his chances of becoming assistant Senate Democratic leader in the new Congress next January.

This is the post now held by Sen. Hubert H. Humphrey of Minnesota, vice president elect. It will be filled by vote of the 68 Democratic senators meeting in caucus ahead of the new session.

35 Senators
Long claims to have commitments of more than 35 senators that they will support him for the post. The Louisiana senator said he will win on the second or third ballot in the caucus, provided President John F. Kennedy does not enter the situation.

Long said that as of the moment the President has not expressed a preference and he does not believe he will.

Chief Opponents
His chief opponent for the post are Sens. John O. Pastore of Rhode Island and Mike Monroney of Oklahoma. Also mentioned as possibilities are Sen. Edmund Muskie of Maine and Philip A. Hart of Michigan.

In recent days both Pastore and Monroney announced their candidacies and circulated letters to Democratic senators seeking support. The Long camp regards Pastore as the most formidable opponent.

Contract Talks Near in Nation's Steel Industry

PITTSBURGH (AP) — The steelworkers are on the move again, preparing to take a new look at contracts in the basic steel industry.

The union is going up on a many-sided drive that, judging from past experience, may extend to the White House and could go deep into the nation's economic heart.

The executive board of the United Steelworker Union met Tuesday and announced it would call together its powerful wage policy committee around the first of December.

The committee calls the shots on contract dealing with the companies. Basic steel contracts can be required January 1 and the union would be free to strike if no agreement is reached.

The rewriting of basic steel contracts inevitably raises the possibility of a steel price increase. Even now there are pressures within the industry to boost prices.

30 Children Hurt In Grenade Blast

HANAU, Germany (AP) — At least 30 children were injured today, some seriously, when a hand grenade exploded among students playing in a school yard, police reported.

The injured children were 10 or 11 years old.

The report indicated that a boy had brought the grenade to school in his pants pocket and dropped it during recess.

Police Red Cross helpers, firemen and all available ambulances were rushed to the school.

The school is near a U.S. Army barracks. Police speculated that the boy found the grenade in the military area.

Unsaltry Ham Hailed as Boon to Heart Patients

COLUMBUS, Ohio (AP) — Three professors who say they have developed an unsaltry ham for heart patients have tried their product on 200 doctors and the verdict is almost unanimous.

"Beautiful and very tender," said one physician. "Delicious," said another, noting it looked "like a Christmas ham."

Another, going back for seconds, declared: "A person not used to salt would think this ham was delicious."

Surprise Appetizer
The new ham developed by the Ohio State University faculty members in a matter of months was served as a surprise appetizer at a medical society dinner meeting Tuesday night.

Another staff member, who had tasted the ham previously, said the de-salting process was "quite simple and economical." No details were given because the process is in the hands of a university committee seeking patent rights.

The professors reported they also have developed a low sodium-content bacon, described as

The Pulse of the "Unsinkable Molly B.," a Beagle whose hind legs were operated on, is checked by Nurse Ruth Kelly in Philadelphia's University of Pennsylvania veterinary hospital Tuesday. Molly B. was found injured along a road near Pittsburgh three weeks ago. The dog was flown to the hospital where an operation inserted steel pins in both rear legs. She is coming along fine and should be able to walk normally in a week or so, the hospital reported. (AP Wirephoto)

Johnson, Dillon Aim at 1965 Excise Tax Slash

CONTINUED FROM PAGE 1
again be kept below \$60 billion. This would increase prospects of a total budget below \$100 billion. A psychological barrier Johnson wants to avoid.

Gold Outflow Problem
Defense spending in the current year is now estimated at \$49.8 billion of a \$97.2 billion budget.

Besides taxes, the agenda for the Johnson-Dillon conference involved efforts to stem the outflow of gold and a broad range of domestic and international economic and financial concerns.

Hodges was summoned to discuss the continuing drive to expand exports, the business climate, the federal highway program and the work of the Community Relations Service.

The commerce secretary, a former governor of North Carolina, has taken a special interest in the work of the Community Relations Service, an agency set up within his department to seek voluntary compliance with the Civil Rights Act.

McNamara and Rusk, after their sessions with Johnson, held separate news conferences at an Austin air base and said flatly they will retain their Cabinet post, it is expected. Johnson wants them.

Dillon, a Republican who has served three presidents starting with Dwight D. Eisenhower, was reported, undeterred, last week on whether to keep his secretaryship. It was assumed this would be an added topic for discussion with the President.

38 Fellowships Approved for UW, Marquette
WASHINGTON (AP) — The 38 fellowship programs at Marquette and the University of Wisconsin have been approved by the Department of Health, Education and Welfare under the National Defense Education Act.

The act awards 36 of them to Wisconsin.

Most of the fellowships will be for three years and are designed to increase the number of future college and university teachers.

The two at Marquette are in philosophy.

Those at Wisconsin are in adult education, three in community history, four in economics, three in educational policy, studies in English, one in French language and literature, three in linguistics, four in mathematics, three in philosophy, four in physical education, two in political science and three in urban and regional planning.

Russians Look for Warmer Winters
MOSCOW (AP) — The Russian winter isn't as cold as it used to be, a Soviet government paper says.

G. Sidorov wrote in the news paper, Vpered, Life, that some day parts of the Soviet Union may look like Africa.

Sidorov said more than 600,000 square miles of ice fields on the shores of the Arctic Ocean melted during 1924-41 and in recent years forests have advanced from 40 to 60 miles into the barren tundra region in some areas.

Patent Rights Sought

year and is one ahead of last year's total death toll. The figure is two deaths short of the county's all-time high count recorded 12 years ago. The state highway toll reached 923 with Schmzel's death compared with 771 on this date one year ago.

Driving West
County police said Schmzel was driving west on State 76 and was about one-half mile from his home when his car went off the road and rammed into a retaining wall at the Orval Polzin farm. Police said the car left about 60 feet of tire marks on the pavement. The wall was smashed and Schmzel's body was pinned in the wreckage for several minutes.

Schmzel is believed to have left his rural Appleton home where he lived with his parents, Mr. and Mrs. Clarence Schmzel, route 1 about 7:30 p.m. He told his parents he was to attend a drill meeting at the Wisconsin National Guard Armory in Appleton. The dead man was a private first class in the guard.

No Drills
Guard officials, however, said today no drills were scheduled Tuesday night. One officer on duty at the armory Tuesday night said Schmzel was not seen all night at the armory.

Kemps said a word "Raven" was printed in red ink on Schmzel's hand and he may have attended a dance prior to the accident.

Schmzel also is survived by a brother, Francis. Funeral services will be at 10 a.m. Friday in St. Mary Catholic Church, Greenville, with burial in the parish cemetery. Military services will be conducted at graveside.

Friends may call at the Borchart and Moder Funeral Home, Hortonville, after 2 p.m. Thursday.

Asks Hike in Income Taxes

three weeks after the government has taken office, out of sheer bigotry.

On Monday night the new government weathered its first confidence test by only six votes. On that ballot the Liberals supported a Conservative motion criticizing Labor's plans to nationalize the steel industry.

Wilson announced he will go to Washington Dec. 7 for talks with President Johnson. He is scheduled to fly to New York the next day to meet U.N. Secretary General U. Thant, then push on to Ottawa for talks with Canadian Prime Minister Lester B. Pearson.

Nixon States Conservatism Not Defeated

NEW YORK (AP) — Former Vice President Richard M. Nixon says the election Nov. 3 was a rejection of what he calls reaction, racism and extremism, but not conservatism.

He urged Tuesday that the Republican party choose leaders from the center of its political spectrum and make a place for all responsible points of view.

"I'm perhaps at dead center," he said of his position.

Nixon said that the first of the year would be the time to decide on steps toward arranging party leadership.

The election, he said, will be badly interpreted if it is interpreted as a rejection of conservatism. It was a rejection of reaction, a rejection of racism, a rejection of extremism.

He said he does not believe that the defeated candidate, Sen. Barry Goldwater, stood for those things, but he said some of Goldwater's supporters did.

Explosives Seized By Police at Miami

MIAMI, Fla. (AP) — Police seized a cache of explosives Tuesday from the storeroom of an anti-Castro organization.

Officers said they stumbled across the explosives and other armaments while running down leads on two youths who stole 500 pounds of dynamite from an explosives salesman several weeks ago. There were no arrests.

Found in quarters rented by the Cuban Student Directorate were plastic explosives, four vials of what police thought to be nitroglycerine, detonator caps, fuses, phosphorous sodium, a recoilless rifle, rocket shells, booby traps, antitank weapons and ammunition.

A spokesman for the Cuban Student Directorate said the supplies were to have been smuggled to guerrilla forces in Cuba.

Outagamie Board Fails to Provide Huber Law Space

Need for 3 Jailers, Limited Use Cause Plan to be Roadblocked

For the second straight day, the Outagamie County Board failed to take action on a proposal to provide new space in the courthouse for Huber Law prisoners and to relocate the highway department offices.

Two roadblocks were thrown in the way of the \$129,754 plan this morning.

First, the county board heard Sheriff Calvin Spice say that three additional jailers would be needed to guard prisoners in the relocated Huber Law prisoner detention section.

Last Only 20 Years

Also second, the old proposal that remodeling of existing jail facilities would only provide for the needs of the next 15 to 20 years was discussed. Supv. Walter Killian (Town of Maple Creek) suggested, "Why not build a new jail and get rid of the problem once and for all."

When the plan came up for discussion this morning Sheriff Calvin Spice was questioned about whether additional jailers would be needed to guard the Huber Law prisoners by moving them from the fourth floor jail to new first floor quarters.

The \$129,754 appropriation recommended by the public property and insurance committee would pay for the remodeling of the first floor Welfare Department offices into a Huber Law prisoner detention section, building a new highway department office and paying architect George Narovec for services in a preliminary study on courthouse expansion.

Move Welfare Offices

The appropriation would go into the general fund with approximately \$50,000 intended for the Huber Law section, \$75,000 for the highway department office and \$4,754 for Narovec. Under the plan, the welfare department offices would be moved to new quarters in the courthouse annex.

Spice told the board this morning that he was "in full accordance with the public property and insurance committee plan, but we'll need more help."

"We can't divide our operation into two places," he said, "without extra help. If we didn't need extra help for the new Huber Law section, then we'd be overstaffed now."

Never Told Committee

Supv. Walter Frederick (New London 3), a member of the public property committee, said he attended every meeting of the committee when the plans were discussed "and never did you tell our committee that you would need more help."

Spice told Frederick that he brought the matter of additional help up at the first meeting on jail renovation. He said he told the committee members that if radio operators were used to guard the Huber Law prisoners, "we'd be going back to where we were two years ago."

He said that although the jail population is down to 27 at the present time, it was up to 48 last month and has been as high as 60.

Use Huber Trustees

Supv. Sylvester Esler (Appleton 18), committee chairman, suggested that Huber Law trustees might be used to guard the other prisoners.

"They are still prisoners," Spice said, "and I can't allow prisoners to guard a prison."

Killian brought the discussion of a new jail into the open by saying "the county's population is expected to double in the next 20 years. If it does our jail is going to be too small. So why

Park Board Asked to Start Contract Talks

Commissioners Delay Parley Until Report Of Factfinder Here

Teamsters Local 563, representing an estimated 25 employees in the Appleton Park Department, wants to meet with the park board to present 1965 contract demands.

A letter requesting a meeting was received by the board Tuesday from Robert Schlieve, secretary - treasurer for Local 563, but no action taken.

Schlieve wants to confer with park commissioners on wages, hours and working conditions for the coming year. He also plans to discuss the current year's wage policy.

The park board indicated it would not be receptive to a meeting until the City of Appleton receives a report from the Wisconsin Employment Labor Relations Board factfinder who conducted a hearing here several weeks ago.

Request Aid

The factfinding was requested by the city and union to resolve differences and arrive at a 1964 contract.

City officials have indicated their concern that the factfinder's recommendations have not been received yet. They are about a month overdue.

In the meantime, the city is engaged in budget matters but can take no action on 1965 requests until resolving 1964 contract differences.

Local 563 also represents about 50 employees in the department of public works.

Morgan Will Leave Son Bulk of Estate

The will be Miss Carrie Morgan who died Oct. 14 was admitted to probate Tuesday after a hearing in Outagamie County Branch 1.

The will requires that 85 percent of Miss Morgan's estate be given to an adopted son, Stanley. Inventory of the estate is incomplete.

Daughter of Pioneer Appleton Man Dies

Mrs. Adeline Aylesworth, daughter of pioneer Appleton merchant John Hauert III, died recently at the age of 64 in Santa Barbara, Calif.

Her father owned a hardware store here until his death in 1948. Mrs. Aylesworth attended Appleton public schools.

Veterans Fire a Salute to their war dead in their annual Veteran's Day observance this morning at College Avenue and Oneida Streets. Talks by Robert Beltrone, commander of the Oney Johnston-Edward Blessman American Legion Post, and Mayor Clarence Mitchell followed a short parade. (Post-Crescent Photo)

Outagamie Supervisors Add \$57,779 to 1965 Budget

Includes \$51,000 in Pay Hikes, Warden Fund, Printing Center

Outagamie County's overall 1965 proposed budget went up by \$57,779 as a result of Tuesday afternoon's county board action.

Supervisors approved \$57,779 in added expenditures and the addition of \$2,000 in anticipated revenues for the net of \$55,779.

The two new major expenditures were results of recommendations in the J. L. Jacobs Co. efficiency and modernization study of the county. One is \$51,000 for "minimum implementation" of the Jacobs' salary recommendations and the other is \$3,779 for a duplicating "service center" in the courthouse.

Humane Society

The other two additions, \$500 each, are for a boost in the Humane Society budget and for the reinstatement of \$500 for a deputy county game warden.

The \$51,000 for salary increases was put into the budget on the recommendation of the county board's special 11-man committee charged with implementation of the Jacobs' report.

The funds, which weren't allocated, are to be used for salary increases. The 11-man committee will make further studies on job grade levels during the month and report back at November's county board session with a detailed allocation.

Service Center

Speaking in support of the proposal for the duplicating service center, County Business Administrator Alvin Woehler said the county's annual printing bill is approximately \$16,000.

Woehler said additional personnel will not be needed because present courthouse workers will provide the time to operate the equipment.

"The nucleus of personnel for the service center," he said, "will be formed by reassigning the map draftsman, the tax lister and the present duplicator operator."

Approval of the \$500 budget item for a deputy county game warden came after an annual county board budget hearing argument. Proponents and opponents of the move covered familiar ground in their arguments.

Supvs. Eugene Kloes (Appleton 4) and Norman Austin (Town of Oneida) said the county board should approve the appropriation for someone to assist the county's two state game wardens especially in the area of

Judges, Police Hear Plans At Traffic Court Conference

Uniformity, Probationary License, Forced Appearance Are Proposed

BY DON CASTONIA
Post-Crescent Staff Writer

Fair, uniform, sure enforcement of traffic laws by judges, a probationary driver license and forced appearance in court, all of all traffic violators were some of the proposals offered today to judges and law enforcement officials at the Wisconsin Regional Traffic Court conference at the Holiday Inn.

The Wisconsin Supreme Court Justice Bruce F. Beilfuss told the gathering traffic court judges the must be fair and uniform in dispensing justice and must create a public image of fairness if the public is to accept the court as an educator in traffic safety.

A "probationary" driver license for all new drivers was proposed by Dan F. Schutz, director of the State Motor Vehicle Department safety division, as a means of creating a feeling of greater responsibility on the part of the new driver. At the time Bruce F. Beilfuss told the end of the probationary period, gathering traffic court judges the driver's record would be reviewed to determine if a full license should be issued. Schutz said.

Court Appearance

The mandatory court appearance in all hazardous moving traffic violation cases was proposed by Robert H. Reynolds, assistant to the director, traffic court program, American Bar Association. This, he said, has been proven in other states as a means of lowering accident and death rates.

Justice Beilfuss spoke of the traffic court's role with the "Four E's" of traffic safety: enactment, engineering, education and enforcement. He said although the court is generally most concerned with the latter, two, judges are in a position to influence the first two because of their close relationship with the problem.

"We must have competent judges and adequate facilities if the courts are to do a good job," Justice Beilfuss said, and added that he believed Wisconsin has this since the court reorganization act.

Accident Rate

Schutz, in proposing the probationary license, said the license would not discriminate against the youthful driver but would automatically include them. He pointed out that drivers from age 17 to 22 are involved in more accidents and fatalities than any other group and the involvement incident of the 18, 19 and 20-year old is "exceptionally high."

He laid part of the blame to the Wisconsin 18-year-old beer law. "Note that we are the only state in the group compared with our closest neighboring states which permits sale of beer to those under 21."

Schutz added "records show the teenager is both an inexperienced driver and an inexperienced drinker. He has not

95-Acre Park Site Offered to Appleton

Price of Tract at Northland And Ballard \$155,000; City Has Until Jan. 15 to Decide

BY WILLIAM C. CAREY
Post-Crescent Staff Writer

City officials intend to give "serious consideration" to purchasing a 95-acre tract in Town of Grand Chute to provide Appleton with a new municipal park, it was learned today.

Mayor Clarence Mitchell said he has received a signed offer from Mr. and Mrs. Nicholas Langedyke, owners of the land at the northwest corner of Northland Avenue and Ballard Road, to sell the site for \$155,000.

The city has until Jan. 15 to accept or reject the offer, which was channeled to city hall through an Appleton real estate firm.

Initial reaction of Mitchell and City Planner Walter Rasmussen was favorable.

Recommend Purchase

"It is likely the municipal bodies having jurisdiction in this matter will recommend purchase," Mitchell said.

"I think it is generally agreed the northeast side of Appleton needs a park," Mitchell said, "and it appears that acquisition of this land would also tie in with solving a drainage problem in that area."

Mitchell said Appleton could use a large park for civic programs and celebrations. Pierce Park with its 38 acres is the community's largest park.

"Many things would favor the purchase of the property to the northeast," Mitchell said. "The city can either buy it now or never."

Municipal Bodies

Mitchell said the proposal would be studied by city council, board of public works, plan commission and park board before any action is taken on the offer to sell.

It was also disclosed that the 95-acre site is in an area a committee of Appleton officials recommended for a new four-year college.

The Outagamie County Board also has offered the county farm property as a possible site for the proposed college.

"I would say the property being offered to the city for purchase has definite possibilities," Mitchell said.

'Wait and See' Attitude Adopted by Park Board

Proposed Ordinance Would Make Unit Solely Advisory to Appleton Council

The Appleton Park Board decided Tuesday to take a wait-and-see attitude on proposed legislation to revise its statutory authority and operation.

An ordinance was introduced in the city council recently by Ald. Robert Stumpf (9th) which would:

- Make the park board advisory only.
- Require that all park department expenditures be first approved by the council.
- Shift the responsibility for appointing a park superintendent from the park board to the council.

"I don't know what this is all about," remarked Commissioner Arthur Jones. "In the 22 years that I have been on the board we have always consulted the council before making purchases or going ahead with major projects."

Present Process

Jones, board secretary, said money is put in the budget for programs and then the board also gets council approval to spend it.

He said the controversial Beloit Park road construction project had been budgeted and approved by the common council.

"I can't see what this is all about, either," remarked William Wachtendonk, board president. "We have always made recommendations to the council."

Wachtendonk suggested the board wait until it hears from the council.

Under the powers granted us by the state law, we can buy property outside the city for park purposes," Madisen explained.

"If this were changed we would not be able to go outside the city," he added.

In its quest for new park areas, the state law grants park boards authority to go within a three-mile radius of the city, Madisen said.

Park commissioners said they had no objection - in fact favored - putting the park superintendent's post under civil service and having the council make the appointment.

2 Fireworks Salesmen Found Guilty

Two fireworks salesmen were found guilty of illegal fireworks sales in Outagamie County last July and will be sentenced Dec. 8.

The men, Donald R. Peters, 26, 916 Ridge Lane, and Louis Larson, 33, 813 Seventh St., Menasha, withdrew innocent pleas to the charge and pleaded no contest. County Judge Gustave Keller found the pair guilty.

Trial had been set for today before Judge Keller.

Outagamie County Sheriff Calvin Spice testified he directed a search of the Peters' home last July in which about \$1,500 in fireworks were found and confiscated.

A state crime laboratory specialist, Thomas Richards, said that 40 of the fireworks which he examined from the fireworks taken in the raid contained explosive substances contrary to state laws.

Judge Keller requested that Asst. Dist. Atty. James Bayoragon and the attorney for Peters and Larson prepare briefs to outline procedures for the disposal of the confiscated fireworks. Peters and Larson are attempting to recover the fireworks which had been taken in the raid.

Can't Ignore Parking Meters on Holiday

Veteran's Day was a legal holiday today but - you still had to insert coins into parking meters in Appleton or be eligible for a violation ticket.

City Clerk Elden Broehm said his office received inquiries from residents asking if they had to pay for parking today.

Broehm informed them they did and cited the only holidays recognized as "free" under terms of the parking meter ordinance are: New Year's, Memorial Day, Fourth of July, Labor Day, Thanksgiving, Christmas, and Sundays.

Sportsmen Try to Halt Sewer Plant

Groups Show Sewage Drained Into Little Lake Butte des Morts

BY MICK BURKE
Post-Crescent Staff Writer

NEENAH — Efforts of a city sportsmen's organization to halt construction of the Neenah-Menasha Sewage Treatment plant construction of the plant. He refused to give reasons to the group produced waste material it claims was found float- ing in Little Lake Butte des Morts.

Virgil Achterberg, president of Triple "C" Union of Sports- men Ltd., showed newspaper re- porters a box of partially burn- ed materials he said he picked up along the shore line from piles of debris dumped by the

which was supported with 500 signatures on a petition Achter- berg claims opposed the plant because the 300-foot long cause- way would harm fish spawning beds. The group was assured a culvert would be built under the causeway to assure a flow of fresh water.

The letter and support now is being withdrawn, Achterberg said. It is Achterberg's opinion debris was going into the lake and causing further pollution. He said the boxed debris would be sent to Proxmire.

No Approval

The sports club president said the project by the State depart-

ment of health and welfare com- mittee on water pollution. He said he believed plans were being held for a special pur- pose and wouldn't be returned approved.

Achterberg said the club "can't condemn projects such as Waverly beach marina and pol- lution of the Neenah slough without taking a stand on the proposed treatment plant."

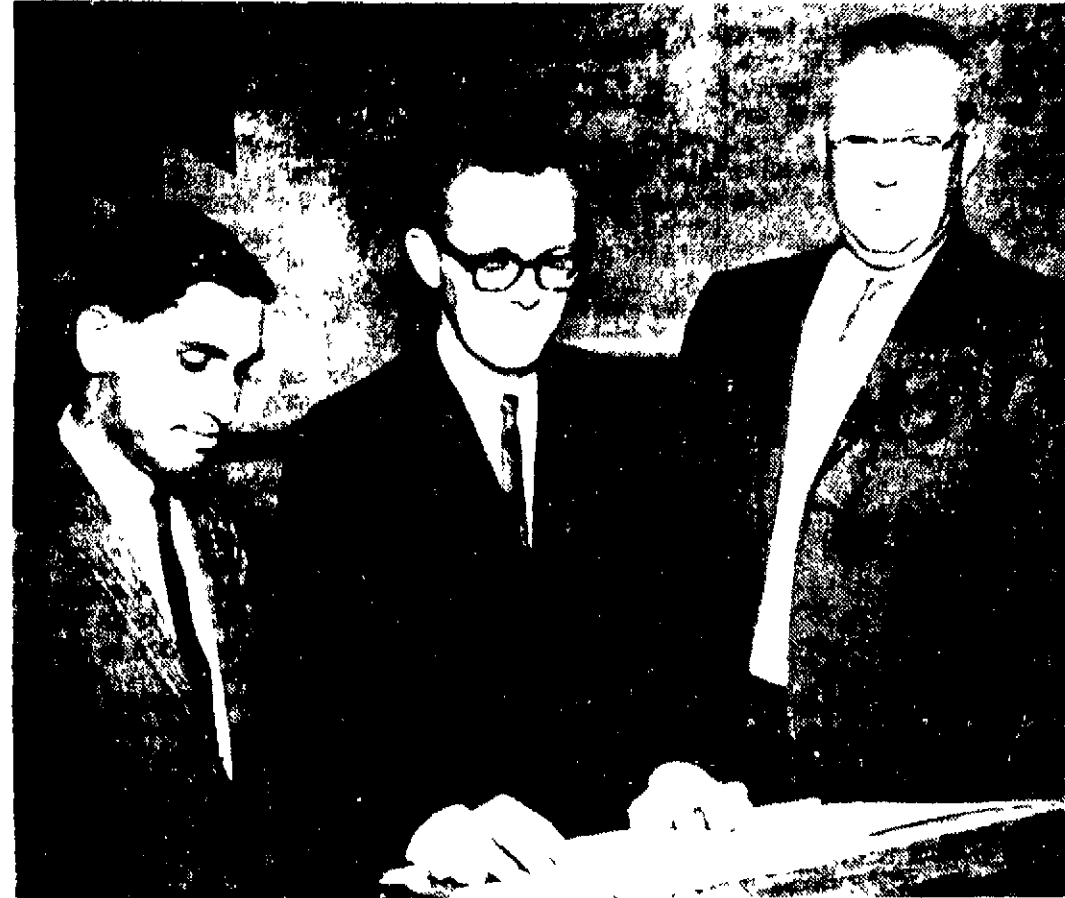

Greg Vander Velden, an en- gineer with the water pollution committee at Madison stated plans have been approved and signed. Plans should be receiv- ing in the Twin Cities later this week, he stated.

The debris found dumped along the shoreline normally is taken to the Jensen farm, 10 miles west of Neenah and cov- ered. Plans, according to Ed- ward DenDoven, sewage com- mission chairman, will be to use a certain amount of the incen- erated refuse as fill after a clay dike has been constructed and walls for the causeway lined with riprap.

The C. J. West Memorial awards were presented at the Tuesday meeting of the Lake States Section of the Technical Association of the Pulp and Paper Industry in Menasha. Above at the dinner at the Elks Club from left, are Carl Matson, production manager of Gilbert Paper Co., chairman of the Lake States Section of TAPPI, Roy Whitney, vice president and dean of the Institute of Paper Chemistry, the speaker, Philip Nethercut, TAPPI executive secretary from New York,

Legion Names Bay Committee

Little Chute Unit To Aid Jaycees' Swim Area Plans

LITTLE CHUTE—The Ameri- can Legion Monday night named a committee to work with the Jaycees on developing a swim- ming area in the Fox River suitable for village youngsters.

The Jaycees have been granted permission to build a retain- ing wall in the river and provide a bay for swimming. This bay will be provided with water from village wells and not be polluted by river water. A sand bottom will be provided after dredging is completed.

R.A. Winus was named chair- man of the Legion group which will assist Jaycees. Other mem- bers include James Versteegen, Ray Reider, Donald Peeters, Sylvester Vandenberg, Orville Bongers and Willard Van Han- del.

Members approved a \$5 dona- tion to Boys Town and named Leo Hendricks chairman of a committee to plan a Christmas party for village youngsters. James Peeters requested volun- teers to begin signing for a spring work party at Camp American Legion.

A \$25 donation to the hospital bed program, sponsored by the Legion, was received. A resi- dent who used one of the Legion beds left a note in the bed telling his heirs to take \$25 from his estate and donate it to the Leg- ion hospital bed program.

Plans call for the money to be used to put rails on the beds as these are not equipped.

Beds are available to resi- dents or Legion members with- out charge.

long-range use or investment of the money.

Appointed Mrs. George Munro, president, as delegate, and Dr. Roy Whitney, vice pres- ident, as alternate delegate to the Wisconsin Association of School Boards' 1965 annual con- vention in Milwaukee Jan. 20.

Approved a change order for beautifying schoolgrounds in- cluding vinyl tile in the en- tire Einstein Junior High School.

At an mttee continues its study of increase in costs of \$7,200.

Other Action

In other action the board:

—Authorized the administra- tion to invest the \$9,185 re- maining in the Peabody bequest for beautifying schoolgrounds in- cluding vinyl tile in the en- tire Einstein Junior High School.

At an mttee continues its study of increase in costs of \$7,200.

Teacher Plan Gets Approval

OSHKOSH — A proposal for the certification of teachers who complete the new speech and hearing therapy major at Wis- consin State University has been approved by state Department of Public Instruction officials, according to Dr. David L. Row- nan, dean of the university's school of education.

As a result of the decision teachers completing the major who are recommended by the university will be issued teach- ing certificates by the State De- partment of Public Instruction. Department approval of the program was based on examina- tions by both department per- sonnel and representatives from the Bureau of Handicapped Children.

Appleton Schools May Offer Russian Course

Board of Education to Study Feasibility Because of Language's Growing Importance

A study of the feasibility of offering Russian in Appleton high schools has been requested by the Board of Education.

The proposal was initiated by board member Kenneth Sager, who first moved the administra- tion be authorized to hire a teacher of Russian if possible and the course be added to the curriculum.

Sager's motion did not receive a second. Board members said they did not oppose the idea but believed it should be studied. Sager then moved the ad- ministration be authorized to stu-

dy and report to the board on the feasibility of offering Rus- sian. This motion was passed unanimously.

Sager said he believed the course should be added because Russian is so rapidly becoming an important language in rela- tion to science.

Supt. of Schools William Spears said the foreign language committee has suggested this on a number of occasions. Rus- sian is a modern language be- ing rapidly introduced in Wis- consin high schools, with five or six of the larger schools now offering it, he said.

Einstein School to Use Lunch Vending Machines

The new Einstein Junior High School will become the first Ap- pleton school to try the vending machine concept for school lunch programs.

The Board of Education Mon- day approved a proposal to in- stall vending machines in the Einstein school cafeteria. The school, now under construction, will be opened next September.

At its last meeting the school board approved use of a vend- ing food service, not necessari- ly machines, for the new Ap- pleton High School. East in place of installing a costly kitch- en for a hot lunch program. Fi- nal plans are being drawn for the senior high school, schedu- ed to open in the fall of 1966.

Others Use It

Supt. of Schools William Spears told the board he had said small kitchens in other discussed vending service with representatives of school sys-

tems now using it while at the Wisconsin Education Association convention in Milwaukee. The machine concept for school lunch programs is being used by school districts are using vending services.

"They say they would not go back to any other kind," Spears said. "They say it has granted them a great deal of freedom from what was a laborious task."

There is space available and adequate power at Einstein for use of vending machines, Spears said. He said possible savings in kitchen equipment as a result of the board's decision will be studied.

Einstein will have a small kitchen, since a full hot lunch program has not been planned for the school. Director of Busi- ness Affairs William Knuth said small kitchens in other schools are adequate for meals served by catering services.

Red Feather Campaign general chairman Norm Golz receives the first report from O. J. Boldt Construction Co. employees, whose contributions put the construction division over its quota. At the AAL construction site are, from left, Ambrose Vandenberg, crane operator; James Peters, superintendent; Kris Peters, project manager; Golz and Clifford Deweert, Neenah. A total of \$180,206, or 85 per cent of the \$188,251 goal, has been raised in the Red Feather drive. The construction division has reached 110 per cent of its quota with \$5,503 raised. (Post-Crescent Photo)

Judges, Police Hear Plans for Traffic Laws

CONTINUED FROM PAGE 1

developed the proper judgment for us of the motor vehicle, nor has he learned his tolerances for, nor the dangers of alcohol."

Waive Appearance

Reynolds expressed alarm at Wisconsin's law which permits traffic offenders to waive court appearance. It too often takes the judgment out of being a judge, he said.

"Under the waiver system, violating traffic laws in Wisconsin is comparable to a mail order catalog. There is a predetermined price on each violation and if you have the price you can violate."

Reynolds said Dade County, Fla., instituted mandatory court appearances for traffic violators in 1960 and had the first drop in accidents and traffic deaths in the county since 1935.

The American Bar Association advocates court appearance in all cases involving hazardous moving traffic violations, he said, although under present Wisconsin law this cannot be made mandatory.

Under the waiver system, violating traffic laws in Wisconsin is comparable to a mail order catalog. There is a predetermined price on each violation and if you have the price you can violate."

Reynolds said Dade County, Fla., instituted mandatory court appearances for traffic violators in 1960 and had the first drop in accidents and traffic deaths in the county since 1935.

4 Injured in 2 Accidents

U. S. 41-State 125 Scene of Tuesday Afternoon Crashes

Two accidents resulting in injuries to four persons occurred at U. S. 41 and State 125 Tuesday afternoon.

Three persons were in satisfactory condition in Appleton Memorial Hospital as a result of one of the crashes.

State police said Steven Werner, 20, route 3, Seymour, headed north on 41, was involved in a collision with a car driven by Carl Enger, 69, 839 Congress St., Neenah, which was heading west on 125 about 4 p.m.

Werner and Mr. and Mrs. Enger were in satisfactory condition. They were all being treated for internal injuries.

Earlier Crash

Three hours earlier at the same intersection, a car driven by Henry Ellsworth, 59, Elgin, Ill., going north on 41, was involved in a collision with a car driven by Clarence D. Paulson, 74, of Iola, who was going south and was turning onto 125 from 41. Mrs. Paulson, 73, complained of a backache but was not hospitalized. Police said the Paulson car turned in front of the Ellsworth car.

The State Highway Department is considering a possible overpass at the intersection, but the project is not slated for consideration until late in 1968.

Will Encourage Spending of Money

LONDON (AP) — Author Ian Fleming, creator of secret agent James Bond, left a will specifying bequests of 500 pounds each to four friends on condition they spent it within 19 months "on some extravagance."

Gross value of Fleming's estate was put at \$846,011. The will published today named his wife as the major beneficiary. The money was left to her in trust for their son and Fleming's brother, Peter.

Suffers Hurt Ankle

Rebecca Nabbeleidt, 712 N. Clark St., 16, fell and injured her ankle at the intersection of Harris Street and Badger Avenue. She was taken to Appleton Memorial Hospital in Larry's West-side Ambulance.

Judge Continues Restraining Order Against Braves

MILWAUKEE (AP) — Circuit Judge Ronald Drechsler today continued a temporary restraining order that would bar the Milwaukee Braves from moving to Atlanta next season. He set Nov. 24 for a trial on the merits of the case.

Milwaukee County had gone ahead and pressed for the injunction despite the National League owners' action last Saturday ordering the Braves to play their home games in Milwaukee through 1965. The league also approved the club's transfer to Atlanta the following season.

Judge Drechsler set aside Nov. 21, 25 and 27 for the trial, which he will hear himself without a jury.

He modified an order which had barred the Braves from making any player trades, acquiring or releasing of players while the injunction was in effect. The new order permits such activity but restrains the Braves from moving any of their assets out of Milwaukee.

Space Issue For Prisoners Hit Roadblock

CONTINUED FROM PAGE 1

go through all the trouble of providing a temporary solution if we have to build again in 20 years? Why not build a new jail and get rid of the problem once and for all?"

DeLaHunt Backs Idea

Supv. Russell DeLaHunt (Kaukauna 5) said "Mr. Killian's idea is a good one." He suggested holding off on plans until more is heard about the Appleton Chamber of Commerce recommendation of making a civic center in Jones Park which would include a security building. "In the long range this would be cheaper," he said.

Esler said his committee's plans "are good for 15 years. Jails cost money. Wait until you see what Waupaca County has to pay for its new jail. If you want to spend \$1.25 million, go ahead, but you be responsible for it."

At Tuesday afternoon's session there was a disagreement about whether Spice wants additional help or not.

Supvs. Clarence Miller (Appleton 9) and Gerhard Ruhsam (Town of Horton) said the change would require additional jail help.

Guards Needed

Miller said he was told by a county law enforcement officer that four more guards would be needed for the new Huber Law section and Ruhsam, chairman of the courts and administration of justice committee, said Spice told his committee the change would require three more men.

Esler said, "We've got somebody talking out of both sides of his mouth. Spice is the one who set up this remodeling system with the state."

Supv. Arthur Hoolhan (Appleton 11), another member of the committee, said Vernon Verhulst, the state jail inspector, and Spice "went over this matter and said everything was agreeable to them."

Esler said, "That guy Spice is only going to be in office another two years. Should we let him run things or should the county board?"

Tremendous Advantage

Supv. John Schreiter (Appleton 6) said "the program has a tremendous dollars and cents advantage for the county."

"The state jail inspector has told us that our jail facilities are inadequate and if we don't do something, they will order us to do something."

"By moving the Huber Law prisoners out of the jail," solve our jail problems."

School Board Member Raps WEA Meeting

CONTINUED FROM PAGE 1

weak," Sager said. "My reasons are educational."

Appleton teachers are not required to attend the convention. The reason is that the board did not want to enforce membership in the Wisconsin Education Association as a term of employment, explained Mrs. George Munro, board president. The board does recognize the convention to the extent of leaving the two days free, she said. The days are part of the 190 contract days, but are not counted as teaching days.

Sager suggested having teachers vote on whether or not they want to attend the convention. "The AEA might prefer to forego the convention because it has no educational value rather than to teach two days of Christmas week," he said.

Individual Matter

Board member Roy Whitney objected to this. "They go to great pains to try to point out they are a professional organization," he said. "I hope they are. Some of their actions might make one doubt it. But if they are a professional organization, they should not determine by vote whether or not they should attend; this should be an individual matter."

Replying to Sager's comments on the convention, other board members said the board does not have a voice in possible changes.

95-Acre Park Site Offered To Appleton

CONTINUED FROM PAGE 1

Rasmussen said. He also said the city could use a park on the northeast side.

Without Park

There is presently a residential area covering one square mile on the northeast side which does not have park facilities. The nearest is Erb Park.

Appleton Park Board has been searching for additional park lands and asks the council every year to earmark money for purchases.

Park Commissioners have indicated in recent months they would have to go outside the city for land because there are no suitable sites available within the city.

Offer's Terms

Under terms of their offer, Mr. and Mrs. Langedyke would want an initial down payment of \$44,950 if the city accepts.

The remaining \$110,000 would be paid in five annual installments of \$22,010 each, plus interest at 2.5 per cent per annum.

The proposed park site is north of Northland Avenue and west of Ballard Road. There is frontage on Northland, but none on Ballard.

St. Therese School Band Elects Officers

Officers elected for St. Therese School Band are Daniel O'Connell, president; Thomas Pimer, vice president; Victoria Van Dinter, secretary-treasurer; Jeanne Steber was chosen librarian; Joan Kessler, progress director; Joel DeNoble, sound director, and Ann Springer, historian.

Schreiter said, "we are raising the jail capacity by 50 per cent for maximum security prisoners. The public property and insurance committee's plan would solve our jail problems."

Lowest Interest Rate Accepted At Kimberly

Illinois Bank Bids 2.9 Per Cent on \$200,000 Bond Issue

KIMBERLY — The Board of Education has accepted low interest rate of 2.90978 per cent for the sale of \$200,000 in bonds as submitted by the Continental Illinois National Bank and Trust Co., Chicago.

Ten bids were received on the sale of bonds, with high interest rate being 3.1161 per cent. The rate accepted is the lowest received by the village since 1954. The bond issue will be retired on the basis of \$30,000 for the years 1966 through 1969 and \$20,000 until retired in 1973.

The \$200,000 will be used to finance an eight-room addition to Janssen School. Construction bids for the addition to the elementary building will be opened by the board at 7 p.m. Thursday.

Take Land Option

The board authorized Ray Hamann, superintendent of schools, to take an option on seven acres of land from the Van Daalwyk Land Co. as a possible site for a future elementary school. The property is located north of Kimberly Avenue, west of Sunset Park Road and just north of the proposed shopping center.

This is the third option secured by the school district in the western edge of the village. All are being considered as a possible elementary school site, with one to be chosen.

The board approved consolidation of all insurance with three local agents in the district. Under the new plan, insurance of \$4,656,000, representing 100 per cent replacement value, will be provided at a savings of \$100 over a three-year period, compared to the old insurance coverage.

Jerry's Lanes, sponsor of the Kimberly entry in the Badger Amateur Basketball Association, was granted use of the junior high school gym at the regular rental fee for practice and league games.

Supervisors Add \$57,779 To '65 Budget

CONTINUED FROM PAGE 1

picking up dead deer on highways.

"If we don't do it ourselves, the state will do it for us," Austin said.

Indirect Cost

Kloes said, "By not taking proper action last year on this matter, the state gave our county a second conservation wardens which is indirectly costing us about \$10,000 a year."

"If the state says we need a third warden," he said, "they will send him in and it will cost us more than if we do it ourselves. The main job for the two present wardens is law enforcement, not running around picking up dead deer."

The resolution passed on a voice vote.

The \$500 increase in Outagamie County Humane Society budget raised the county's annual support from \$1,500 to \$2,000.

On the plus side of the ledger, anticipated revenues went up \$2,000 by increasing the interest of state taxes estimate from \$13,000 to \$15,000.

Christmas Store Hours Set by C of C Committee

KAUKAUNA — After a poll of city businessmen, the retail committee of the Chamber of Commerce has set up Christmas season shopping hours to go into effect the day after Thanksgiving.

Hours will be from 9 a.m. to 9 p.m. on Nov. 28 and 30 and on December evenings Monday through Friday until Dec. 23. Stores will close at 5 p.m. on Saturdays and on Christmas eve.

Retailers desiring green bunting for stores are to contact the Chamber of Commerce office after Monday. Orders for the vines will close Nov. 20 after which city crews will utilize greens for decorating streets. Heading the retail promotion program are Michael Gerharz and Thomas Malkowski.

Veto Upheld By Assembly Vote 43-38

Bill Would Have Added Six
Legislators to Recreation
Committee of Wisconsin

MADISON (AP)—A veto by "Local pressures could easily Democratic Gov. John W. Reynolds accentuate sectional interests of a bill that would have and introduce 'pork barrel' tactics revamped the State Recreation Committee by adding six legislators as members was upheld by the State Assembly Tuesday.

In his veto message, the governor said the change would have given the legislators control of the committee which administers the state's 10-year, \$50-million outdoor development program.

Local Pressures
Reynolds said that with legislator control of the program, "The governor takes the position that the Legislature should only provide the money for the program and let the committee administer it," Alfonsi said. "I do not concur."

He said the committee's policy should be changed to develop land that has been purchased, rather than buying more property.

President of Algeria Wants To Visit U. S.

Says Relatives
Must Improve to
Make Trip Useful

ALGIERS (AP) — Algerian President Ahmed Ben Bella says he would like to visit President Johnson if relations between their governments improve to the point where such a trip would be useful.

"Why not?" he said when asked in an interview if he planned to visit Washington.

"There is no animosity in our relations," he said, "but they are not what we would like them to be."

Ben Bella added that if he went to Washington, he "would like to go for a purpose." He did not elaborate.

Political System
Ben Bella said he considered Johnson's election a "good thing."

"All countries applaud it," he said. "It showed the American political system was in good health."

But he said he would like to see several American policy positions changed. He cited U.S. policy toward the Congo, Cuba and Viet Nam.

"It is bad to support Tshombe," he declared. "Under him the whole Congo becomes a Katanga. Tshombe is the worst of solutions. All Africans feel this way about him and about American support for him."

Foreign Policies
In reply to a question, he said Algeria leans toward the Soviet Union and the Socialist countries because he feels their foreign policies more nearly suit his country. Again he mentioned the Congo, Cuba and Viet Nam.

"Nevertheless we have kept our independent position," he said "not only regarding America, but regarding China and Russia as well."

He said Algeria had praised the American effort in working out the limited nuclear test-ban treaty.

"There is no systematic animosity in Algeria toward America," he insisted.

Ben Bella said Algeria would continue to support African independence movements, particularly in the Portuguese territories of Angola, Mozambique and Portuguese Guinea. He said camps in Algeria for training Angolan guerrillas will be continued.

Church Critical of Commercial Affairs

WASHINGTON (AP) — The Washington Presbytery has recommended to its 70 churches that they don't use bazaars, fairs, sales, dinners and similar events to raise money.

Commercial undertakings of this nature are "inconsistent with good stewardship," said a motion offered Tuesday by the Presbytery's stewardship committee.

Preferred fund-raising methods are tithes, Sunday offerings and annual pledges.

New Federal Law Sought on Fair Packaging

2 Republicans Hit
At Proposed Bill

WASHINGTON (AP) — A disputed majority report by the Senate Antitrust and Monopoly Subcommittee called today for new federal law to forbid unfair and deceptive packaging of food and household products.

It pictured the housewife doing her shopping and being confused in many instances by unfair packaging and other gimmicks, making it difficult or impossible to figure out just what she is getting for her money and pictured the business world as lacking facilities to police such practices. It said that small businesses in particular suffer as a result.

Dirksen Disagrees
Two of the subcommittee's Republican members filed separate dissenting reports denouncing the proposed legislation.

Everett M. Dirksen, R-Ill., said it would lead to higher where, for generation after generation, Democratic nomination was all it took to win.

The Goldwater landslide elected five Republicans to Congress and swept Democrats out of local office in a score of counties. Thousands of Alabamians, bristling with resentment against the party of their ancestors, cast a straight GOP ballot.

U. S. Plans No Reply to Chou's Call for Summit

WASHINGTON (AP) — State Department press officer Robert J. McCloskey said Tuesday that the United States does not intend to reply to Chinese Communist Premier Chou En-lai's call for a world summit conference on nuclear weapons.

Chou made the proposal last month when the Chinese exploded their first atomic device and promptly followed it up with direct communications to the West.

In response to questions, McCloskey said no U.S. reply has been made and "I know of no intention to do so."

U.S. officials have said they regard the Chinese Communist proposal as a smoke screen. President Johnson called on the Chinese Reds to show good faith by signing the limited nuclear test-ban treaty. They refused.

Milwaukee County Okays Acquisition Of North Shore Land

MILWAUKEE (AP) — The acquisition of 11 miles of the North Shore right of way for \$550,000 was approved Tuesday by the County Board.

The stretch reaches from near downtown to the south county line.

The former interurban line linking Chicago and Milwaukee was abandoned three years ago. The offer was authorized in an attempt to reduce required expenditures for sewers, expressway construction and airport expansion.

Several agencies have proposed that the land be reserved for possible future transportation use.

**Itch of Piles
Get Relief Now**
Millions of sufferers in the last 40 years have found a way to fast relief from itching and smarting of piles. They use a delightful cooling soothing astringent formula—Peterson's Ointment. No wonder one sufferer writes: "The itching and smarting were relieved, and I slept all night. Peterson's Ointment is marvelous." (70c & 85c; all drug-gists. Be delighted or money back.

Democrats Split

Republican Party Gets Bigger Role in South

MONTGOMERY, Ala. (AP) — After each presidential election since 1952, the Democrats in Alabama have counted the returns and twitted the Republicans. "You're eligible to have a primary now, why don't you?"

A political party must get 20 per cent of the votes in a general election before it can have a primary, at state expense, the following election year.

The Republicans have been eligible since the first Eisenhower campaign of 1952. They kept right on nominating their candidates by convention — and getting a bigger vote each election.

Difflerent Story
This year, it's a different story. It's the Democrats who had to call in the mathematicians to see if they can hold a primary in the 1966 elections.

Sen. Barry Goldwater carried Alabama on Nov. 3. The Democratic members filed separate reports denouncing the vote.

Thus have the mighty fallen from public favor in a state where, for generation after generation, Democratic nomination was all it took to win.

The Goldwater landslide elected five Republicans to Congress and swept Democrats out of local office in a score of counties. Thousands of Alabamians, bristling with resentment against the party of their ancestors, cast a straight GOP ballot.

Most Bolivian Aid Suspended

WASHINGTON (AP) — The United States has suspended a large portion of its aid to Bolivia in the wake of the military's overthrow last week of the South American nation's government.

State Department press officer Robert J. McCloskey, who announced the aid suspension pending a clarification of Bolivia's internal situation, said Tuesday that the department is studying recognition of the new regime.

McCloskey said some U.S. assistance will continue, including aid provided under the Food for Peace program and for health and education.

Senator Charges Secrecy in Construction of House Offices

Reiterates Call for Fuller Public
Disclosure of Government Activities

WASHINGTON (AP) — Sen. Clifford P. Case said today the new House Office Building now nearing completion is a monument to the peculiar way Congress handles its internal affairs.

The New Jersey Republican said the secrecy which has shrouded facts and figures for construction of the building has thwarted even members of Congress from finding out more about the project.

He again called for fuller public disclosure of governmental activities and expressed hope the new Congress will adopt legislation to require members to disclose their financial interests.

"The principle of public disclosure is central to the effective workings of our political system," Case said in a letter to constituents.

Case said the new House Office Building — named in honor of the late Speaker Sam Rayburn — began in 1955 with a \$2 million appropriation and is expected to cost more than \$95 million when the final figures are in.

Project Reviewed
The General Accounting Office, he said, began a review of the project only after a reluctant House leadership was unable to prevent a roll call vote on the question.

Case noted that this is a new role for the accounting office which, as a creation of Congress, acts as financial watchdog over the executive branch.

Its review, Case said, is recognition of the legitimate demand for fuller public information about congressional activities.

Case and other senators introduced public disclosure bills in the past several Congresses but none of them passed.

Case said, however, that they were discussed seriously in the Senate this year for the first time. "I hope that in the next Congress legislation can at last be enacted," he added.

Bailey Re-Elected Head of State's Independent Colleges

MILWAUKEE (AP) — Roland Bailey, president of Northland College, has been re-elected president of the Wisconsin Association of Independent Colleges and Universities.

Sister M. Noma, president of Madison's Edgewood College of the Sacred Heart, was elected vice president of the 17-member association at the group's fall meeting Tuesday.

Dean William Welti of Lakeland College at Plymouth is completing the last year of a two-year term as secretary-treasurer.

Other members of the association are Alverno, Beloit, Cardinal, Carroll, Dominican, Holy Family, Lawrence, Marian, Mount Mary, Mount St. Norbert, Viterbo and Marquette University.

State Files Suit Against Head of Defunct Dairy

WAUSAU (AP) — The State Department of Agriculture has gone to court to obtain a \$100,000 judgment against Herbert Gripenotrog Jr., head of the defunct Owen Dairy Co., Inc., His wife, Susan, also was named in the complaint.

Gripenotrog and his wife were the signatories of a surety bond for \$100,000 which was to protect farmers who sold milk to the Clark County firm.

The suit was filed Tuesday in Circuit Court by the attorney general's office. The Agriculture Department said it has tried to collect \$288,502 from the Owen Dairy and \$100,000 from the Gripenotrogs without success.

The plant closed in April with more than \$300,000 due farmers for milk they had shipped to the firm.

Gripenotrog is free on \$2,000 bond on charges that he made time. "I hope that in the next Congress legislation can at last be enacted," he added.

Regents Approve All Signs Point
Funds for State To Confusion
Summer Sessions

PHOENIX, Ariz. (AP) — There are signs of confusion around the Maricopa County the names after the election.

MADISON (AP) — State College regents approved a \$1.7 million allocation Tuesday to finance 1965 summer sessions at the nine state universities.

Oshkosh, the largest of the schools, received \$270,000 for the 1965 summer session, while Whitewater was allocated \$268,000.

The regents also received a new projection on the enrollment expected at the universities by 1968.

The projection, based on 1964 enrollments, said 56,481 students would be attending the institutions in 1968, more than 10,000 over the old figure.

"The old total was figured before the avalanche of students hit us this fall," said Eugene R. McPhee, director of the Wisconsin state universities.

"We hope this new figure will be used to justify our building program in the upcoming biennium," McPhee said.

The regents approved a graduate program of nursing at Eau Claire State University, effective in the fall semester of 1965.

The board also gave McPhee authority to allocate new teaching positions, which will be financed by increased student fee income in September, 1965.

The summer session appropriations in addition to Oshkosh and Whitewater were: Eau Claire \$192,000; La Crosse \$187,000; Stevens Point \$187,000; Superior \$177,000; River Falls \$151,000; Platteville \$142,000, and Stout \$124,000.

Courthouse now that the election is over.

Assistant County Manager Fred Dalzell recently told a signmaker he needed a sign for each member of the Board of Confusion Supervisors and would give him the names after the election.

"We'll need three signs, however," Dalzell told the signmaker, "each with the name of the elected official on it."

The signs showed up Monday.

Each read: "Name of Elected Official."

Wednesday, Nov. 11, 1964 Appleton Post-Crescent B10

Antigo Doctor Heads Medical Conference

MADISON (AP) — The new president of the North Central Wisconsin Medical Conference, composed of six state medical societies, is Dr. W.P. Curran of Antigo.

Dr. Curran, who now heads the State Medical Society of Wisconsin, will assume his new duties next year.

Your Money's Worth

Plan for Draft Rejects Is An Immense Problem

BY SYLVIA PORTER

The pioneering 'selective started much too hastily — even Service Rehabilitant Program' before Congress had voted funds — launched nine months ago to for any of the new job training and educational programs. As one spokesman admitted, 'We have virtually nothing to offer these young men beyond a sympathetic ear.'

Porter

So now what? The Rehabilitant Program is to be turned upside down in an effort to make it work. Instead of waiting for draft rejectees to turn up at employment offices, job-counseling teams are being moved directly into Selective Service recruiting headquarters. New Youth Opportunity Centers are to be opened by the Labor Dept.'s Bureau of Employment Security to serve as a focal point for all school dropout who can't get a job and who can't even get into the Army.

Individual Counseling Since Feb. 17 the Selective Service System has sent special letters to 231,170 draft rejectees, summer to work in this program. The counselors will give them State Employment preference to young men who are out of school and out of work and each youngster will receive individual intensive counseling to guide him to an appropriate plan of education, training or individual assistance.

Poor Record Of the 231,170 only 41,472 counseling to guide him to an appropriate plan of education, training or individual assistance. Of these 41,472 only 12,689 have been referred to jobs, so he can get and hold a job. Of these 12,689 only 6,486 have been hired. A dismal picture of the center, the counselors will go out and recruit them many of this 3 per cent for only on street corners, in settlement houses, or wherever they are.

The results fall drastically. The centers will work with all short of the U.S. Labor Dept.'s existing community agencies hope. They also underscore the for underprivileged young men, lowering difficulties we face in will make extensive use of voluntary what has been called under. They will help coordinate most formidable manpower and accelerate the wide er problem in this decade. variety of training and education finding jobs for the swelling program now being opened ranks of unemployed scheduled to young men under 21.

What the Rehabilitant Program Educational Act the Education Act has come up against are none Opportunity Act. The appalling fact July 7. The draft rejectees represent per cent of the rejectees who a gold mine of unemployment have showed up for help have problem. Louis F. Buckley, Jr. has been unemployed or underemployed New York for 10 years. Admin. has played 80 per cent have been for of the Employment Security high school dropout, one third have been remarked to me that have never been beyond elementary school and even he didn't finish school.

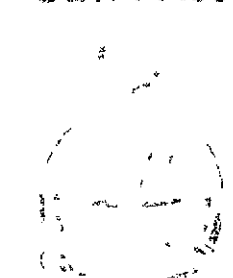

Hasty Start Now we're learning how deep. What this program has come the furnished 'moneys' and up against too has been a how tough it'll be to pull our nation of our own young men out of it. Just the about how to solve the problem laboring in this progress and a zeal to move too fast.

Anybody Can be a Gourmet Cook These Days

BY LILLIAN MACKESY

Post-Crescent Food Editor

Learning to cook nowadays is a breeze compared to even a quarter century ago. These days, even a beginner can become an expert with success a starting point instead of the ultimate achievement. The teenager, the career girl, the off-to-business or stay-at-home homemaker has a lot to be thankful for in the way of kitchen helps.

It's all because there are so many convenience foods at hand . . . a multitude of them from the long-known canned goods on market shelves to an abundant frozen food case loaded with basic foods, pre-baked, partly baked, prepared and ready-to-heat foods. Then there are the fresh foods shipped in from wherever the season's in full swing. At the turn of the century, northern families had oranges only on Christmas . . . the summer brought homemade ice cream on Sundays . . . cakes and pastries were made from scratch as were puddings, salad dressings and so many other things that make a meal just a little out of the ordinary.

The average homemaker prepares more than 1,000 meals a year for her family, says the Grocery Manufacturers of America. She can fix these meals in about one and one-half hours a day . . . yet not too long ago it took her about five and one-half hours to do the same job.

Pair Weds In Double Ring Rite

CHARLESBURG — Wedding promises were exchanged at 10 a.m. Saturday by Miss Mary Kay Hammer and Kenneth Abler. The Rev. Alfred Leohr, Hilbert, a cousin of the bride, the Rev. Francis J. Melchioris and the Rev. Elmer Stoffel, O.F.M. Cap., Mt. Calvary, officiated at the nuptial high mass at St. Charles Catholic Church.

Mr. and Mrs. Arthur Hammer, route 2, Chilton, are the bride's parents. The bridegroom is the son of Mr. and Mrs. Clemens Abler, route 1, Malone.

Mrs. Paul Mayer, Fond du Lac, a sister of the bride, was matron of honor at the double ring rite. Bridesmaids were Miss Sue Schmitz and Miss Carol Abler.

Serving as best man for his brother was Duane Abler, Mt. Calvary. Paul Abler and Francis Hammer were groomsmen. Ushering duties were shared by Joseph Wirtz and Norman Hammer.

A wedding reception was held at The Altona Supper Club, New Holstein.

Mr. and Mrs. Abler will reside at route 2, Chilton, after a honeymoon in upper Michigan. Mrs. Abler is employed at Calumet Memorial Hospital, Chilton. Her husband is with Metal Products Co., Chilton.

Mrs. Banning to Present Review

KAUKAUNA — Mrs. F. J. Banning will review the first two chapters of "The Glorious Ten Commandments" by the Rev. Daniel Lord, S. J., at 7:45 p.m. Thursday for the Catholic Woman's Study Club. The meeting will be at the home of Mrs. Edwin Thelen, 301 W. Eleventh St. The book will be the club's study project for the year.

Kaukauna. Mr. Gerend is with Diny's Service Station, Greenleaf. The couple will live in Wrightstown.

Gary Gossens Climbs through a maze to enter a dance sponsored by the Young Christian Students group at Holy Name Catholic Church, Kimberly Saturday. Helping him through the last part of the maze is Miss Vickie Frassetto. Ken Fries and Kathy Vander Hyden cheer from the sidelines. The group used the theme 'A-mazing' for the dance.

Teen Dance 'A-mazing' Student Party

KIMBERLY — The Young Christian Students group at Holy Name Catholic Church, Kimberly, sponsored a teen dance Saturday using the theme 'A-mazing'.

Dance committee members were Miss Karen Lamers, Miss Karen Couillard, Miss Vickie Frassetto and Miss Marian Ruys.

The student group is comprised of four units, one of 12 boys, one of 12 girls and two mixed groups. Membership is open to students from 10th through 12th grades. They meet weekly at one of the student's homes to discuss teen problems and activities. The groups work separately on different projects.

Members attempt to promote school spirit, common sense in dating, and the role of students in relation to school activities.

An annual breakfast meeting is held with a guest speaker addressing the group on major problems of society and the student role in solving such problems.

dents to Luxembourg and thousands of visitors each year.

Teen-Age Contestants Act, Sing

BY PEGGY SIMPSON

DALLAS, Tex. (AP) — Teen-agers showed off legs, hillbilly accents — and poems inspired by the late President John F. Kennedy at the Miss Teen-Age America talent judging Monday night.

The next time 10 of the 52 contestants perform, it will be as pageant semifinalists before a national audience watching CBS' hour-and-a-half telecast Friday night.

The girls rolled out of bed today for a 7 a.m. breakfast, the final poise and appearance interviews, and an afternoon "turtie derby", judged by Yankee slugger Mickey Mantle.

The talent tryout was a leggy affair. Nearly half the candidates wore figure-hugging leotards in their acts, from a rock 'n' roll ballet by Jeanne Christopher of St. Louis, Mo., to Charlette Ann Sims' heavily applauded acrobatic ballet. Miss Sims is from Minneapolis, Minn.

There were torchy and jazzy dancers but two of the standouts stuck to traditional fare: a lightfooted tap dance by Andrea Lynn Ayers of Greenville, S.C., and a beautifully done classical ballet by Debra Diethelm of Toledo, Ohio, who had troubles with her recorded accompaniment.

Dance Form Talents

There were some of the more publicized dances, too. The wildest was a shuffling version of the Frug, Watusi, Twist and Swim, with a little bit of wiggle wobble thrown in, by blonde Sue Elizabeth Bachelor of Chicago.

Lorra Martha Rose of Cleveland, Ohio, played on the piano what she called a typical assortment of teen tastes: from the Beatles' "Yeah Yeah" to numbers by Lerner and Lowe, Ger-shwin, Chopin and Grieg — all in two minutes flat.

Then there were the original poems, several showing the girls' deep feeling for President Kennedy.

Mary Ellen Hospers of Rochester, N.Y., ended a rhymed monologue on choosing vocations by pointing to a picture of Kennedy and saying she was taking his advice and entering politics.

Ellen Douglas Rein, Washington, D.C., said one of her original poems was accepted by the Kennedy Library in Boston but was too long to read. She recited another, "A Feeling," about emotions concerning her country.

American Legion Marks Veterans Day

Guests of Honor gathered to discuss the Veterans' Day program at the American Legion Club Saturday evening. Above are Post Commander Robert Beltrone; James Martineau, Oconto, speaker; Arthur Lecker, a guest, and Jack Breuer, dinner chairman. At right, enjoying the social aspect of the evening at the 5:30 p.m. cocktail hour, are new members Mr. and Mrs. Jack Fairchild and Mr. and Mrs. Percy Sharp.

The American Legion met for serious and social purposes Saturday evening at the clubhouse. The occasion was the observance of Veterans' Day, officially celebrated today. Speaker at the program, held to honor the memory of all who served their country honorably during the World Wars and Korean Conflict, was James Martineau, Oconto, an attorney and past Department Commander.

Special guests at the program were Mrs. Stanley Staidl, Central Division National Department vice president of the Women's Auxiliary; Mrs. Edward Arndt Jr., vice president of the Wisconsin Department Auxiliary; Martin Jensen, ninth District Commander; Mayor Mr. and Mrs. Clarence Mitchell and Town of Grand Chute Chairman and Mrs. Arthur Lecker.

Harold Weiland served as master of ceremonies and Jack Breuer as general chairman.

Long-Time Members of the American Legion took a few minutes out to talk about old times at the Veterans Day dinner and program Saturday. They are Mr. and Mrs. Edward Arndt, and Mr. and Mrs.

Harvey E. Ganzer. The evening included a cocktail hour, dinner, program and dance.

Oscar Luebkes To Mark 50th Anniversary

NEENAH — Mr. and Mrs. Luebke's 50th anniversary with an Open House from 2 to 5 p.m. Sunday at Nehring, Town of Menasha, and Trinity Lutheran Church. The couple was married Nov. 24, 1914, in Clayton. Before his retirement, Mr. Luebke was grandchildren and six great-grandchildren.

"Wisconsin's Freshest and Finest"

...At Your Grocers

Afternoon and Evening Homemaker Club members at Kaukauna prepare for the Homemaker Fair to be held from 10 a.m. to 4 p.m. Saturday at the Vocational School. Working on items are Mrs. Louis Borree, Mrs.

DuWayne Gilchrist, Mrs. Jerome Van Dinter, Mrs. Harold W. Feller, Mrs. James DeGoey and Mrs. William Mittelstaedt. (Post-Crescent Photo)

Kaukauna Homemakers Schedule Fair

KAUKAUNA — Members of the Afternoon and Evening Homemaker Clubs will sponsor a Homemaker Fair from 10 a.m. to 4 p.m. Saturday at the Vocational and Adult School. Proceeds will be used to purchase items for the city loan closet.

On sale will be baked goods of all types, home made candies and canned goods, hand made aprons, pillow slips, knit bedroom slippers, children's aprons, jumpers, knit caps and

mitten, baby booties, Barbie doll clothes, white elephant articles and other items.

Mrs. Harold Feller is chairman for the Evening Club committee and Mrs. Jerome Van Dinter for the Afternoon unit. Others on the committee are Mrs. Louis Borree, Mrs. William Roerig, Mrs. J. J. Martens, Mrs. Robert Rahn, Mrs. Carl DeBruin, Miss Idabel Glenzer, Mrs. Robert Vanevenhoven and Mrs. James DeGoey. Publicity is being handled by Mrs. Martin Janssen.

The Ailing House Aluminum Paint Is Barrier

BY ROGER C. WHITMAN

Q: If I apply aluminum paint to plasterboard partitioning, will this serve as a vapor barrier? We are considering paneling off the laundry corner in our basement.

A: Two coats of aluminum paint is generally considered a very satisfactory vapor barrier.

Q: We have a small cabin in the woods which we plan to use occasionally during cold winter weekends. Heat will be supplied by a wood-burning stove, also used for cooking. I have been told creosote forms in the chimney from wood burning. Could you supply any information about this and any precautions to observe?

A: Wood contains much volatile material which is vaporized and carried off as smoke when wood is burned. With a good draft, this should be carried off to the outside. Within the chimney, if these vapors become cooled enough to contact with the masonry to condense, a creosote-like liquid is formed on the sides of the flue. This is generally the case when a small fire is connected to a large flue. With low heat, the movement within the flue will be so slow that the gases chill and condense before they reach the top. If there are any cracks in the masonry, this liquid may work through to the outside of the chimney, or collect in drops and run down through to the floor. Building a larger fire, to heat the chimney thoroughly often eliminates this.

The only way to get rid of creosote is to rebuild the upper part of the chimney, which is where the liquid usually collects. Rebuilding should include a fire-clay or stainless steel flue lining.

A Wreath Presentation brought laughter to Mrs. Charles J. Poshkash Sr., Milwaukee, Grand Counselor of the Grand UCT Auxiliary of Wisconsin, at the Booster Dinner Saturday evening at the Masonic Temple. Shown with Mrs. Poshkash are Mrs. Paul Sticks, Appleton senior counselor; Karel Richmond, dinner chairman; Harry Kesler, Marshfield, Department Grand Counselor, and James Hauert, Senior Counselor of Appleton Council 155. (Post-Crescent Photo)

Booster Event Sponsored by U. C. T. Groups

The United Commercial Travelers heard Harry Kesler, Marshfield, past grand counselor, speak at their annual Booster Dinner and dance Saturday evening at VFW Hall. Guests attended the program from Milwaukee, Fond du Lac, Wausau, Wisconsin Rapids, Manitowish, Oshkosh and Superior. Afternoon meetings were scheduled at 2 p.m. at the Masonic Temple by both the UCT and Auxiliary. New members were initiated and committee reports read. Mrs. Charles Poshkash Sr., Milwaukee, Grand Counselor of the Grand Auxiliary of Wisconsin, spoke of the work of the Auxiliary. Planning the dessert-coffee after the business meeting were Mrs. Karel Richmond, chairman, and her committee. Mr. Kesler was chairman of the 6:30 p.m. dinner, assisted by Lawrence Ostertag, chairman.

TREASURE ISLAND FOOD DEPARTMENT

SAVINGS A-LA-CART

When you order food in a restaurant, you have your choice of the "blue-plate special" or "service a-la-cart". With the blue-plate special you often get extra vegetables, coffee, dessert, and even a selection of food you may not care for. When you order a-la-cart, you pay for exactly what you order—you don't have to pay for the "extras" if you don't want them. Shopping in some supermarkets is like ordering the "blue-plate special"—oftentimes you are given trading stamps, premiums, coupon specials, double stamps, and other costly gimmicks that add to the total cost of your weekly food bill. At the Treasure Island food departments, you can shop a-la-cart. You pick and choose each and every item, knowing that each is priced

low every day in the week. At Treasure Island you don't have to wait for special "sale days", "double stamp days", or "coupon offers". At Treasure Island, every dollar you spend goes for food; not costly stamps and premiums. Compare a normal week's grocery order at Treasure Island with what you have been paying elsewhere and you will prove to yourself that the average family can save as much as \$200.00 a year. Our customers will always get the benefit of savings achieved by volume selling, fast turnover, and efficient handling. Shouldn't you be shopping and saving at the bargain loving Treasure Island Food Department?

YOU ALWAYS GET MORE THAN YOU BARGAINED FOR
OPEN DAILY FROM 10:00 A.M. TO 10:00 P.M.

Sheinwold Too Much Caution Costs Slam

South was clever enough to look very carefully at his partner as the rubber began. This made it unnecessary for him to look up at North after the play of today's hand. After all, South knew exactly what his partner looked like.

South dealer North-South vulnerable

Opening lead — ♠ 10

South ruffed the opening club lead, cautiously drew three rounds of trumps (a fellow can't be too careful these days, you know) and led out two top cards. When West discarded, declarer turned a stricken face East. A pleased smile from that direction confirmed the ad news.

South avoided looking up as he ruffed his hand. "Down one," he conceded. "Man is the only animal that laughs." North remarked grimly. "He is the only animal that has a bridge partner."

Of course, you've seen why South was afraid to look his partner in the eye and why North made grim remarks. South played the hand so carefully that he lost his slam.

Too Many Trumps

After South ruffed the opening lead it was all right to draw a few rounds of trumps with the ace and queen. The third round of trumps, however, was too much of a good thing. South should leave the king of

The Magnificence of His Work and the scope of his talent were topics of conversation at Worcester Art Center Sunday as Lawrence University students and art lovers attended the exhibit of Robert von Neumann, Milwaukee. People from throughout the Valley came to view the water colors, oils and lithographs of the artist, and to meet him personally at a 3 to 5 p.m. reception. Below, the artist visits with Martha Burke, Rochester, Minn.; Bill Bruhm, Neenah, and Susan Frinah, Beaver Dam. At right, Mrs. von Neumann discusses her husband's work with Kathie Neumann, Paris, France; Mike Ward, Lincoln, Neb., and Ingrid Tucholhe, Milwaukee. (Post-Crescent Photos)

Your Problems

Divorce Not Recommended by Ann to Solve Family Problems

BY ANN LANDERS

DEAR ANN LANDERS: I hear you are against divorces, but I wish my folks would get one.

My father had to go to Europe on business for six weeks. When he was gone my mother was like a different person. She stopped smoking and was as sweet as pie. My sister and brother got along together for the first time. There were no arguments in the house, no yelling, no slamming of doors. The peace and quiet was just heaven.

Three days ago my father

came home. Now everyone is behaving horribly again. I don't understand how a nice woman like my mother could have married such a mean-tempered man.

Please change your mind about divorce. In our family it would be the best thing for everybody. —A 13-Year-Old Woman

DEAR ANN LANDERS: I am a man 65 years of age. Three years ago I married a woman 10 years my junior.

I married Agnes for companionship, not to buy her plane tickets to go visit her children and their families. In the last two years she has been away 60 per cent of the time. We have a housekeeper so my help with your problems. meals are prepared and laundry is done, but I don't like newspaper, enclosing a stamped, self-addressed envelope.

For the last five weeks Agnes

work that way. Most divorced people go on to do worse—not better. There are exceptions, of course, and I know of a few. But the vast majority of second, third and fourth marriages prove to be no better than the first.

DEAR ANN LANDERS: I am a man 65 years of age. Three years ago I married a woman 10 years my junior.

I married Agnes for companionship, not to buy her plane tickets to go visit her children and their families. In the last two years she has been away 60 per cent of the time. We have a housekeeper so my help with your problems. meals are prepared and laundry is done, but I don't like newspaper, enclosing a stamped, self-addressed envelope.

For the last five weeks Agnes

has been visiting her son and his family. She telephoned last night and asked for more money so she can stay an additional two weeks. An hour later her son's wife called and begged me not to send more money but to insist that she come home because they are sick of her. What shall I do?—Stymied

Dear Stymied: This is no message for you to deliver. Dad. Your son-in-law should tell his mother it's time she went home and attended to her wifely responsibilities. In the meantime, have a nice little heart-to-heart with Agnes and find out why she has such an itchy foot.

Lonely? Uncomfortable? Just not able to make friends? Write for Ann Lander's new booklet, "The Key to Popularity," enclosing 35 cents in coin and a long, self-addressed, stamped, envelope.

We Ann Landers will be glad to help you with your problems. Send them to her in care of this newspaper, enclosing a stamped, self-addressed envelope.

(Copyright, 1964)

spades in dummy and begin the hearts with the ace from his hand and a low heart through West, the opponent who still has a trump.

If West ruffs, dummy plays the low heart. Declarer can later take the king of hearts and ruff a heart. His last heart will then be good.

If West discards on the second heart, declarer takes dummy's king and gives a heart to East. South can then ruff a fourth round of hearts, return to his hand, and finally draw West's last trump.

It is quite safe to leave a trump out if both opponents follow to two rounds of hearts; declarer can then draw a third

trump and give up one heart. It is imperative to leave one trump in dummy if the hearts break badly; only a ruff can then save you from losing two heart tricks.

Daily Question

Dealer bids one club, partner passes. You hold: S 10 8 4 H Q D Q 10 8 6 C 10 9 8 7 2. What do you say?

Answer: Bid one diamond. You should not be tempted to pass the double for penalties because your clubs are not nearly strong enough. You can afford to pass a takeout double only if you are strong enough to draw declarer's trumps comfortably.

(Copyright, 1964)

Remove Wrinkles From Velvet Fabrics With Steam

How do you press a velvet dress?

Steam takes wrinkles out of velvet and the best way to steam a whole dress is to hang it in the bathroom while the shower is in use.

Hang the dress up, carefully shaping the shoulders over a well padded and shaped hanger. Keep the dress away from moist heat but in or near steam. If steam pressing is needed, do it with the pile face down on a terry towel and lightly lift and lower the iron on the back only of the fabric.

War Hero Has Chores To Perform Before He Celebrates Vets' Day

SYLVANIA, Ga. (AP) — A Medal of Honor winner credited with killing 52 Japanese soldiers had some farm chores to perform today before he could celebrate Veterans Day.

John Randolph McKinney, 43, said he hoped to finish a corn gathering job and take off for the woods deer hunting.

McKinney, one of Georgia's six Medal of Honor winners, shuns parades and ceremonies. More than 19 years have passed since President Harry S. Truman presented the Medal of

honor to McKinney. When the Georgian came home he was invited to many military functions but he shunned most of them. He said he wanted to forget the war. He fought in the Philippines and in New Guinea.

Farm Hand
The Georgian works 9 to 15 hours daily as a farm hand on a 400-acre tract his cousin, J. W. McKinney, operates on a share-cropping system.

He has never married. He said a wife would have to hunt and fish with him and, I have

Clear Weather Expected to End Mudslides Peril

LOS ANGELES (AP) — Clearing weather was forecast today after two days of rain which sent mudslides surging down hillsides.

One mudslide sluiced down Sunset Canyon below the Verdugo Hills section of Burbank, a Los Angeles suburb, destroying one home and flooding several homes with up to three feet of mud.

Aimee Miller, 47, was trapped Monday in the surging mud which crumbled her home. She was carried three-quarters of a mile — along with cars, furniture and household debris — into a catch basin and buried in 20 feet of mud.

Her body was recovered by workmen Tuesday and identified by singer Frank Sinatra, for whom her husband, William Miller, often provided piano accompaniment.

The rain was welcome in most of drought-plagued Southern California, but it fell with devastating effect on fire-denuded hillsides.

On his return home, Sylvania citizens presented him with \$1,600 as an appreciation gift. He spent the money for a farm truck.

Congress recently approved a \$100 per month allowance for McKinney. The Georgia farm hand says he can use the money

FBI Nabs Man Being Sought by Appleton Police

An Arkansas musician being sought by Appleton authorities on a fugitive warrant was arrested near Portsmouth, R.I., Tuesday by agents of the Federal Bureau of Investigation (FBI).

Agents said Billy Dewayne Willis, Benton, Ark., was carrying a loaded .45 caliber automatic and a box of cartridges on the seat of his car. He offered no resistance to the agents who had trailed him there from Massachusetts.

Outagamie County Dist. Atty. Nick F. Schaefer said Willis was being sought for the theft of a \$450 guitar taken from an Appleton music store in June. A fugi-

Manager of Bank Branch Indicted

MILWAUKEE (AP) — Frank G. Hinesh, 62, former manager of the Mishicot branch of the Two Rivers Savings Bank, was indicted Tuesday by a federal grand jury on embezzlement charges.

Hinesh, who had managed the branch for 39 years, was named in a five-count indictment charging him with embezzling \$7,550 from June 6 to Aug. 14, 1963.

He also was accused of making false entries in bank books.

A five-count indictment was issued by Schaefer on July 3 charging him with unlawful flight to avoid prosecution. Willis also is known as William DeMay.

'Firebugs' Wins Reviewer's Praise

Swiss Dramatist's Allegory Is Brilliantly Staged by Cloak

BY JAMES AUER
Post-Crescent Staff Writer

The Experimental Theatre of Lawrence University's Music-Drama Center went up in a literal and figurative blast of theatrical pyrotechnics Tuesday night as Director F. Theodor Cloak lit the fuse to his production of Max Frisch's highly combustible comedy, "Biedermann and the Firebugs."

Staged at a crackling pace, and warmly applauded by a slightly singed audience, "Biedermann" sets a torch to bourgeois self-delusion, and in the process turns to ashes the pretensions of academic and proletarian activists as well.

Simply stated, "Biedermann" is a wildly amusing allegorical farce, with overtones of Theater of the Absurd, having to do with the successful infiltration of a pair of ingratiating firebugs — one a wrestler, the other a waiter — into the home of a well-to-do manufacturer.

Theatrical Experience As conceived by Cloak, with a substantial assist from set designer John Davis, lighting technician Joseph Hopfensperger and costumer Anne Glasner, the show is a total theatrical experience, calling upon all the resources of the three-sided arena theater — and upon the audience's imagination as well.

While the firebugs are relentlessly insinuating their way into the Biedermann household by means of cajolery, flattery and transparent appeals to the pompous businessman's middle-class conscience, a chorus of furmen — aptly garbed in the workday uniforms of the Appleton, Neenah and Grand Chute fire departments — comments dourly on the relentless spread of the plague of arson.

"He who dreads action more than disaster, how can he fight when disaster impends?" intone the firemen. And the spectator thinks of pre-war Austria, Czechoslovakia, Poland and even the author's native Switzerland, under the gun of Nazi diplomacy and brutalitarian singleness of purpose.

"You can't go around thinking everyone else is an arsonist — you've got to have some trust in people," responds Biedermann, continuing to do "business as usual" as he befriends the firebugs, but only succeeds in feeding their ambition with his bread and wine.

Fine Performance P. K. Allen, last year's "Macbeth," exchanged his armor for the soiled T-shirt of the loutish, calculating waiter, and comes up with a richly comic portrayal. Gordon Lutz is suitably sinister as the arson-prone waiter, and Philip Shallat is persuasive as their academic lackey, the PhD who backs the firebugs' schemes until he discovers, to his revulsion, that they are setting fire to homes "for the pure joy of it."

Jon LaFarge turns in one of the better performances of his career as the self-deluded and fearful Biedermann, who "dreads action more than disaster."

Annual Book Fair Now In Progress at Freedom St. Nicholas School

FREEDOM—The annual book fair at St. Nicholas Catholic School opened Monday and will end Friday.

It is directed by Sister M. Alaquea, school librarian, and Sister M. Jolliffe, assistant.

Theme this year is "Swing In to Books." Purpose is to raise funds for the purchase of books for the school library. A variety of adult and children's books are displayed.

Assisting with the sale are Mrs. Terrence Farrell, Mrs. Art Hooyman, Mrs. Joseph Murphy, Mrs. Lawrence Priesteen, Mrs. Eugene Smith, Mrs. Bernard Trembl and Mrs. Joseph Van Camp.

Parents will get a chance to view the books at the Home-School meeting Thursday evening.

The Rev. Robert Carson, teacher at Abbott Pennington High School, De Pere, will speak.

Seymour Man, Neenah Couple Hurt in Crash

Three persons were injured when cars driven by Steve Werner, 22, route 3, Seymour, and Carl Enger, 69, 839 Congress St., Neenah, collided at 4:25 p.m. Tuesday at the intersection of State 125 and U.S. 41.

Werner suffered lacerations of the chin and possible shoulder injuries. Mr. and Mrs. Enger both received facial lacerations and back injuries.

All three were taken to Appleton Memorial Hospital in Larry's Westside Ambulance.

Assembly Clerk Priebe Boomed For Senate Job

Post-Crescent Madison Bureau

MADISON — Faced with the prospect of losing his office as assembly chief clerk when the Democrats take over the control of that legislative house in January, Kenneth Priebe of Appleton is being boomed as a candidate for sergeant-at-arms in the Republican-controlled state senate.

Priebe

Whether he will be chosen to succeed elderly Harold Damon of Wausau as head of the service staff of the upper house probably won't be known until January, when the new senate is organized and the Republicans hold their organization caucus.

Priebe is a former Republican assemblyman from Appleton, defeated in the 1962 primary for renomination by Harold Froehlich, who now represents the Appleton district.

We Are His Hobby

Young Admirer in Chippewa Falls Of Outagamie County, Appleton

Outagamie County and the City of Appleton have a young admirer who lives in Chippewa Falls.

A letter came to Outagamie County Clerk Mollie Pfeffer Tuesday from William Nee, Box 340, Chippewa Falls, who said his hobby is "studying Outagamie County and the City of Appleton."

The letter was half printed and half written and appeared to come from a boy of about 10 years old. However, William didn't give his age in the letter.

His Hobby

He asked the county clerk for a copy of the county map. His letter to Miss Pfeffer went like this:

"Dear Sir:
"I am trying to learn all about Outagamie County. I am studying Outagamie County

and I am trying to get all the information about Outagamie County. This is my hobby, studying Outagamie County and the City of Appleton.

"if (sic) you have any other information on hand that I can use and keep would you be kind enough to send it along with the Outagamie map. Thank you very much.

From William Nee
"P.S. here's a story for you. "Outagamie is one of Wisconsin's finest county in the state of Wisconsin.

"Outagamie County is a leader in Wisconsin business, industries, and the tourist business.

"Many people from outstate (sic) come to Appleton and Outagamie to enjoy themselves.

"Outagamie county has:
"1. wonderful fishing
"2. very fine camping

"3. a wonderful baseball team

"4. outstanding good places, to shop in

"5. The people in Appleton and Outagamie County are trustworthy, helpful, kind, friendly, courteous to the people who visit the county and the city of Appleton.

The End
Whoever William or his parents made contact with when they visited Outagamie County and Appleton must have made quite an impression on them.

William made quite an impression on Miss Pfeffer. In addition to the map he requested, she sent him a county directory.

"He sounds like such a nice boy," Miss Pfeffer said, "that I wish I had something else to send him."

'Improbable' Rally Scheduled Sunday By Valley Car Club

Fox Valley Sports Car Club will sponsor an "improbable" rally starting at 2:15 p.m. Sunday.

Club officials said the event is patterned after the Sports Car Club of America's "Impossible" rally, but is not as difficult.

The rally, involving following a predetermined course, will begin and end at May-Nor Bar on a flashlight.

Reception for Bruton

HORTONVILLE — Mr. and Mrs. George Garriott recently attended a reception at Detroit honoring former Milwaukee Brave baseball star Billy Bruton.

County Trunk OO between Appleton and Little Chute.

Among the equipment the club recommends participants have are "your imagination, normal rally equipment including compass, nerve pills, Very pistol in case of distress or disaster and gin and end at May-Nor Bar on a flashlight."

Modern Recipes for Gourmet Cooks

CONTINUED FROM PAGE 1

For the doubting Thomasina who says "new-fangled" foods aren't being accepted, here are a few facts. Americans today are eating more than \$650 million worth of frozen prepared dishes every year. And this is only one tiny part of the convenience food picture.

Cake and other prepared mixes have tripled in sales since World War II. Frozen juice concentrates have become an accepted part of the refrigerator scene and, believe it or not, one out of every four cups of coffee is made from the instant kind.

Ten years ago, or a little longer, only 11 per cent of the potatoes consumed in the United States were the processed type. Today, that figure has jumped to 35 per cent.

Now, take it easy, those of you who still prefer recipes from "scratch." Think a moment. . . better yet, take a look at your own cupboard shelves. Are your spices powdered or do you grind and blend your own? Do you churn your own butter? . . . make your own ice cream? . . . grow, pick and preserve your own fruits and vegetables? Or help with the making of apple butter and the 'boil down' of sugar from the maple groves in order to have sugar at all?

It's all a matter of viewpoint at its own particular time in history. The modern woman has a wealth of foods at her fingertips. . . she can and frequently does serve appetizing and nutritious meals in a quarter of the time it took her mother or grandmother.

It's a time when one might say that if you can read you can cook. Add to this basic statement a few recipes with an

Coffee Mallow

exotic taste or foreign flair and it becomes true that anyone can become a gourmet cook. Here are some easy recipes to prove it.

CRANBERRY STUFFED ROCK LOBSTER

- 8 South African rock lobster tails (about 4 ounces each)
- Salt, pepper, lemon juice
- 4 strips bacon, diced
- 2 tablespoons chopped onion
- 2 tablespoons chopped celery
- 2 cups small cubes white bread
- 1 cup fresh cranberries, halved
- 1 teaspoon grated lemon rind
- 2 tablespoons chopped parsley
- 1 teaspoon salt
- 1 cup tomato juice

Split lobster tails lengthwise while still frozen. Use sharp knife, cutting through the outer shell; do not cut all the way through but leave the under membrane intact. Spread open; place in shallow baking pan. Sprinkle cut surfaces with salt, pepper and lemon juice. Fry bacon until crisp; remove from frypan and add chopped onion and celery to bacon fat and saute until tender. Add bread cubes; saute until golden brown. Add cranberries, lemon rind, parsley and salt. Mix well. Cover lobster tails with cranberry mixture. Spoon tomato juice over stuffing; sprinkle with grated cheese. Bake in preheated 350-degree oven for 20 to 25

minutes, or until lobster is done and tops lightly browned.

DUTCH HERRING SALAD

- 2 jars Iceland herring tidbits, diced (reserve liquid)
- 2 cups diced unpeeled red apples
- 1 1/2 cups chopped, peeled onions
- 1 1/2 cups sliced cooked potatoes
- 1 1/2 cups diced canned beets
- 2 tablespoons capers, drained
- 1/2 cup mayonnaise
- 1/2 cup dairy sour cream
- 2 tablespoons sauce from herring

Combine all ingredients in large bowl, mixing them together thoroughly. Chill. Serve on crisp green salad greens. Recipe makes eight generous servings.

BAKED EGGS ESPANOL

- 1 medium onion, minced
- 2 tablespoons butter
- 1 can cream of tomato soup, undiluted
- 1/2 cup beer or ale
- 1/2 teaspoon salt
- 1/4 teaspoon Tabasco

6 to 8 eggs

1/4 cup grated Swiss cheese

1/4 cup grated Parmesan cheese

Saute onion in butter. Add undiluted tomato soup, beer, salt and Tabasco. Pour about a half-inch soup mixture into shallow, one-quart baking dish. Crack eggs and carefully drop into soup mixture in dish. Sprinkle small amount of Swiss cheese and Parmesan cheese over eggs. Add another layer of soup, sprinkles of mixed cheese. Repeat until all used. Bake in 350-degree oven for about 20 to 25 minutes. Serve on toast. Recipe makes three to four servings.

FILIPINO SHRIMP CURRY

- 1/2 cup chopped onion
- 1/4 cup butter, melted
- 1/4 cup flour
- 1 teaspoon salt
- Dash pepper
- 1 1/4 cups chicken broth or bouillon
- 1 1/2 teaspoons curry powder
- 1/2 cup applesauce
- 1/4 pound cooked shrimp
- 3 cups cooked saffron rice (optional)
- Chopped scallions (optional)
- Shredded coconut (optional)
- Saffron peanuts (optional)

Cook onion in butter until ten-

der. Blend in flour, salt and pepper. Add broth gradually; cook until thick, stirring constantly. Add curry powder, applesauce and shrimp. Heat. Serve on cooked rice along with scallions, coconut and peanuts as condiments. Recipe makes six servings.

HUNGARIAN STUFFED BREAD ROLLS

- 1 loaf French bread
- 1/4 cup cottage cheese
- 1/2 cup butter
- 1 teaspoon grated onion
- 1 teaspoon paprika
- 1 teaspoon prepared mustard
- 1 teaspoon caraway seeds

Cut off ends of French bread. Scrape out inside with long knife. Combine remaining ingredients with a few spoonfuls of crumbled soft bread. Stuff back into bread cavity. Cut into slices. Broil until golden brown or serve cold. This is known as Liptauer Filling. The recipe should make about 24 slices.

LEMON RHAPSODY

- 2 tablespoons orange juice
- 1 tablespoon lemon juice
- 1 scoop lemon sherbet
- 7 ounces lemon-lime carbonated beverage, chilled

This is a recipe for a single

serving, which is easiest to make for a small group. The proportions are the same for a punch bowl drink, using multiple measurements according to the crowd. The seven ounces of carbonated drink represents one bottle.

To make the drink, place orange juice, lemon juice and sherbet in a mug or tall glass. Slowly add carbonated beverage. For serving a crowd, the juices and sherbet may be mixed in punch bowl. Add ice and lemon-lime beverage slowly to the bowl. Be sure to have the pop well chilled.

COFFEE MALLOW

- 3 cups miniature marshmallows
- 1 cup strong, hot coffee
- 1/4 teaspoon bitters
- 1 teaspoon rum flavoring
- 2 cups whipping cream, divided
- Sugar wafers

Put marshmallows in top of double boiler with hot coffee. Cook over hot water until marsh-

Dentist to Wear A Mink Toe Piece

DETROIT (AP) — Now, of all things, a mink cloak for the crowd. The seven ounces of carbonated drink represents one bottle.

That's right, a mink toe piece, and Dr. Morton B. Lesser, a Detroit dentist, has it — thanks to his furrier brother-in-law, Sam Offen.

Dr. Lesser injured his Achilles tendon playing squash. A doctor put a cast on his leg, leaving, as usual, the toes sticking out.

With winter coming on, Offen came to the aid of his brother-in-law, doing him up with a toe cover in lutetia mink, lable, initials and all. A tie around the cast holds it in place.

and flavoring. Chill until mixture begins to thicken.

Whip one and one-half cups cream. Fold into coffee mixture. Spoon into dessert glasses. Chill until firm. Whip remaining cream. Use to garnish tops of desserts, adding sugar wafers. Serve with additional wafers. Recipe makes six to eight servings.

Preble Begins FRVC Action in 1965-6

Becomes 11th School In League

Preble High School Tuesday was admitted to full membership in the Fox River Valley Conference during the league meeting in Oshkosh.

Preble becomes the fourth Green Bay school and the 11th member of the expanding conference. One member, Appleton East — which was admitted last year — won't become active until the 1966-7 school. Preble, however, will begin athletic competition with the 1965-6 school year.

The FRVC, which had been an 8-school circuit for several decades, became a 9-team league this fall with the addition of Green Bay Southwest.

Despite having already scheduled seven football games with other foes for the '65 season, Preble was given permission to begin participating in league play next fall. The Hornets will pick up all the "bye" dates on the FRVC schedule.

Preble will also begin basketball play for the 1965-6 season, thereby boosting the league schedule to 18 games and probably signalling the end of non-conference competition.

The FRVC will appoint a 3-man committee to study the long-range aspects of the Valley area, with an eye to possible further expansion and realignment. The group will report to the conference's spring meeting.

The 1965 FRVC track and tennis meets will be held in Appleton May 15. The '65 cross country meet is slated for Sheboygan South Oct. 16.

The league voted to cut the '65 JV football schedule to seven games. A committee will also study the possibility of creating a wrestling conference schedule for 1965-6.

Tulsa Leads In Passing Total Offense

Hurricanes Can Set New Aerial Record Saturday

NEW YORK (AP) — Tulsa and 117 other major college football teams go after two records Saturday — one through the air, the other through the uprights.

Tulsa, which already has a prolific record-breaker in quarterback Jerry Rhyme, needs only 219 yards passing against North Texas State Saturday to surpass its own season record of 2,448 yards set last year, according to National Collegiate Athletic Bureau figures released today.

It's a good bet the Hurricanes will break the record since they've averaged 318.6 yards per game in their five victories and two defeats.

Field Goal Record

At the same time, Tulsa may join with the other 117 major teams in trying to establish a new high for number of field goals kicked in one season. The schools need 27 to equal last year's record 314. They have booted at least 30 each Saturday this season.

Incidentally, only six teams haven't tried a field goal this season while 11 others have tried and failed to make at least one. Fifty-seven games have been won or tied by field goals compared with 38 all of last year and the previous high of 51 in 1961.

En route to its record, Tulsa has amassed 2,230 yards passing, more than 400 yards better than second-place Iowa.

Unsurmountable Lead

The Hurricanes also have built up an unsurmountable lead in total offense with 3,329 yards. Their average of 475.6 yards per game is far ahead of Notre Dame's runner-up average of 407.0. Tulsa also heads the field in scoring with 39.6 points per contest.

Michigan leads in rushing offense with a game average of 256.7 yards.

Braves Officials Sign 25-Year Stadium Pact With Atlanta Authority

Contract Slated To Take Effect Jan. 1, 1966

ATLANTA (AP) — The Milwaukee Braves have signed a 25-year contract to begin playing baseball in Atlanta's \$18 million stadium in 1966.

The contract was signed late Tuesday in Chicago by Arthur Montgomery, chairman of the Atlanta-Fulton County Recreation Authority, and Braves officials. Montgomery called Mayor Ivan Allen of Atlanta while the contract was being signed.

"Tell them they just made the best trade they've ever made," Allen told Montgomery.

The contract signing took place two days before it was scheduled. Atlanta and Braves officials apparently were apprehensive that Milwaukee County officials might further delay the plans to move to Atlanta by securing another court order restraining the Braves from signing any agreement until the end of the 1965 season.

The officials already had secured a court order restraining the Braves from signing a contract to play in Atlanta in 1965.

Atlanta officials apparently haven't given up on getting the Braves in 1965, however. A provision of the 85-page contract states:

UW Aide Says Defense Key to Grid Success

Van Galder Cites Injuries as Chief Badger Problem

MADISON (AP) — Clark Van Galder, who coaches Wisconsin's offensive backs, said Tuesday the defense is the balancer for any great football team but too many of the Badger defensive players have been injured.

Even as Van Galder spoke at a meeting of the Madison Pen and Mike Club, there was a report from the practice field that three defensive starters have again scratched their names from the injury list.

Getting back into action as the Badgers prepared for Saturday's game at Illinois were linebacker Bob Richter, defensive tackle Mike London and defensive end Larry Howard.

In the workout, the Badgers concentrated on formations expected to be used by Illinois Wisconsin. Illinois and Iowa share last place in the Big Ten on 1-4 records.

Van Galder said he knew that the Badger defense had been getting a lot of blame, but explained:

"Our offense holds the ball for only about three downs, punts and the defense has to get back in there. Our defense just gets worn out because we can't hold the ball enough on offense."

Anchor of Defense

"Defense is your balancer," he said. "You anchor on your defense. Every great team has a great defense. Offense is a game of assignment. Defense is a game of reaction. If you have a bunch who can't react, you're in trouble."

He concluded by saying too many injuries have hampered some of the best Badger defensive players, those who react the best.

Illinois Coach Pete Elliott spoke to the club by telephone and said one of the reasons the Illini have failed to make a good defense of their Big Ten championship might be tougher opposition.

He said other factors might

San Francisco May Activate Rudy Johnson

SAN FRANCISCO (AP) — Running back Rudy Johnson, the San Francisco 49ers' fifth draft choice, has joined the team after service on the taxi squad of the New York Jets of the American Football League and may be activated this week.

Coach Jack Christiansen said, "If he shows us he's in shape, we'll probably activate him and put flanker Dale Messer on the injured reserve list."

Messer had not played since suffering a knee injury several weeks ago.

Johnson, a 5-foot-11, 195-pounder from Nebraska, worked with the team Tuesday.

Linebacker Mike Dowdle and defensive end Clark Miller, who were injured in last Sunday's game with Minnesota, missed the practice.

Best Shape Ever, Says Bays' Fullback Taylor Eyes Blocking Grades

GREEN BAY (AP) — Green Bay Packer fullback Jim Taylor says he likes to get good grades on his blocking.

Taylor had one of his best days of the season last Sunday in leading the Packers to a 30-7 National Football League victory over the Detroit Lions.

Taylor carried 19 times for 145 yards and two touchdowns, and topped his performance with an 84-yard dash down the sidelines behind great blocking for his second TD.

It was the second time in a row he had gone over 100 yards and left him 274 yards short of the 1,000-yard mark for the fifth straight season. He still has five games to go.

"I'm in the best shape I've ever been in," said Taylor, who was hampered in 1963 by a liver infection. But even then he pounded out 1,018 yards.

And such are the accomplishments of a player that opponents said would never last because of his reckless and repeated man-to-man showdowns with tacklers.

But as Taylor said, "We're

AHS Quint Has Good Size, Seeks Scoring Pace-Maker

Backcourt Spots Short On Experience

BY JOHN L. PAUSTIAN
Post-Crescent Sports Editor

The biggest "credits" for the Appleton High School basketball team as it prepares for the 1964-5 season is the carry-over momentum of a 17-3 season and the return of two of the architects who helped build the best record in the 11-year coaching regime of Dick Emanuel.

On the debit side of the pre-season balance sheet are lack of backcourt experience and the absence of a proven scorer in the Brian Bock tradition.

All in all, the pluses outweigh the minuses—and the Terror's basketball situation appears solvent.

Whether AHS can repeat as champion of the Fox River Valley Conference is strictly conjecture at this point. The Terror's have only four lettermen on the squad—compared to eight at this time last year—and the FRVC is likely to be "loaded," according to preliminary reports AHS doesn't figure to yield its laurels easily, however.

Opens Against East

Appleton opens its season Nov. 20 with a FRVC engagement—against Green Bay East—and will be occupied with the busy day.

Seven Lettermen Give St. John Optimistic Outlook for Campaign

Chuters to Open 20-Game Schedule At Home Nov. 20

BY JIM HARP
Post-Crescent Staff Writer

LITTLE CHUTE — Coach Bill Fitzpatrick heads into his 14th season as head basketball mentor at St. John High School with more of an optimistic outlook than he has been able to enjoy in a number of years.

The Dutchmen have seven lettermen back to form the core of a team that is mainly dominated by seniors. In fact, out of a 12-man varsity squad, all are seniors with the exception of two. However, this situation may change as Fitzpatrick feels that some promising sophomores may beat out several of the upperclassmen for varsity posts as the season progresses.

St. John opens a 20-game schedule Nov. 20 when Oconto Falls invades the Little Chute gym. In addition to 14 Fox Valley Catholic Conference games, the Chuters will play six non-league contests including a pair of tilts in a holiday tournament over the Christmas vacation at Lourdes Oshkosh.

Following the opener against Oconto Falls, in other non-league games St. John entertains Kimberly Nov. 25, plays at Fox Valley Lutheran Dec. 22 and meets Oconto Falls in a return engagement Jan. 2.

Last season, the Chuters posted an overall mark of 6-12 while

Nowhere to Go Wayne Walker, and Taylor explained he's not looking for people to knock down anymore.

"I'm not looking for guys to run over," he said, but then had to allow that he had trampled one Detroit defender and carried another on his back into the end zone on his long jaunt Sunday.

Nowhere to Go

His passenger Sunday was Wayne Walker, and Taylor explained, "In that situation I had no where to go. When I saw the goal line, I just went for it."

Taylor also said he no longer swaps unpleasanties with tacklers who do get him.

"I'm still on speaking terms with them," he said. "Before the game I like to talk to the ones I'm going to get familiar with. We just have a nice amiable talk...nothing bad at all."

There was nothing bad for the Packers in the team statistics announced today in New York. The Packers were determined to prove Sunday they had the best defense of all. They held the Lions to 50 yards on the

Milwaukee Pin Team Hits 3,532; Weber Slams 300

MILWAUKEE (AP) — Strachota Milshore, led by Ron Wheeler's 780, Tuesday night hit 3,532, the nation's highest recognized three-game score by a five-man team so far in the bowling season.

The team put together games of 1,089, 1,244, and 1,199 in the Masters' Home Loop at Milwaukee Lanes.

Wheeler had games of 246, 278 and 255. Other scores were Mark Kuglitsch 727, Mel Zir-zow 715, Don Osep 688 and Dick Neumann 622.

The previous high registered with the American Bowling Congress was 3,426 by Golden States in Los Angeles.

Lyman Weber, bowling in the same league, posted a perfect 300 score as the middle game in a 684 series.

Divorce Sought by Braves' Joe Torre

MILWAUKEE (AP) — Divorce proceedings have been begun by Joe Torre, 24, Braves catcher, against his wife Jacqueline, 22, in Circuit Court.

The couple was married Oct. 21, 1963, in Miami, Fla., and have one child, a 7-week-old son.

Under state law, a divorce complaint cannot be entered until 60 days after the initial filing. The case was filed Tuesday.

San Francisco May Activate Rudy Johnson

SAN FRANCISCO (AP) — Running back Rudy Johnson, the San Francisco 49ers' fifth draft choice, has joined the team after service on the taxi squad of the New York Jets of the American Football League and may be activated this week.

Packers Take Over NFL Lead In Rushing

Green Bay Also Pacing League in Defensive Statistics

NEW YORK (AP) — The Green Bay Packers, one of three National Football League teams which have gained more yardage on the ground than in the air, have taken over the league lead in rushing.

A 145-yard performance by Jim Taylor last Sunday helped swell the Packers total to 1,496 yards. Baltimore is second with 1,489 and Pittsburgh, the previous leader, dropped into third with 1,405.

The Packers, Steelers and Cleveland Browns, who are fourth with 1,391 on the ground, all have gained more yardage rushing than passing.

Total Offense

Baltimore remained the total offense leader, adding 1,665 passing to its rushing yardage for 3,154 yards gained. St. Louis is second with 2,936 and Green Bay third at 2,889.

Chicago is No. 1 in passing with 1,912 yards, followed by San Francisco at 1,889 and St. Louis at 1,774.

The Packers are tops in team defense, allowing a low of 2.108 yards to 2,356 for Dallas and 2,500 for Detroit.

UW Aide Says Defense Key to Grid Success

Daugherty Thinks Spartans Can Win

MSU Mentor Unworried Over Notre Dame's Perfect Record

EAST LANSING, Mich. (AP) — Michigan State welcomes the chance to try to bell the cat — the cat in this case being Notre Dame's unbeaten, top-ranked football team.

"We're ready — we'll play our best game Saturday," Coach Duffy Daugherty said of the nationally televised meeting with the Fighting Irish at South Bend.

"We always play our best

Terror Cage Team to Have Good Size

(CONTINUED FROM PAGE 1)

ness of defending its title for almost the entire season. The Terrors are playing a 16-game league schedule for the first time, leaving room for "out-side" games against only Neenah and Kimberly.

Returning regulars from the 1963-4 AHS team that was ranked No. 5 among the state's public-school teams are center Neil Weber and forward Bruce Miller. The 6-4 Weber and the 6-3 Miller are expected to team with Bob Ness, a 6-3 letterman, to give the Terrors a formidable starting front line.

Weber, the team's leading rebounder last season, finished third in AHS scoring with 192 points. Miller won his starting spurs in the 10th game of the season — with a clutch performance against Manitowish — and was a regular the rest of the way. He finished fourth in team scoring, with 138 points.

Ness, in a reserve role, scored 25 points for the season.

In all, the Terrors have a "returning scoring punch" of 32 per cent. The players lost via graduation — including four of last year's six top scorers — accounted for 321 points, or 62 per cent, in 1962-63.

Averages 194 Points

Back, who averaged 19.4 points per league game and 18.8 overall, represents the biggest scoring loss. The slant-shooting forward totaling 375 points last season, Gary Hietpas, the team's No. 2 scorer, tallied 234 points.

Clint McKee, another graduating regular, scored 138 points, while Paul Schumaker, the team's No. 6 man wound up his career with a 78-point season.

Pat Gendron, the team's fourth letterman, is heir-apparent to one of the starting guard spots. He scored 59 points and was noted for his aggressiveness. However, he is currently hobbled by a football ankle in July.

Also in the running for starting backcourt duty are senior John Mumme, a holdover varsity player, and senior Tom Jooss, who was not on the squad last season but has been a pleasant surprise to date.

Currently the top candidates for important reserve duty in the forward are centers Mike Bill (a varsityman last season) and John Gritth and forwards Mike Tepper (a varsity squad man in 1963-4) and Dennis DeCock.

Emanuel has reduced his squad to 17 players. The total does not include Dennis Vaubel, the leading junior varsity scorer of last season who is sidelined with a kidney infection.

Other squad members include seniors Gary Volkman and Leon Birkholz, and juniors Mike Ziemann, Steve Winter, Ron Brinkman, Jim Bartman and Terry Soley.

Arlin Burt Raps 612 to Set Pace In Business Loop

Arlin Burt blasted a 612 series to take honors in the Businessmen's Bowling League at the Little Chute Recreation Lanes.

Other honor scores were hit by Ken DeBruin, 591, Clayton DeBruin, 566, and Roger Jansen, 555.

Ella Ahrens blasted a 204 singleton and a 528 series to top the Lucky Strike League at Jerry's Lanes, Kimberly.

Jerry's Lanes and Better Brothers remain tied for the lead with 21-9 records. Other honor totals were hit by Charlotte Reynebau, 518; Judy Harker, 192, 517, and Joan Van Handel, 181.

Tom Reider paced the men with a 562 series, and Pat Bettlers rolled a 192 and Marv Williamson a 505 set to lead the women in the Couples Bird League at Jerry's Lanes.

Ken, Leta Masaros Defeated in Finals

A previously unreported result of the ARD Invitational Badminton Tournament at Madison Junior High recently was the mixed doubles consolation finals.

Appleton's Ken and Leta Masaros were defeated by Chicago's Nancy and Jack Knotek, 15-10, 15-10.

San Francisco at Detroit

BY THE ASSOCIATED PRESS

To Dave DeBusschere, a third-year player in the National Basketball Association, the buzzer ending Tuesday night's Detroit Pistons-Baltimore Bullets game had a very special ring.

It was DeBusschere's first game as coach of the Pistons, who ended a six-game losing streak with a 119-117 victory over the Bullets in the opener of an NBA doubleheader at Philadelphia's Convention Hall.

San Francisco toppled Philadelphia 110-99 in the second game.

In the only other game played, the Lakers staged off a late New York rally and downed the Knicks 108-101 in Los Angeles.

Helped Own Cause

DeBusschere, starting forward on the Pistons, helped his own cause with 26 points.

"Man, I sure loved that sound," he said of the final buzzer. "It's good to win. I think everybody was trying extra hard — and not only because of me. After all, we were in a losing streak and we sure wanted to end it."

Rod Thorn, who led the Pistons' scoring with 27 points, broke a 115 tie with a field goal with 59 seconds left and pumped in two free throws half a minute later to wrap it up. Thorn had a special reason for playing hard.

"I was really trying to make my roomie look good in his coaching debut," Thorn said.

His roomie, the 24-year-old DeBusschere, was named interim head coach Tuesday by newly appointed Executive Manager Don Wattick. DeBusschere replaces Charley Wolf.

Wilt Scores 38

In the nighttime, Wilt Chamberlain tallied 36 points to lead the Warriors to their 110-99 victory over the 76ers. The loss dropped Philadelphia to third place in the Eastern Division, behind the Boston Celtics, who haven't lost a game and the Cincinnati Royals. Both were idle Tuesday.

Nate Thurmond gave the Stilt a helping hand in the Warriors' win, contributing 21 points.

Chet Walker was high for the 76ers with 18, followed by rookie Lucious Jackson with 16.

The Lakers opened up a 22-point lead over the Knicks in the second period only to have New York cut the deficit to 71-67 in the third stanza.

With Los Angeles leading 88-81 late in the final quarter, rookies Jim Barnes and Willis Reed, the Knicks' leading scorers with 21 and 17 points, respectively, fouled out.

Jerry West topped the Lakers with 27 points, four below his league-leading average. He was held to only one field goal in the second half.

Harriet Fulton Raps 550 Set

Joan Hawkins Hits 541; Betty Cutler's 527 Tops 'Toilers'

Harriet Fulton fired a 205 game and 550 series for honors in the Five by Eight League at Hahn's Lanes Tuesday night.

Super Bar, Priebe Insurance and Andersen's Club are tied for the league lead with 16-11 records.

Other honor scores included Joan Hawkins, 191 and 541 and Betty Lemberger, 192. Honor scores which were recorded the previous week included Joan Hawkins, 196 and 530, Betty Lemberger, 195 and Una Whitman, 195.

Luella Schlender rapped a 199 game and Betty Cutler smacked a 191 game and 527 series to lead the Ten Pin Toilers League at Hahn's.

The Carpet Shop and Merkes Electric (17-10) are tied for the league lead and the only other honor score was a 502 series by Gerrie LaBore.

Dave Van Ryzin's 665 shared the laurels in the Rainbow Couples loop at the 41 Bowl. Robert Witte posted a 558, and Harold Nelson totaled 555.

Dean Chance, Los Angeles Angels' right-hander and member of the 1960 Fox Cities Foxes, is about to get a kiss of congratulations from his wife Judy for being named the Cy Young award winner as the best pitcher of 1964. Mrs. Wilmer Chance, his mother, looks on while Dean holds his 2-year-old son Brett. Chance posted a 20-9 record and 1.65 earned run average. (AP Wirephoto)

Marchetti Praises Coach

Responsive Attitude Created by Shula Key to Success of Colts

BY GEORGE BOWEN

BALTIMORE (AP) — "It's amazing" also to Gino Marchetti that the Baltimore Colts are far up the road toward a divisional title in the National Football League.

The All-League defensive end is one of many who say it is the responsive attitude created by Don Shula as coach.

Marchetti, who changed his mind about retiring this season, said today, "I didn't think this team had the potential and particularly the personnel on defense" to be the winner of eight straight games and 2 1/2 on top of the Western Conference.

"I still don't," he added. "But that hustle is amazing."

As expected, Marchetti has

difficulty pinpointing the intangibles by which Shula has fired the desire.

"He treats everyone as a man," was Marchetti's first analysis. It also was his last.

Any player who goes to him gets a straight answer, Marchetti mused. "He may not like it, but he'll get on."

He's so easy to communicate with, is the way Raymond Berry, offensive end, puts it. "You have an idea and he'll give you a hearing. He's honest."

Gino recalls a banquet attended by the Colts after they lost their first and only game so far this season.

"Shula told them, 'We were outplayed and outthusted and I was outcoached.' I never heard a coach say before that he lost a game. They only win them."

"You have to respect a guy like that."

Sense of Humor

Berry remembers early last season, Shula's first as coach, when "we were having trouble and losing a lot of ball games. He never lost his sense of humor, he didn't get down on the players. It meant a lot."

"It also is, in my opinion, the sign of good coaching, to keep spirits up when you're losing. It's easy to be happy when you're winning."

After losing five of their first eight games in Shula's debut, the Colts suffered only one loss by one point in their last six games. Many point to that 1963 yard touchdown run Cookie Gilchrist gained 99 yards in nine carries Sunday against the New York Jets, including a 67-yard touchdown run. Cookie boosted his season total to 720 yards in 151 tries. Matt Snell, the Jets' rookie, trails in second place with 579 yards in 131 rushes.

Len Dawson strengthened his lead in the passing department with four touchdown passes for Kansas City. Back in good health after a mid-season rib injury, Dawson has thrown 10 TD passes in the last two games.

Gino Cappelletti of the Boston Patriots' moved to within two points of his fourth consecutive 100-point season. Cappelletti had four field goals Friday night. He had made good on 21 of 31 field goal attempts, kicked 23 straight conversions and also scored two touchdowns for a total of 98 points. Pete Gogolak, Buffalo's kicker is second with 72 points.

Houston's Charley Hennigan remained the pass receiving leader with 60 catches for 1,010 yards and five touchdowns.

Catches Mistake

"Szymanski says he's the first coach he's had to catch a mistake right during the game. He says Shula will yell, 'Syz, you should have pulled on that play.' Other coaches used to wait to see the movies the next day to spot an error."

Marchetti reported that Orr

Gilchrist Tops AFL Rushers

Holds 141-Yard Edge Over Jets' Matt Snell

NEW YORK (AP) — Cookie Gilchrist, Buffalo's crashing fullback, is beginning to look like the first repeater as American Football League rushing champion.

Gilchrist gained 99 yards in nine carries Sunday against the New York Jets, including a 67-yard touchdown run. Cookie boosted his season total to 720 yards in 151 tries. Matt Snell, the Jets' rookie, trails in second place with 579 yards in 131 rushes.

Len Dawson strengthened his lead in the passing department with four touchdown passes for Kansas City. Back in good health after a mid-season rib injury, Dawson has thrown 10 TD passes in the last two games.

Gino Cappelletti of the Boston Patriots' moved to within two points of his fourth consecutive 100-point season. Cappelletti had four field goals Friday night. Claims a Billion Followers

Clay Says He'll Talk to Liston in Ring Again

BY CHARLES MCGILLICUDDY

BOSTON (AP) — Cassius Clay hopes God will be in his corner when he takes on Sonny Liston next Monday night in defense of his world heavyweight boxing championship.

"If I win, it'll be the will of God," Clay said Tuesday in a display of the deeper man better known as a talkative clown with a punch. "If I lose," he added, "it'll be God's will."

Clay, who has adopted the Muslim religion as well as the religious name, Muhammad Ali, said his new religion has given him a billion followers around the world, followers who never heard of boxing until he became champion.

He said he receives letters every day from countries like Pakistan, Egypt, Turkey and Morocco. The writers ask him to visit and say they will pray for him.

'40,000 Are Waiting'

The champion said he will visit the Middle East after the fight, especially Turkey, "where 40,000 people are waiting to see me."

He also said his Muslim religion is the reason some people in the United States make him the "bad guy" for this fight. "But I don't care, just so long as they buy the tickets."

While the challenger, Liston, worked out in historic Plymouth, many miles from the scene of the fight at Boston Garden, Clay was telling what he proposes to do to keep his psychological war in full swing.

"I plan to talk to the Bear (as he refers to Liston) when we get in the ring," he said. "I talked to him last time, too. I told him, 'C'mon, Bear, you're losing your crown. Watch this one, Bear — pow pow — C'mon, Bear, you gotta fight to win.'"

Clay was asked later how he thinks he would have fared against fighters the public has proclaimed "the greatest," such as Rocky Marciano, who retired a few years ago undefeated.

His answer reflected what seems to be his only concern about his boxing career — the gate.

"If I could find an opponent like Rocky Marciano," he said, "We would draw a \$20 million gate."

The Brown County arena will present Monday's championship bout via closed circuit television. Advance tickets cost \$4, while tickets sold at the door Monday will cost \$5.

Braves Sign Atlanta Lease

(CONTINUED FROM PAGE 1)

car during the first 10 years of the contract.

In Milwaukee, the Braves had a contract which gave Milwaukee County control over concessionaire prices. However, an authority source said the Atlanta contract contains no price controls.

Sell All Brands

The Braves also were obligated to sell all brands of beer in Milwaukee, but the Atlanta contract contains no such provision. It also provides that offices for the Braves' organization will be furnished, rent-free, in the stadium.

Admission prices in Atlanta will be limited to the highest amount now charged by any other National League team.

The television limit of 25 games per season does not apply to such free television as the National Game of the Week or to visiting teams' rights to telecast games back to their home territory, provided the programs are not seen within 75 miles of Atlanta.

Meanwhile, in Milwaukee, the county board voted unanimously to send a delegation to Washington, D.C., to meet with officials about the prospects of starting an antitrust action against the Braves and other National League clubs.

Rep. Henry Reuss, D-Wis., who urged the county to institute such a suit, said the county should sue for triple damages and an injunction because the league voted to permit the Braves to shift to Atlanta in 1966 but ordered them to stay in Milwaukee for the 1965 season.

Tigers Lead YMCA Animal Pin League

The Tigers (8-2) lead the Appleton YMCA Animal Bowling League by one-half game over the Elks.

Curtis Chumbley recorded the best game — a 136 — in the latest session, while John Kolosso's 247 took 2-line series honors.

Kolosso tied for runnerup game honors, at 135, with Steve Dewey. Next high sets were a 231 by Bob Froelich and a 228 by Steve Jernagen.

Bob Timberlake Leads Big Ten Scoring Race

CHICAGO (AP) — Bob Timberlake, Michigan's burly quarterback, pulled ahead of the field in the Big Ten all-games football scoring race.

Timberlake scored a touchdown and three extra points in the 21-6 victory over Illinois Saturday to boost his total to 66 points and pull well ahead of runnerup Dalton Kimble of Iowa, who has 48 points.

The Leaders:

'Kat' Falls Eight Pins Shy of National Honor; Roy Totals 679

Duane (Kat) Kassube unloaded a 692 series in the Major Scratch Bowling League at Hahn's Lanes Tuesday night.

Kassube fell just eight pins short of a national honor mark. The "Kat" fashioned singletons of 252 and 238 on the way to the 692 finish.

Roy Emrich took game honors with a masterful 268 on the way to a 679 three-game effort. Joe Gregorius was next in line with 662, including solos of 235 and 227. Chuck Bayer rolled a 247 line and 644 set.

Ed Flood used a 248 as a springboard to a 635 total. Norm Bunkleman posted a 617, followed by Al Gast's 615. Al Seeman mustered a 611 series and Larry Lenz uncorked a 225 and 602.

Other honor scores were Orv Strutz, 588; Don Van Geffen, 585; Gene Blake, 225 and 580; Karel Zimmerman, 576; Bill Noffke, 576; Wally Moore, 573 and Norm Joecks, 570. Hahn's (20-7) holds a 2-game edge over Reetz.

Frank Sanders Jr. led the way in the Appleton Coated League at Hahn's with a 235 single and 562 aggregate.

Other honor scores were Gordon Simon, 559 and Don Plasse, 556. Badgers (19-8) holds a 4-game lead over Wildcats.

Wausau Mills Project Aimed At Pollution

\$3 Million Program To Keep Sulphite Liquor Out of River

BROKAW, Wis. (AP) — Wausau Paper Mills Co. said Tuesday it has embarked on a \$3 million program that would practically eliminate spent sulphite liquor pollution of the Wisconsin River.

D.B. Smith, company president, said he hopes the project can be completed in 1966. The new program is the climax of a 15-year effort by the firm to reduce pollution, Smith said.

Smith said a \$100,000 pulp washer is now in operation, marking the first step in the program to improve the stream and recover processing chemicals.

Storage Building Planned

The second step, Smith said, is well under way with the construction of a materials storage building. The structure will be used to stockpile pulp and other materials presently stored in buildings that will eventually house additional washers, evaporators and recovery equipment.

Completion of the second phase, costing \$1 million, is scheduled for the spring.

Smith said engineering has been complete on the recovery plant which will process the spent sulphite liquor now being diverted to the river. He said this phase will be completed as rapidly as material delivery and company finances permit, probably in 1966.

Lions' Barr, Brother
Named Defendants in
Civil Court Suit

GRAND RAPIDS, Mich. (AP) — Detroit Lions halfback Terry Barr, now a suburban Detroit resident, was named defendant in a civil complaint filed Tuesday in Circuit Court here by American Laundry & Cleaners, Inc., of Grand Rapids.

Barr and his brother, Patrick, since Oct. 20 have been operating the All American Cleaning Service here. Both were cited by the plaintiff on grounds that similarity of the two company names has caused confusion in the mind of prospective patrons.

The plaintiff seeks a preliminary injunction against further use of the firm's name. A hearing is scheduled Nov. 13.

Says Illini Will Top UW Chamberlain Picks Spartans Over Injury-Racked Irish

BY CHARLES CHAMBERLAIN

CHICAGO (AP) — Slipping out of his straitjacket, the Ol' Swami tries to draw a prognosticating bead on the crazy thing called football.

He hit on only three out of seven games last week with his average slumping to .592 on a 29-20 season record. But faster your seat belts, here he goes again:

Michigan State 24, Notre Dame 18 — Injuries are starting to hurt unbeaten Notre Dame, especially on the left side of the defensive line. And that probably will be a target area for the Spartans' sensational senior halfback, Dick (Flash) Gordon.

He has ripped 530 yards in his last four games, including 145 in the 21-7 pasting of Purdue.

The Irish came through their first pressure game in the 17-15 squeaker over Pitt. Now they must get ready for much more with coach Ara Parseghian facing a tremendous job of patch work this week. Also, the Duffy Daugherty hex lurks in the background. His Spartans have won eight straight from the Irish.

Could Be Surprise

Ohio State 21, Northwestern 14 — Unless coach Woody Hayes can close the wounds from that clawing by the Nittany Lions, his Buckeyes could be surprised again. But it doesn't figure. The Buckeyes will be playing at home and, after all, they still

top the Big Ten with a 4-0 record. The Wildcats had a lot of faith restored by beating Wisconsin 17-13 and getting off the losing treadmill.

Michigan 27, Iowa 19 — The Ol' Swami has picked Iowa's Gary Snook aerial machine the last three games and has seen the Hawkeyes lose by a total of eight points to Purdue, Ohio State and Minnesota. Now that he swings off them, they probably will surprise him. You can't go against the over-all talent and depth of the Wolverines, who can pass or run opponents into the ground, as they did trampling Illinois 21-6.

Purdue 18, Minnesota 13 — The Boilermakers will have to overcome versatile quarterback John Hankinson as well as the effects of a licking by Michigan State. They still are very much on the scent of the Big Ten title and the Rose Bowl.

Illinois 23, Wisconsin 14 — The Illini are too good a team to lose three in a row, but they'll have to check pass-catcher Jimmy Jones. He snared 11 tosses for 167 yards against Northwestern for a school record.

Indiana 21, Oregon 17 — The Hoosiers failed to take care of Rose Bowl aspirant Oregon State losing to the Beavers 24-14 on the West Coast. Now comes the Webfest, whose 6-1-1 record keeps their Rose Bowl fires burning. This time the Hoosiers are on home ground.

Packers Take Over NFL Lead In Rushing

Fears-Davis and the Fears-Hirsch pairs of 1950. That Ram team was the greatest passing club in the history of the league. It gained 3,709 yards through the air.

Minnesota's Fran Tarkenton and Bobby Walden accounted for the only changes in the individual leaders. Tarkenton took over from Baltimore's Johnny Unitas as the top-rated passer while Walden replaced Detroit's Yale Lary as the punting leader. Walden has averaged 47.1 yards for 47 punts while Lary's average is 46.3 on 45 efforts.

Top Ground Gainer

Jimmy Brown of Cleveland continues to lead the ground gainers with 934 yards in 179 attempts. Jim Taylor of Green Bay is the runner-up with 726

sity at the present time include Ed Van Handel, 6-1½ senior who saw a limited amount of reps serve duty with the varsity last season; Mike Wiegert, 5-8½; Pete Heesakker, 5-8½, up from the jayvees and Dave Leiterman, 5-8½. The other underclassman with the varsity is Ed Schuler, promising looking freshman at 5-10.

Fitzpatrick feels that Appleton Xavier, Oshkosh Lourdes and Abbot Pennings of DePere loom as the top favorites for the conference title.

Xavier has a winning tradition and good depth going for them, while both Lourdes and Pennings have lost only one starter from last season.

The Chuter mentor sees an

Angels' Jim Piersall Named Comeback Player of Year

ENCINO, Calif. (AP) — A key (manager and general manager of the Los Angeles Angels) gave me the opportunity to prove that I could still play in the big leagues."

Piersall, with 14 years in the majors, batted .314 in 87 games for the Los Angeles club this year. He was unconditionally released by the Angels on Sept. 17, 1963, and re-signed by them after a spring training trial.

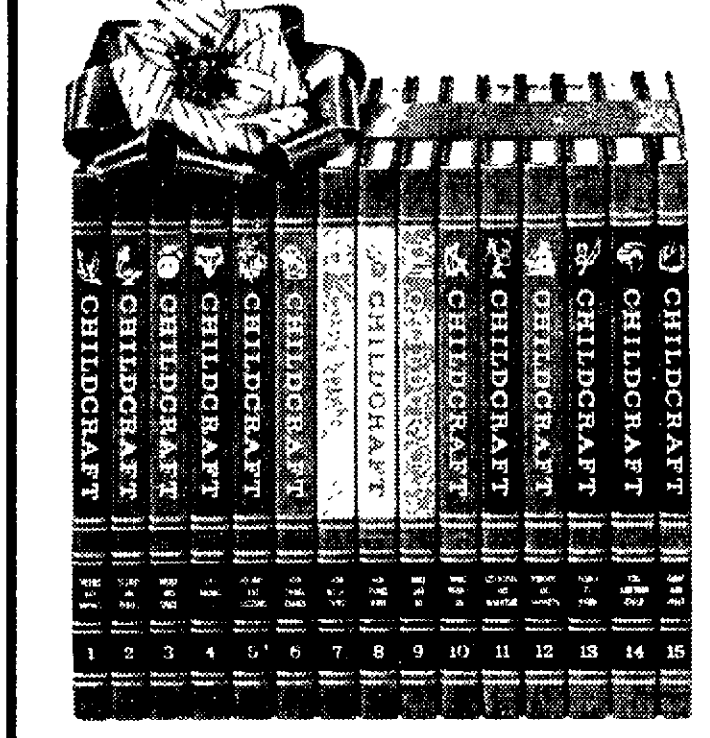

Other votes in the AP poll: Skowron, who divided the year with Washington and Chicago, 19; Ed Bressoud, Boston, 6; Bob Tillman, Boston, 4; Dean Chance, Los Angeles, Roger Maris, New York, and Felix Mantilla, Boston, 3 each.

Rocky Colavito, Kansas City, 2; Joe Adcock and Willie Smith, Los Angeles, Luis Aparicio and Harvey Haddix, Baltimore, Don McMahon, Cleveland, Mickey Mantle, New York, Ron Kline, Washington, and Al Worthington, Minnesota, 1 each.

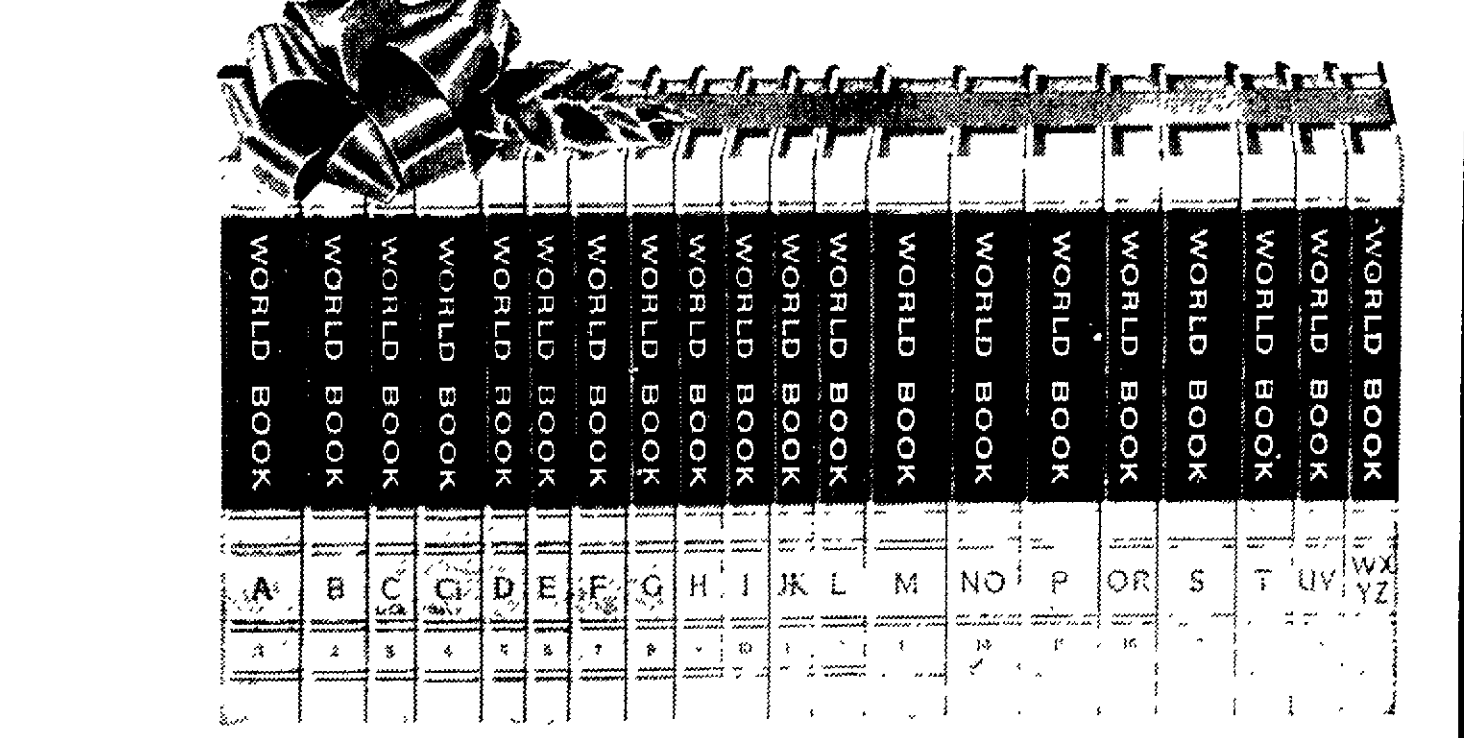

"The best break I got was when Bill Rigney and Fred Han-

Prison Term For Writer In Poland

American Given 3 Years on Charge Of Slandering Reds

WARSAW, Poland (AP) — Polish-born American writer Melchior Wankowicz, 72, was sentenced Monday to three years' imprisonment after a court convicted him on charges of passport slandering Poland abroad.

Wankowicz entered the United States in 1949 and lived at different times in Lakewood, N.J., and Glen Cove, N.Y. He has a daughter, Marta Erdman, in Washington, D.C.

He became an American citizen on June 14, 1958, at Mineola, N.Y.

Upon retiring, Wankowicz was among 34 Polish authors who signed a document accusing Premier Josef Cyrankiewicz of direct and indirect censorship.

The Communist government accused him of transmitting false information harmful to Poland. He was arrested Oct. 5 under a Polish law which makes it a crime for anyone to "harm the interests of the state" by writings and photographs judged to "lower the prestige of the state's authorities."

Its Funny to be Literal, Literally

SAN FRANCISCO (AP) — Herman Slavsky gave his 9-year-old daughter, Carol, \$10 for her birthday so that she could open her first bank account.

She was filling out a bank application when she came to the line asking the name of her former bank. Carol wrote "Piggy" in big bold letters.

Young Hobby Club

Easy Word-Square Puzzle

Winner Gets Magic Set

BY CAPPY DICK

Can you fill the eight blanks of the adjoining square to make words that read the same from left to right as from top to bottom?

If you can you may become the winner of a local prize in today's contest and also the winner of a major prize at the national level.

Five local prizes are offered to boys and girls of the Fox Valley area. These will be sets of tantalizing wire puzzles, five to a set, given for the five correct contest entries that are the neatest and most original entered locally.

There will be five national prizes, each a Hocus Pocus Magic outfit manufactured by the S. S. Adams Company. Each set contains 20 magic tricks, enough to stage a complete magic show. Included are such classics as the Linking Rings and the Rice Bowl tricks. Included is the apparatus necessary for each trick, plus secret instructions.

All contest entries that win local prizes in the cities where this column is published will be considered in the national judging. The five neatest and most original of all will win the Hocus Pocus Magic outfits.

Clue to Puzzle

Here are clues to the words for the square (the letter "N" printed in the center of the square is perhaps the best clue of all):

Look and Learn

BY A. C. GORDON

- What pension is accorded to ex-Presidents of the U.S.?
- Where does the coal area of the United States rank in the world?
- In ancient mythology, over whom did Queen Hippolyta rule?
- What large Irish city has more bicycles than automobiles?
- What, in law, is a "feasance"?

Answers

- Pensions of \$25,000 a year, funds up to \$50,000 for an office staff, furnished office space in a federal building, and free mailing privileges.
- The second greatest, after that of Red China.
- The Amazons.
- Belfast.
- Performance of a duty fulfilling a condition.

Look and Learn

BY A. C. GORDON

Top line: "There is one in the picture."

Second row: "Not two, or three, or four."

Third row: An affirmative word.

When you have printed the proper letters in the squares, clip out the picture, paste it on paper or a postal card, print your name, age and address beneath it, then decorate your entry in any neat, original way, using paints, crayons, cutouts or other means.

Address your entry to Cappy Dick's Midweek Contest at the Post-Crescent and mail it before midnight on Friday.

Names of the prize winners will be published here. Their prizes will be sent to their homes by mail. Judges' decisions will be final. All entries become Cappy Dick's property; none can be returned.

Pete Seeger Coming To Lawrence Chapel

Student Committee Sponsoring Famed Folk Singer-Banjoist at Monday Event

Pete Seeger, whose long-necked five-string banjo, and homely ballads have made him chief spokesman for America's folk-song movement, will play and sing at 8:15 p.m. Monday in Lawrence University Memorial Chapel. Seeger's visit is sponsored by the special events committee of the Lawrence Student Executive Council.

This program is the first of the Lawrence student-sponsored music events open to the community during the school year. Tickets are available at the University box office in the Music-Drama Center.

Seeger's brand of folk music is the foundation for most of today's popular folk singing groups.

A quartet he organized in 1950, the Weavers, often is credited with launching folk music into big time, breaking the trail for the Kingston Trio, the Lime-

lighters and others. At least 4,000,000 Weaver records of such classics as "Goodnight, Irene" and "Old Smoky" were sold before Seeger left the group to go solo in 1957.

The Seeger story, both before and after the Weavers, is one of similar success and great personal adventure. Seeger was born in New York City in 1919 of parents who were professionals in the music field. Pete's ancestors came to New England three centuries ago, and produced their share of religious dissenters, abolitionists and similarly independent thinkers.

Parents Musicians

Seeger was born in New York City in 1919 of parents who were professionals in the music field. Pete's ancestors came to New England three centuries ago, and produced their share of religious dissenters, abolitionists and similarly independent thinkers.

Pete left Harvard before graduation for unsuccessful tries at art and journalism. Then he turned to folk music, to which he had been introduced in 1935 when his father took him along to a North Carolina square dance and folk ballad festival. There he heard and fell in love with the banjo, to which some say his lean six-foot one-inch Yankee frame bears striking resemblance.

After a year or so spent listening to recordings in the Archives of American Folk Song in the Library of Congress, he wandered about the land learning songs and techniques from the best folk musicians. By 1940 he was appearing on CBS radio with such notables as Woody Guthrie, Leadbelly, Josh White and Burl Ives. With them, he helped pave the way for the current American folk music revival.

Resumes Career

Seeger served a three-and-a-half year Army hitch in World War II. He then resumed a career touring the United States, United Kingdom and Canada. Since then his records total over 50 LP albums for Columbia, Folkways and others. He has edited various songbooks and folk music magazines.

Folklore Research Films, which he founded with his wife Toshi, has won several prizes in international film-making competition. And more than a few of the banjoists with presently popular folk groups learned their instruments from Seeger's manual "How To Play the Five String Banjo."

Not only has Seeger performed, but he has revived and written scores of songs. Among his own compositions are such hits as "Kisses Sweeter Than Wine," "Where Have All the Flowers Gone," and "If I Had a Hammer."

Audience Sings

Old songs or new, songs from the 18th century or from today's newspaper headlines, songs from Texas or Georgia or Africa, Spain or Wales, Seeger's concerts always have featured audience participation. As he says, "My programs have a lot of songs that don't sound right unless the crowd joins in."

His current popularity on university campuses involves students for whom—and with whom—he first sang when they were children in summer camps. "They're starting to graduate now and to run for Congress," he says. "Maybe someday we'll have a folk-singing Congress."

And of the widening national interest in folk music, he notes, "People are searching for roots."

Appleton Music Students in Harper Recital

Three Appleton music students and a faculty guest performer are among the participants in this week's student recital at Lawrence University. Their public program is at 2:30 p.m. Friday, in the Music-Drama Center's Harper Hall.

The Appleton musicians include trumpeter David Ridgely, 1720 W. Packard St.; trombonist John Schulerberg, 824 W. Front St.; and trombonist Robert Boeing, 1919 S. Teulah St. Ridgely is a conservatory senior; Schulerberg and Boeing are freshmen.

Appearing with them will be Edgar M. Turrentine, associate professor of music. Turrentine, a trumpeter, will join the three in a performance of "Morgenmusik," from "Pioneer Music tag," by Paul Hindemith.

Other students on the program are: Mary McClintock, Jenkintown, Pa.; Dianne Forbes, Cambridge, Mass.; Philip Metzger, Prairie Village, Kans.; Maya Duesberg, Bronx, N.Y.; Mary Beldo, Marquette, Mich.; Linda Weibel, Minneapolis, Minn.; Edward Hoffman, Park Ridge, Ill.; Janet Schmalfeldt, Silver Lake; and John Hebblethwaite, Libertyville, Ill.

Their music will include:

Program Concerto in C Minor Vivaldi
Trio in G Major Bach
Dianne Forbes, Philip Metzger, flutes, Maya Duesberg, piano
The Hollow Men Persichetti
David Ridgely, trumpet
Mary Beldo, piano
Sonata III Vivaldi
John Schulerberg, trombone
Linda Weibel, piano
Concerto in C Major Vivaldi
Edward Hoffman, Janet Schmalfeldt, trumpets, John Hebblethwaite, organ
Morgenmusik, from Pioneer Music tag Hindemith
David Ridgely, Edgar M. Turrentine, trumpets, Robert Boeing, John Schulerberg, trombones.

Public Information Meeting — (tonight) Day Care Center—Its Place in the Community and Its Needs, 8 p.m. Huntley School, Appleton.

Lawrence University Theatre — (now through Saturday) Max Frisch play, Biedermann and the Firebugs, 8:15 p.m., experimental theater, Music - Drama Center.

Lawrence Convocation — (Thursday) Samuel Lubell, news commentator, author and Columbia University professor, on the election, 10:40 a.m., Memorial Chapel.

Comedy Material from the old Chase and Sanborn Hour that made radio listeners chuckle and laugh during the 1930s and 1940s has been retaped for a special broadcast Sunday, Nov. 15, over the NBC Radio Network. These are some of the star entertainers on the coffee firm's 100th anniversary show. They are shown as they looked in the "golden age of radio." Dorothy Lamour and Rudy Vallee at the top; the late W. C. Fields and Edgar Bergen with his famed dummy Charlie McCarthy, center; Don Ameche and the late Eddie Cantor at the bottom.

Special Radio Program Set For Sunday

"Why don't you come up and see me sometime?" Mae West will intone to Charlie McCarthy once again when The Chase & Sanborn 100th Anniversary Radio Show is broadcast Sunday, Nov. 15 (7 to 8 p.m. EST) on the NBC Radio Network.

Voices of Miss West, Clark Gable, James Stewart, Ethel Barrymore, Carole Lombard and Ray Noble will join those of previously announced stars. These are Fred Allen, Mary Pickford, Don Ameche, Eddie Cantor, Rudy Vallee, Margaret O'Brien, Nelson Eddy, Alec Templeton, Ogden Nash, Jack Oakie, Adolphe Menjou, Charles Laughton, W. C. Fields, Dorothy Lamour and Rosalind Russell.

The Chase & Sanborn 100th Anniversary Radio Show will have Edgar Bergen and that famous bon vivant Charlie McCarthy as hosts. Mortimer Snerd will aid Bergen and McCarthy in introducing and tying together the special radio broadcast that features the guest comedy material taped from the transcriptions of the old "Chase & Sanborn Hour" of the 1930s and 1940s.

'Two Chinas' Is Excellent Documentary

BY TV SCOUT

6:30 (Channel 2) — CBS Reports comes up with a timely and engrossing document a rary with "The U.S. and the Two Chinas." With the aid of French and other foreign camera crews (U.S. reporters are barred from Red China), producer David Lowe provides a rare peek of Peking just prior to the recent A-bomb blast which shook the world. The views behind the Great Wall are reported to be uncensored.

6:30 (Channel 5) — The Virginian is concerned with Rut a Lee in "The Girl From Yesterday." Once the innocent sweetheart of Gary Clarke, she shows up in Medicine Bow as a sophisticated sparrow who's helping a gang state a hold-up. (Color)

7 (Channel 11) — The Patty Duke Show has a faraway look in a far-out plot concerning Patty's ambition to join the Peace Corps. The youngster stretches her age and is accepted. Then she finds herself with two problems: (1) how to learn Swahili, and (2) how to tell her parents she will be soon off to Africa.

7:30 (Channel 11) — Shindig, the fountain of youth for all rock 'n' roll fans, continues its lively pace with some more imports from England, Billy J. Kramer and the Dakotas, Jimmy O'Neill also plays host to Bobby Sherman, Russ Titelman, the Apollas, Hank Williams Jr., Orriell Smith, Jody Miller and Willy Nelson.

8 (Channel 2) — The Dick Van Dyke Show concludes its two-parter with guest star comedian Don Rickles, a convict whose life is brightened by Rob and Laura. A visit to his prison almost ends in a riot.

9 (Channel 3-5) — Wednesday Night at the Movies' offering is "The Sad Sack," a Jerry Lewis enterprise which finds the rubber-faced clown as a forlorn, humping private who is cheered by Phyllis Kirk, a WAC psychiatrist who tries to get to the root of his problems.

8:30 (Channel 2) — The Cara Williams Show is a rowdy adventure with heroine believing hubby Frank Aletter is smuggling diamonds to balance the family budget. The rocks, however, are as synthetic as the humor.

8:30 (Channel 11) — Burke's Law is out to solve the mystery of "Who Killed the Richest Man in the World?" Among the suspects, all owners of long-range air rifles, are Ricardo Montalban, George Hamilton, Diana Lynn, Pilar Seurat, Karen Sharpe and the Smothers Brothers.

9 (Channel 2) — The Danny Kaye Show is populated by a pair of amusing visitors, comedian Howard Morris and Shari Lewis, who ring up the curtain with their host in a marionette act to the tune of "You Are My Sunshine." Miss Lewis and her puppet, Lamb Chop, are also appearing in "Cherry Pies Ought to Be You."

THERE'S NO MAGIC ABOUT IT

It Just Seems That Way Because You Accomplish So Many Amazing Things With Post-Crescent Classified Ads

Just about everybody knows that Classified Ads are the place to go to find a home, buy a car, rent a room, have a lost article returned or get a better job . . . But sometimes folks forget that Classified Ads do something else that is mighty important too. **They make things possible!** Things like a new bike; a week-end trip; drapes for the living room; a very special dress; a new golf bag; a growing savings account . . . Classified Ads mean better, easier living for you and your family because they bring you the extra cash that allows you to have more and do more. And these hard-working little ads are so easy to use. Here's all you do.

Go through your home. Look for every worthwhile thing your family doesn't use or need anymore and write it down. For example . . . the musical instrument nobody plays, the good outgrown clothing and toys you've packed away, sports equipment, outdoor furniture, yard and garden tools, portable record player, furniture, and much, much more. Then, when you have your list, just dial RE 3-4411, PA 2-4243 or Oshkosh 231-4621 any time between 8 a.m. and 4 p.m. for an experienced Ad Writer. She'll help you word your ad to bring fastest results. That's all there is to it. The Cost? Surprisingly low. A 3 line ad is less than 64¢ per day on the special 8 day rate. Soon you're in touch with other folks who want what you offer and pay you cash for it.

Seem too good to be true? Well, like we said — there's no magic about it . . . It just seems that way because Post-Crescent Classified Ads accomplish so many things for you.

Isn't it time you put the amazing power of Classified Ads to work for you? It's an awfully good way to have smiles come faster — and wishes come true around your house.

PLACE YOUR FAST ACTION POST-CRESCENT WANT AD TODAY!

Taxi-Squadman Makes Good

Doug Hart Has Become Semi-Regular for Bays

DOUG HART—230 BY LEE REMMEL Post-Crescent News Service

Members of the "taxi squad," who labor in virtual anonymity for the most part, awaiting the break that may never come, seldom ascend to National Football League stardom.

There are exceptions to all rules, however, and one such may now be in the Packers' midst. That would be Doug Hart, the Hollywood handsome cornerback from Arlington (Tex.) State, who registered his first interception in last Sunday's 30-7 Packer rout of the Detroit Lions.

Hart, who admits to being "pretty happy about it," triggered the Packers' final points, a 34-yard Paul Hornung field goal, with his steal. He had been summoned to combat midway through the third quarter in relief of veteran Jess Whittenton, still troubled with a pulled leg muscle.

Doug, highly regarded by Defensive Backfield Coach Norb Hecker, toiled with the Pack's cab squad throughout the 1963 season after winning all-Texas honors at halfback as a senior at Arlington State, then exhibited sufficient improvement in this year's training camp grind to win a berth on the official roster.

A semi-regular

In recent weeks, it should be added, he has become a semi-regular. "I came in in the third quarter of the first Minnesota game when Herb got hurt, and then started the San Francisco game the following week," the well-knit Texan itemized. "Then says play it the way you can—again in the second Minnesota game, I went in for Jess on the other side. That also was in the third quarter, I believe."

And, although he claims no personal responsibility, the one my has scored only 24 points

during the approximately eight quarters he has been employed to date.

Playing down that hidden interception, he said, "He (Terry Barr) came down and just ran a square-in. And just as Plum (Milt) was passing the ball, Henry Jordan hit his arm. The ball was a little slow and flattered, and behind the receiver. I just stepped up and grabbed it—that's the kind you should intercept."

His call to duty had come as no surprise, he explained. "I was supposed to be ready. Jess' leg just got tired and he was afraid he might pull it again, so he had talked to Phil Bengtson (defense coach) the series before I went in and they both came up to me and said to get ready to get loose."

Playing both "corners" is no particular handicap, the personable "sophomore" finds. "I've been practicing at both all season, so I feel pretty secure in either one, although I guess that isn't true with everybody. Herb (Adderley) told me he played the other side in practice and he felt left-handed over there."

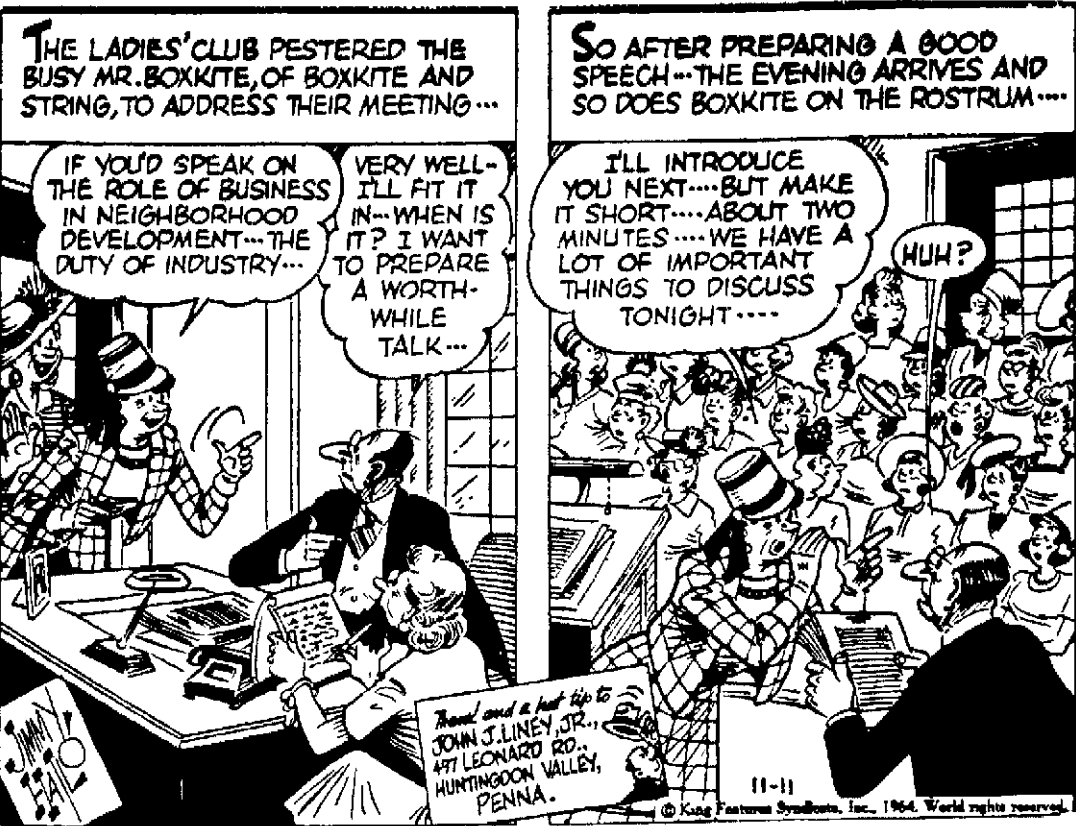

Doug, who played both safety and cornerback in college, has found the "big difference" here is just concentration and keeping up with what's going on out there. As long as you can do that, you can always stay out of trouble."

There also is occasional counsel from Whittenton, Hart says, simultaneously pointing out, "It's awfully hard for one man to give another ideas on how to play that position. Jess always says play it the way you can—again in the second Minnesota game, I went in for Jess on the other side. That also was in the third quarter, I believe."

And, although he claims no personal responsibility, the one my has scored only 24 points

They'll Do It Every Time

By Jimmy Matto

Harold Jansen Hits 594 Set

LITTLE CHUTE — George Evers blasted a 235 game and Harold Jansen hit a 594 series to share honors in the Fox Valley Bowling League at Little Chute Recreation.

Clem and Rosie's Bar (17-10) leads by a game over Knotty Pine. Other honor scores were hit by Orville Peeters, 577; Dick Weyenberg, 570; Roger Vander Wylst, 562; Hank Evers, 562; Urban Van Asten, 560; Glenn Muenster, 557; Marty Jansen, 556; Bill Carney, 554, and Gene Vanden Heuvel, 551.

UW Aide Says Defense Key to Grid Success

CONTINUED FROM PAGE 1

include "senioritis," Rose Bowl "itis," and the fact that his personnel is geared to go both ways instead of playing the modified platoon system now in use.

"Our team has given a good effort in every game," Elliott said, "as much as last year. I couldn't say that not being able to go to the Rose Bowl wasn't have something to do with our situation. There's tremendous momentum a team gets going to the Rose Bowl. That doesn't mean a team won't play good football. We've had our bad moments and we've had our good ones."

Joe Reynebeau Fires 579 Set

LITTLE CHUTE—Joe Reynebeau fired a 579 series to pace the men, and Lorraine Van Vreede had 193 game and 502 series to top the women in the Bird Couples Bowling League. Latest round of action at the Recreation Lanes.

The Crows (11-4) lead the Canaries by one game and other honor scores included a 235 game by Glen Jansen and a 577 series by Don Peeters.

Minding Your Business

When Money Supply Dwindles Forget Those Magazine Ads

BY CYRUS BARRETT, JR.

DEAR CY: I am a divorcee with one child to support. Until getting fired, I had a job working in a store. I took sick and they fired me for missing 3 days' work in a row without phoning in. I don't have a phone so had to depend on someone else who failed me. Since being let out, I have been drawing unemployment compensation which runs out with my check next week. Within the last month, I have answered around 25 magazine ads for home money-making deals. When I get the "free de-

vate and state, immediately. They can counsel you on the type of work to seek and help you stand upright. With a new financial posture, you can turn your mind to private enterprise. Let someone else turn over magazine pages and greenbacks searching for what must ultimately be discovered within you. That's where the treasure is. Marian. —CY

DEAR CY: Before the cold weather got a chance to hit, my wife was asked for \$78 by a dishonest furnace repairman. He said, "Madame, I just happened to be in the neighborhood and am going for broke. The best sounding, a furnace repairman. If you wish your unit checked to prevent drastic cold weather trouble, I can do it for a nominal charge while here." How can Henrietta screen out these repair swindlers? —JAKE J. D. K

DEAR JAKE: "I just happened to be in the neighborhood" should have been Henrietta's tip-off. Insist your beloved Henrietta deal with reputable dealers and repairmen. If any doubt, she should request references or check with the Better Business Bureau. For extensive furnace work (and other household repairs) bids should be obtained from at least two and preferably three sources.

Bids, details and guarantees should be in writing... and no completion certificate signed until completion. Now, before winter really sets in, caution your bride against the "Inspector." In the guise of officialdom, he will make an inspection while "carrying out federal, state or municipal business." To set him packing, all she has to do is ask to see credentials. If he doesn't flee immediately, she can move toward the telephone. The problem then is to keep the inspector from injuring himself on your property, in his hasty departure. —CY

DEAR CY: Which U.S. government agency can counsel me on leasing good oil or gas lands in the public domain? How about the Bureau of Land Management? —CARNIER

DEAR CARNIER: The U.S. government isn't too strong on making investment picks for citizens. For information on mineral leases available (not evaluation), check with state offices of the Bureau of Land Management in areas which interest you. —CY

Donald Sobkowiak, 18, gets a boost on a heavy log into the Marines from his brothers, from left, Bernard, Ronald, Robert and Charles, all of Onalaska and all of the Marine Corps where lifting a pole is part of the physical training. Donald reported to San Diego, Calif. last July for a four-year hitch. He is the seventh of the nine Sobkowiak brothers to enter the Marines. (AP Wirephoto)

New Task Force for Industry Expansion

Knowles Sets Machinery to Map Plan; Sees Government Changes

Post-Crescent Madison Bureau
MADISON—Gov. - Elect Warren P. Knowles has put an anonymous task force of business leaders and economists to work for the drafting of a new and bold industrial expansion blueprint for Wisconsin.
The Republican leader who will be inaugurated as state executive in January made clear at a press conference here that his major objective as head of the state government during the next two years will be to "accelerate our rate of job crea-

Japanese Port Tense on Eve Of Sub's Visit

SASEBO, Japan (AP) — Tension built to explosive proportions tonight as thousands of leftist-led demonstrators and police reinforcements poured into this southern port on the eve of the first visit of a U.S. nuclear-powered submarine to Japan.
Sporadic demonstrations against the submarine's arrival spluttered throughout the city of 262,000 only 35 miles from Nagasaki, target of an atomic bomb in World War II.
Socialist leaders said they expected to mobilize at least 10,000 demonstrators when the 2,552-ton Sea Dragon docks in Sasebo Thursday for a three-day visit.
Stronger Police Force
Officials said the government was moving 2,500 police reinforcements into Sasebo and sending six patrol boats to the harbor to prevent demonstrators from blocking channels.
Nearly 1,000 leftist-led demonstrators were marching on the Diet in Tokyo with petitions demanding cancellation of the nuclear submarine's visit. Socialist party leaders claimed they had collected more than 25 million signatures from Japan's 100 million population.
American and Japanese authorities have stressed that the Sea Dragon carries no nuclear weapons and that there is no danger of radioactive contamination.

Drought Hits Some Regions

Indian Summer Lingers in Eastern, Most of Middle Western States

BY JOE DILL
CHICAGO (AP) — This is the season when any suburbanite worth his salt usually is merrily contemplating his snow shovel. Instead, many of them have dandelion problems.
In the eastern half of the nation, trees stubbornly clutch their leaves and flowers are blooming. Even the birds are confused.
Drought In Wide Area
The western United States has felt the coming winter's sting, but the mild temperatures and fair skies of Indian summer prevail from the Midwest to New England. Much of the sun-favored area also is trapped in a prolonged drought.
In Chicago, a conservationist said the balmy November weather has kept the birds from their annual sojourn.
"The other day," Robert Mann said, "I saw huge flocks of blackbirds and bronzed grackles traveling east. They should have been flying south at this time of year. They seem to think it's still summertime."
"The flowers and the trees don't seem to know today is Nov. 11. Dandelions are blooming and leaves are still on buckthorn trees."
"I saw yarrow (an herb) and many varieties of aster blooming, and the golden weeping willow trees retaining their color. Not in my 73 years have I seen the willow retain their colors this late in so confusing an autumn."
The season is caused by a large mass of warm tropical air. American Indians are credited by some sources with naming Indian summer as their favorite god, Cautantowit, god of the Southwest.
In New England and the rest of the East, temperatures have been in the pleasant 60's.
In the Midwest, the mercury has been flirting with summertime levels. The temperature reached 77 degrees Tuesday in

Labor Regime Asks Hike in Income Taxes

Acts to Increase Pay to Jobless and British Pensions

LONDON (AP) — The new Labor government announced today substantial increases in British pensions and unemployment benefits and a hike in income taxes to pay for them.
James Callaghan, chancellor of the exchequer — a post similar to secretary of the Treasury in the United States — told the House of Commons the additional welfare outlay would cost approximately 85 million pounds (\$238 million) a year.
He said the standard income tax rate would be raised from 7 shillings 9 pence (38.75 per cent) to 8 shillings 3 pence (41.25 per cent) per pound of taxable income to meet the additional cost.
Higher Pension Rate
Callaghan said the pension rate for a retired married couple would rise from 5 pounds 9 shillings (\$15.26) a week to 6 pounds 10 shillings (\$18.20).
The weekly unemployment benefit will go up from 3 pounds 7 shillings 6 pence (\$9.45) to 4 pounds (\$11.20).
The main function of the budget was to regularize the 15 per cent surtax on imports the government imposed last month to cut imports. Imports have been running far ahead of exports, giving Britain an adverse trade gap estimated at \$2 billion this year.
Britain's trading partners in Europe have criticized the surcharge, contending it violates the rules of the seven-nation European Free Trade Association and the larger General Agreement on Trade and Tariffs — GATT.
The government's second test in the House of Commons came Tuesday night on a Conservative motion expressing no confidence in the Labor regime's program. Bolstered by unexpected support from the Liberals, Prime Minister Harold Wilson's government won the vote 315-294.
Backed by Liberals
The nine Liberal members of Commons had been expected to abstain, but Jeremy Thorpe told the House his party would vote against the Tory motion because: "In the first place it is arrogant, secondly it is complacent and thirdly it arises, some

Progress Seen by Allis-Chalmers, UAW Negotiators

MILWAUKEE (AP) — Some progress has been reported in negotiations by the Allis-Chalmers Mfg. Co. and the striking United Auto Workers Union on a new contract for 10,700 farm implement workers.
Negotiations are progressing slowly and steadily and there has been some progress," Burton Foster, a union spokesman, said late Tuesday night.
There was no indication that an agreement was imminent as the strike entered its fourth day. The dispute has idled UAW members at five Allis-Chalmers plants in four states.
General negotiations sessions were recessed late Tuesday night but committees striving for agreement in specific areas continued to meet past midnight.
The negotiators are working on the four local plant pacts still unresolved. Local issues at the La Porte, Ind., plant have been settled.
Other plants involved are at suburban West Allis and La Crosse, Wis., and Springfield, Ill., and Cedar Rapids, Iowa.

Told to Free Paul, Jailer Releases All

COLUMBIA, S.C. (AP) — After Columbia police arrested 26 men for fighting Saturday night, one telephoned a lawyer.
The lawyer called Magistrate Frank Powell to get approval on a signed bond.
The judge said he would tell the jail to release the man, named Paul, and the lawyer could bring the bond around for signing Monday.
Powell called the jail: "You got a bunch in there for fighting?"
"Yep," said the jailer.
"Well, let Paul go."
The jailer said he thought the magistrate said let all go.
Only 16 of the 26 had been rounded up Tuesday.

Johnson, Dillon Aim at 1965 Excise Tax Slash

President Also Will See Commerce Secretary on Civil Rights and Economy

JOHNSON CITY, Tex. (AP) — President Johnson summoned Secretary of the Treasury Douglas Dillon to his hill country ranch today to make plans for a 1965 excise tax cut.
Johnson, winding up a first round of post-election conferences with top Cabinet advisors, also invited Secretary of Commerce Luther Hodges to visit the ranch during the afternoon to talk about voluntary compliance with the new Civil Rights Act and the business outlook at home and abroad.
Proposes Reduction
Both Secretary of State Dean Rusk and Secretary of Defense Robert S. McNamara conferred with the President Tuesday at the 400-acre LBJ Ranch.
Johnson wanted to talk to Dillon about tax legislation to be submitted to Congress in January. During the election campaign, the President said he would recommend a major cut in excise taxes. He hinted at broader tax cuts in the longer range future.
The President's efforts to reduce the budget deficit, now totaling about \$5.7 billion a year, will be affected by the size and timing of the planned cut in excise levies.
Won't End Levies
Excise taxes net close to \$15 billion a year — an amount large enough to discourage any proposal to eliminate them entirely.
Johnson is expected to call principally for the scrapping of excises on purchases such as cosmetics and handbags. These

amount to about \$500 million a year.
The President, who will be concentrating for the next several weeks on budget planning and new legislative proposals, got some encouraging budgetary news.
McNamara handed him preliminary figures indicating that defense spending next year can

7 Feared Dead In B52 Crash

Cause of Smashup In Montana Area Not Determined

WOLF POINT, Mont. (AP) — An eight-jet B52 bomber crashed and burned in a desolate area of northeastern Montana late Tuesday night, killing six crew members. Another crewman is missing.
Bodies of six men were found, the Air Force reported today. Two of the bodies were located near one of the jet engines, which were hurled more than a quarter of a mile from the point of impact.
Prairie Set Afire
Burning wreckage from the crash ignited a prairie fire that burned more than 350 acres. About 40 ranchers extinguished it, using shovels, sacks and tractors.
The plane was from Larson Air Force Base at Moses Lake, Wash.
The Air Force in Washington said the plane was descending from an altitude of 36,000 feet to 23,000 feet at the time radio contact was lost.
The plane was from the 462nd Strategic Aerospace Wing, the Air Force said. Names of the crewmen were withheld until the next of kin were notified.
At the Glasgow base, Col. R. H. Worrell, wing commander, said the plane was on a routine training mission, flying in circular patterns and making simulated bombing runs. He said it may have been using a bombing range near Bismarck, N.D., as a simulated target. The plane was not carrying bombs, he said. It left Larson about two hours before the crash.
The nearest house to the crash site is that of farmer Jake Schlepp. It is about three miles away.
Lt. Russell J. Goldberg, public information officer, said the big jet which crashed with a crew of seven near Wolf Point, Mont., is believed to have been assigned to the 462nd Strategic Aerospace Wing at Larson, near Moses Lake, Wash.
Goldberg said one of the wing's planes was "reported missing" on a training flight "in the Montana area at the approximate time the accident was sited."

Man in Automobile Holds Up Drive-in Bank

YONKERS, N.Y. (AP) — A crew-cut young man robbed a drive-in bank Tuesday of about \$500 without leaving his car.
Teller Paul Bowen, 18, said the man handed him a note demanding small bills and warning, "There is a man behind me if you don't."
Bowen saw no gun and no man behind the bandit, but handed him a pile of bills.

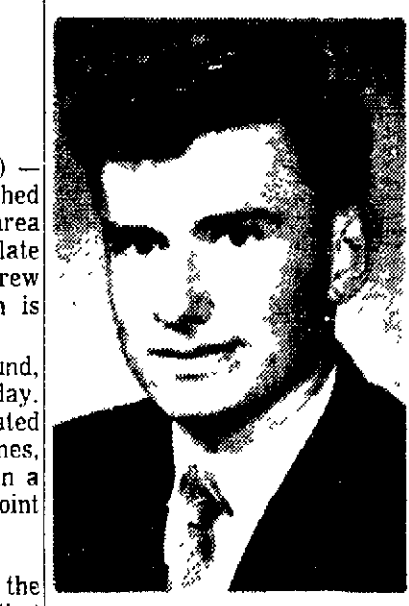

Smattering of Thunder Showers Predicted

Fox Cities — Partly cloudy tonight with periods of light rain. Thursday cloudy with scattered showers and thunder showers. Turning cooler with a low near 52 and high Thursday expected near 60.
Appleton — Observations at 10 a.m. today. Temperatures for the 24 hours: High, 58, low, 45. Wind: 10 miles an hour out of the west southwest. Barometer: 29.59 and steady. Relative humidity: 78. Dew point: 52. Temperature: 58. Precipitation: .03. Skies are clear.
Sun sets today at 4:31 p.m., rises Thursday at 6:46 a.m. Moonset tonight at 10:24 p.m.

Rural Appleton Man Killed in One-Car Crash

K. C. Schmelzel Is Outagamie's 25th Auto Fatality

Kenneth C. Schmelzel, 21, route 1, Appleton, was killed almost instantly when the car he was driving apparently went out of control and rammed a retaining wall on State 76 about three miles northwest of Appleton early today.
Outagamie County Coroner Bernard H. Kemps said the man

Kenneth Schmelzel
died of crushing chest injuries. Schmelzel was alone in his car when the accident occurred.
The crash recorded the county's 25th highway fatality this

1,100 Perish as Floods Strike Viet Nam Region

SAIGON, South Viet Nam (AP) — A U.S. military spokesman said today 1,100 Vietnamese civilians are reported to have drowned in floods surging through the valleys of mountainous central Viet Nam.
The spokesman cautioned that the figure may be exaggerated, but a natural disaster of major proportions was increasingly evident.
Refugees are pouring into the main coastal cities. Between 36,000 and 45,000 are in Da Nang, a key port and military base 380 miles northeast of Saigon.
Rescue work in some of the 10 stricken provinces is being hampered by Communist Viet Cong groundfire against U.S. helicopters attempting to move out the stricken and to fly in food supplies, the spokesman said.
About 150,000 people are reported homeless.

Rites at Arlington Honor War Dead

Speaker Calls Kennedy and Service Heroes Hate Victims

BY W. JOYNES MACFARLAN
WASHINGTON (AP) — The Unknown Soldiers and President John F. Kennedy "together were victims of hate and their graves bear mute evidence of what man's basest instincts can do to his noblest motives," Veterans Administrator John S. Gleason Jr. said today.
Gleason spoke at Veterans Day ceremonies and placed a presidential wreath at the Tomb of the Unknown in Arlington National Cemetery, where Kennedy spoke last year 11 days before he was assassinated in Dallas, Tex.
Cost of Victories
In his prepared address, Gleason said:
"We have a good example of the cost of our nation's victories. 'It is well to recall that he within a few feet of this platform that would not be done in. For, in the shadow of this splendid amphitheatre there stand three simple granite vaults holding all that is mortal of three unknown men who gave the last full measure of their devotion to our country. 'Not far from them, also on a slope facing across the Potomac eternally sleeps another American, known to all the world — a man who last year joined us in this ceremony and placed a wreath on the grave of the Unknowns, little knowing that he himself in exactly two weeks would, like them, rest forever

No Pickets, but Sentinels Group of Teachers in Louisville on Strike

LOUISVILLE, Ky. (AP) — The Louisville school teachers' strike continued Wednesday with the possibility of silent sentinels instead of pickets at the schools. A court order has been issued against picketing, but an attorney advised the strikers it wouldn't apply if they just walked nearby, in silence.
Louisville schools continued to operate even with absences of teachers that hit some schools hard Tuesday. There seem to be 150 to 200 strikers compared with the total city teacher force of 1,896. No firm figure on the strike force has been released. The teachers seek a pay increase.
Gov. John McKeithen of Louisiana called a special session of the legislature for Monday to boost teachers' salaries. He acted in the face of mounting pres-

Group of Teachers in Louisville on Strike

ures from Louisiana's 36,000 teachers. McKeithen said he will ask a \$500 across-the-board hike, half of what the teachers demand.
In Oklahoma Gov. Henry Bellmon called for teachers to meet with him Dec. 5, saying there had been "a breakdown in communications between the governor's office and the teachers." He said he would outline a program to "substantially improve Oklahoma's educational system. His call for the meeting came after 1,200 teachers had demanded a \$1,000 salary boost by March 1, saying they wouldn't sign new contracts next spring if their demands were not met.
The current teacher wage in Louisville is \$4,400 to \$6,600 a year. The teachers want a \$1,500 boost, five times what they would have received under the tax raise that was defeated.

Eighteen-Month-Old Debby Dillman reaches from a Salem, Ind. hospital bed toward her mother after being rescued from a farm well where she was trapped Tuesday for three hours in icy water. Neighbors dug six feet into the ground to break through the dirt-walled well and pull her to safety. (AP Wirephoto)

Vote Count Continues at Illinois Polls

CHICAGO (AP)— Election of officers predicted Monday that official results of the at-large election of the Illinois House may not be known until early December.

The counting of the long, orange ballots bearing 236 names to fill 177 House seats has been completed in Cook County (Chicago) but still was in progress in many downstate counties.

Stanley Kusper Jr., lawyer for the Chicago Election Board and George R. McCollom, chief of the county clerk's election office, said state law prohibits announcement of the results until after completion of an official canvass.

They said unofficial counts that are being made public from downstate Illinois were taken by political party representatives who witnessed the tallying.

Kusper and McCollom said the law requires that the count results be placed in sealed envelopes for the canvass and be

Librarian Caught Reading a Novel

DENVER, Colo. (AP) — What does the librarian of Congress read when he isn't working?

Dr. Lawrence Quincy Mumford, in Denver for a speech, forwarded to the secretary of state who will announce the official result.

The secretary must begin his canvass on Nov. 23.

The two men said they expect to begin their official canvasses of the Chicago and Cook County vote late this week and that it would take a week or more to finish.

Now Many Wear FALSE TEETH With Little Worry

Eat, talk, laugh or sneeze without fear of insecure false teeth dropping, slipping or wobbling. **FASTEETH** holds plates firmer and more comfortably. This pleasant powder has no gummy, gooey, pasty taste or feeling. Doesn't cause nausea. It's alkaline (non-acid). Checks "plate odor" (identifies breath). Get **FASTEETH** at drug counters everywhere.

Board of Health Tests Sewers In New London

Results May Decide if Treatment Plant Is Expanded

NEW LONDON — Tests by the state board of health at three points in the city were being conducted to determine the biochemical oxygen demand being taken into and discharged from the city sewage treatment plant.

Tests are being conducted at Borden Food Co., Hamilton Canning Co. and the sewage treatment plant. Conducting the tests are Bruce Stevens and Harold Wunsch of the State Board of Health and James Lissack member of the State Commission on Water Pollution.

Kenneth Black, Donohue and Associates engineering firm, Sheboygan is representing the city in taking the samples.

About a dozen persons will be taking samplings every half hour for two days.

Test Locations

Ray Pelishek, director of public works, said the tests are being taken at Borden and Hamilton where the sewage is discharged into the city mains.

Stevens said the tests at the sewage plant were being taken at the raw sewage entry, the primary effluent tank, the filter effluent tank and the final effluent tank.

Tests will follow the standard procedure and no results will be available for at least 120 hours. Results will be sent to the city and Donohue.

Al Lau, Borden Co. chemist, also will run tests on the samples.

Testing of the discharge into the sewers by the two manufacturers and of the discharge of the plant was brought about by a need for apparent expansion of the treatment plant brought to light at Wolf River Pollution hearings.

Wittenberg High Open House Set For Thursday

WITTENBERG—Open house will be held in the high school Thursday as part of local observation of American Education Week.

Hours of the open house will be 12:30 - 4:15 p.m. Regular classes will be in session, along with a variety of demonstrations.

Guides will be available to visitors, and refreshments will be served in the lunchroom.

Committees in charge of American Education Week activities at the high school include Joseph Miller, Julianne Sibby, Roger Hanson and Josephine Cherry, from the high school staff.

The schedule for open house in the grade schools of the Consolidated District includes:

Wittenberg School, Tuesday, 7-9:30 a.m.
Eland School, Thursday, 7-9 a.m.
Elderon Grade, Thursday, 7-9:30-10 a.m.
Galloway School, Wednesday, 1-3:30 p.m.

Royal Neighbors

NEW LONDON—Mrs. Clayton Holmes, 705 N. Water St., New London, will be host to the Royal Neighbors Nov. 18. Assisting the hostess will be Mrs. Laura Rohde, Mrs. Andrew Schertz and Mrs. Naheem Buckarma.

No Additions

70 Outagamie Budget Items Go Unchanged

Supervisors spent two hours Tuesday morning going over 70 items in the 1965 Outagamie County budget and made no additions or deletions.

Picking up where they were when the board adjourned Monday noon, board members spent a good deal of time discussing a \$12,000 increase in the appropriation for the Community Guidance Center.

The increase, which County Business Administrator Alvin Woehler explained as being for salary increases, was from \$22,113 in the 1964 budget to \$34,000 in the proposed 1965 budget.

Supv. Eugene Kloes (Appleton 4) said the increase appropriation is included in the budget despite rumors the guidance center's psychiatrist may leave during the coming year.

"If he quits," Kloes asked, "does the guidance center still get the entire appropriation?"

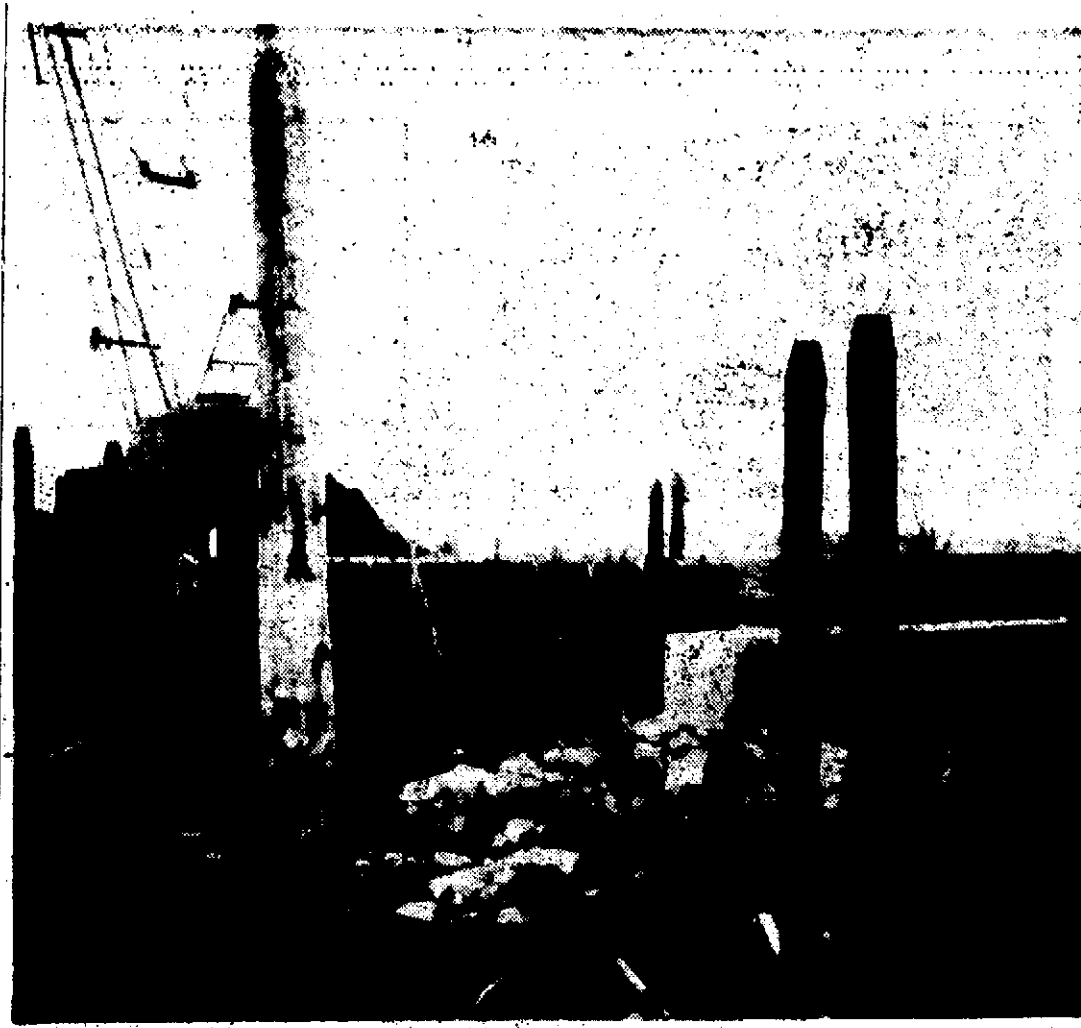

"Tight Controls"

Woehler, who is a county representative on the 15-member board along with Corporation Counsel A. W. Ponath and Welfare Director Alfred Eggert, explained the guidance center gets one-fourth of its appropriation every quarter and the board maintains "tight budget controls."

Woehler explained a net decrease of \$319.93 in County Tuberculosis Sanatorium operations.

On the Outagamie County Fair appropriation of \$9,000, the maximum allowed by the county, Woehler said the reason the item is higher than the usual \$7,500 appropriation is plans for maintenance and painting next year.

"However," he said, "this should complete the major repairs at the fair and we should see a substantial reduction in this budget item next year."

A New Bridge Replacing one built in 1924 is being constructed on County Trunk D a mile northeast of Bear Creek. The old bridge was so narrow that it was almost impossible for two vehicles to pass. The work is part of an overall betterment project on the county trunk. (Will Photo)

New London Tax Rate May Be Hiked Approximately \$6

Exact Amount of Rise Depends on Outagamie, Waupaca Budgets

NEW LONDON — Property taxes here are certain to rise next year, but precisely how much depends on budget action scheduled to be taken this week by the Waupaca and Outagamie County boards.

Though the city's total budget is incomplete and won't be set until the city learns how much it has to pay in state taxes and to the two counties, a tax rate increase of about \$6 per \$1,000 seems apparent. The rate will be adopted after the public budget hearing at 8 p.m. Nov. 17.

This will be brought about primarily by greatly increased school needs, because city spending, though up for 1965, will be more than offset by more outside revenues and a broadened tax base while state and county demands are expected to remain fairly constant.

School Share

For 1965 the city will be asked to contribute \$437,501 as its share of the school district budget. This is \$83,947 more than for the current year when \$437,501 of the city's \$942,920 total budget went for schools. Construction of a new high school is largely responsible for the hike.

Because the city has territory in two counties, it has two different total tax rates. Responsible is the variation in county and state taxes between Waupaca and Outagamie.

This year, for example, the total rate in wards in Waupaca County was \$54.70 per \$1,000 of assessed valuation while in Outagamie it was \$48.98.

Waupaca Rate

Making up the rate for the city's Waupaca property owners was \$14 for local purposes, \$28.74 for schools, 35 cents for state taxes collected by the county and \$11.61 in county taxes.

Outagamie residents, meanwhile, paid only \$5.86 in county taxes and 38 cents for the state. Rates for the school needs and

local purposes are uniform throughout the community.

The school rate next year will rocket to \$35.17, a \$6.43 hike. The boost will be reflected directly on the new total rate, unless unexpected relief comes in the form of cutbacks in county spending, since it is based on the city's new assessed valuation.

Aside from school costs, this year's total budget included \$457,861 for local purposes, \$11,152.51 in Waupaca County taxes, \$3,348.17 in state taxes to Waupaca; \$15,371.49 as its share of Outagamie County taxes and \$1,033.46 in state taxes to Outagamie.

City Spending

A total of \$508,948.98 has been proposed as the local portion of the 1965 budget. This is \$51,086.99 more than the city spending plan of \$457,861.99 adopted for the current year's operation.

Almost matching the hike in city needs are increases in revenues anticipated from sources

other than direct taxes. They total \$334,880 or \$49,286 more than the \$285,594 from outside sources included in the 1964 budget.

A \$1,801 increase in the levy bringing it from \$172,267 this year to \$174,068 for 1965 makes up the difference.

The modest levy increase, when spread over a broadened tax base, actually results in shaving one cent off the tax rate for city purposes, from \$14 a \$1,000 to \$13.99 for 1965.

New London this year had a total assessed valuation of \$12,306,100 with \$2,728,975 in Outagamie County and \$9,577,125 in Waupaca.

Motorist, 16, Critical After One-Car Crash

Terry O'Donnell, Manawa, Hurt When Auto Strikes Pole

MANAWA — Terry O'Donnell, 16, route 1, Manawa remains in critical condition at the New London Community Hospital today following a one-car crash northwest of Manawa, Monday night.

The youth received severe head injuries and was unconscious following the accident. Jean Feustel, 16, Manawa, a passenger, escaped with minor bruises.

O'Donnell was traveling east on a town road about two and one-half miles northwest of Manawa when he lost control of his car at the Clover Road intersection, police said. The car rolled over onto its right side and skidded into a telephone pole. Miss Feustel has been released from the hospital.

The accident which occurred about 10:30 p.m. was investigated by Gerald Pagel, Waupaca County traffic patrolman, and Kenneth Stevens, Manawa police chief.

Meeting Dec. 14

New London May be Included in 2-Year University of Wisconsin School Study

NEW LONDON — This community may be included in a two-year University of Wisconsin study of school boards, according to School Supt. H. James Ramsdell.

Ramsdell said the study, being made of schools throughout the state, will be explained at a meeting Dec. 14 in Washington High School.

The valuation, number of parochial schools in proportion to public schools, size of the district and type of district were some of the factors in choosing this district as a study site, Ramsdell said.

Defers Action

The board Monday held up action on two issues concerning construction until they could meet with the architect Tuesday.

The board decided to meet with the architect before making a decision.

Water, sewerage, budgeted for in the current budget have

not been purchased for Reading and Sugar Bush Schools, because of difficulty with water pressure at Sugar Bush.

Ramsdell said Lester Werner, business manager, and he did not know if the purchase of softeners required sealed bids or quotations.

The board held the matter over until Tuesday for discussion.

The board approved the combining of the morning and afternoon kindergarten classes in Sugar Bush School because of small enrollment.

Teacher's Willing

Ramsdell said 18 students were registered for morning sessions and 18 for the afternoon. The average attendance was low this. The teacher is willing to alter her contract to accom-

modate the change, Ramsdell reported.

The change will not take effect until there is adequate time to notify parents and work out details on the change.

The board discussed athletic practice hours and location.

Ramsdell said every attempt had been made to get the practice sessions over as early as possible. Every room big enough and without hazards to the athletes is being used, he said.

Ramsdell said no solution to the space problem is likely until the new school is constructed.

Not For Sale

The board said a letter would be written to William Schroeder, route 2, Hortonville, informing him Medina School is not for sale.

The board said a letter would be written to William Schroeder, route 2, Hortonville, informing him Medina School is not for sale.

Hortonville District Voters Okay Disputed Bond Issue

Outagamie Supervisors Add \$57,779 to 1965 Budget

Board Fails to Act on Proposal To Remodel

Courthouse Plan Would Increase Outagamie Budget

Outagamie County supervisors failed to take action Tuesday afternoon on a resolution which would add \$129,754.57 to the 1965 budget to help solve the problem of space in the courthouse.

The money is intended for remodeling of Welfare Department offices on the courthouse's first floor to make room for a Huber Law prisoner detention section, building a new highway department office and paying architect George Narovec for services in a preliminary study on courthouse expansion.

The appropriation would go into the general fund with approximately \$50,000 intended for the Huber Law prisoner section, \$75,000 for the highway department office and \$4,754.57 for Narovec.

Wait For Sheriff

After considerable discussion, the board voted to lay the motion over until today in order to hear from Sheriff Calvin Spice on whether additional jail

Includes \$51,000 in Pay Hikes, Warden Fund, Printing Center

Outagamie County's overall 1965 proposed budget went up by \$55,779 as a result of Tuesday afternoon's county board action.

Supervisors approved \$57,779 in added expenditures and the addition of \$2,000 in anticipated revenues for the net of \$55,779.

The two new major expenditures were results of recommendations in the J. L. Jacobs Co. efficiency and modernization study of the county. One is \$51,000 for "minimum implementation" of the Jacobs' salary recommendations and the other is \$5,779 for a duplicating "service center" in the courthouse.

Humane Society

The other two additions, \$500 each, are for a boost in the Humane Society budget and for the reinstatement of \$500 for a deputy county game warden.

The \$51,000 for salary increases was put into the budget on the recommendation of the county board's special 11-man committee charged with implementation of the Jacobs' report.

The funds, which weren't allocated, are to be used for salary increases. The 11-man committee will make further studies on job grade levels during the month and report back at November's county board session with a detailed allocation.

Service Center

Speaking in support of the proposal for the duplicating service center, County Business Administrator Alvin Woehler said the county's annual printing bill is approximately \$16,898. "This could be reduced by 56 per cent," he said.

The service center would provide printing, duplicating, photocopying, addressing, paper trimming and other services for all courthouse departments.

According to Woehler, the service center would reduce costs of printing requirements; eliminate costly obsolescence of printed materials; replace present equipment with better quality, lower operating costs and more versatile equipment; speed service to departments by eliminating waiting for outside sources, and improved quality of all internal duplicating.

No Added Personnel

Woehler said additional personnel will not be needed because present courthouse workers will provide the time to operate the equipment.

"The nucleus of personnel for the service center," he said, "will be formed by reassigning the map draftsman, the tax lister and the present duplicator operator."

Approval of the \$500 budget item for a deputy county game

warden came after an annual county board budget hearing argument. Proponents and opponents of the move covered familiar ground in their arguments.

Supvs. Eugene Kloes (Appleton 4) and Norman Austin (Town of Oneida) said the county board should approve the appropriation for someone to assist the county's two state game wardens especially in the area of picking up dead deer on highways.

"If we don't do it ourselves, the state will do it for us," Austin said.

Indirect Cost

Kloes said, "By not taking proper action last year on this matter, the state gave our county a second conservation warden which is indirectly costing us about \$10,000 a year."

"If the state says we need a Turn to Page 4, Col. 1

Village Wins New School Addition

HORTONVILLE — Hortonville Joint School District voters Tuesday approved a controversial \$1,143,000 bond referendum 1,132-531.

The vote followed bitter dispute over location of facilities to be constructed with the bond issue.

Notice of the referendum called for additions to existing school buildings here. Civic groups in semi-urban, unincorporated areas of the district objected to the centralized plan, and favored a separate elementary school in their area.

Vote Breakdown

Sharpness of the dispute was shown in a breakdown of the vote. Hortonville tallied 579 "yes" votes to 35 "no," while in Towns of Greenville and Grand Chute, which voted together, the vote was 85 "yes," 582 "no."

In Dale and Hortonville, also voting together, the vote was 200 - 27 in favor of the referendum. Center, 57-81; Ellington, 183-105; and Liberty, 28-1.

Total vote cast was 1,966. Three ballots in Hortonville were thrown out.

Meeting Monday

School board work toward beginning the project is expected to begin at a meeting Monday.

Plans are for a three-phase expansion program at school facilities here.

This includes a 30-room elementary department, some additions to the high school section and a junior high school section. There also will be hot lunch and cafeteria facilities.

Tickets for World Affairs Talks Ready

Tickets to the "America and the World Community" symposium at 7:30 p.m. Dec. 3 and 4, announced Sunday, are now available at the Appleton, Neenah and Oshkosh offices of the Post-Crescent and the Alumni Relations Office, Wilson House, Lawrence University.

Theme for the two-evening presentation, seventh in the series, is "United States Foreign Policy Since World War II."

Three members of the United States Department of State will speak on world phases of U.S. foreign policy including that with Western Europe, the Communist Bloc and the so-called Developing Countries. Prof. Henry A. Kissinger, Harvard University will keynote the program.

Already there have been many ticket requests.

Tickets must be picked up at the places designated and no phone reservations can be honored. There is no admission charge to either evening program.

Royalton Altar Society Hears Talk by Attorney

ROYALTON — St. Bridget Altar Society's meeting Wednesday evening at the home of Mrs. Ella Paronto had a program on the "Last Will and Testament" by Mrs. Ruth Van Epp, Weyauwega attorney.

Hostesses were Mrs. Clifford Awwe, Mrs. Bernard Faskell Jr., Mrs. Paronto and Mrs. Pete Peterson.

Clintonville Students Observe Veterans' Day

CLINTONVILLE — Veterans' Day was observed at Clintonville Junior High School today with an assembly program in the auditorium.

Guest speaker was the Rev. Thaddeus Koszarek, St. Rose Catholic Church.

Soft Stuffed Dolls are being made for orphans' Christmas gifts by the junior auxiliary of the Wolf River American Legion Post at Fremont. Displaying their work are, front row from left, Gina Bartel, Barbara Abraham, Peggy Marks and Luan Kiesow. Back row, from left, are Candace Oehlke, Joan Abraham, Laurie Bartel, Kathy Hodgden, and Joyce Abraham. (Schmidt Photo)

19 Mustangs Get Varsity Grid Letters

MARION — Nineteen Marion Mustang gridders won varsity letters during the 1964 football season.

Senior numeral winners named by head coach Gerald Meulemans were Jamie Brandenberg, Leroy Mielke, Tim Olson, Ken Clifford, William Zimdars, Robert Korth, Gary Thomak, Herb Kitzman, Dave Henselin, Mike Netzel and Carl Gruenwald.

Juniors were Ken Frailing, Dick Suehring, Ted Gerbig, Jerry Steinke and Jerry McKay, sophomore Doug Brandenberg and freshman, Tom Brandenberg and Jim Krueger.

Under Meulemans, the Mustangs posted their best win-loss mark since 1959, a 5-2 record.

Guidance Counselor Panel Planned for Manawa PTA Meeting

MANAWA — A panel of guidance counselors will be featured at a Little Wolf District Parent-Teacher Association meeting at 8 p.m. Nov. 16 in the high school cafeteria.

Guidance services available to parents, teachers and students will be discussed by high school counselors, Roman Danielson, Waupaca, Joseph Wells, and Marion Huppler, New London. George Lehto, Manawa, will be moderator.

The hospitality committee will be headed by Mr. and Mrs. Kenneth Stroessner and Mr. and Mrs. Howard Griffin.

St. Agnes Altar Society To Meet at Lebanon

LEBANON — The St. Agnes Altar Society will meet in St. Patrick Church hall at 8:15 p.m. Thursday for a travelogue program.

Mrs. Don Cram is program chairman. Hostess will be Mrs. Harold Casey. Mrs. James Coughlin, Mrs. Leonard Loughlin, Mrs. Lillian Nienhaus, Mrs. Raymond Smith and Miss Nellie Stewart.

Relief Corps Has Veterans Day Program

NEW LONDON — Mrs. Joseph Suver presented a program in observance of Veteran's Day at the Henry Turner Relief Corps met Monday at the Odd Fellows Hall.

The Corps voted to make a contribution to the New London United Fund.

Hostesses for the meeting were Mrs. Margaret Edminister and Mrs. Dorothy Fritz.

Solicitors Seek Donors for Waupaca Bloodmobile

WAUPACA — Volunteer workers are contacting Waupaca residents in an effort to secure enough donors for at least 121 pints of blood for the Red Cross Bloodmobile when it visits the Waupaca Armory Friday noon to 6 p.m.

Although the quota was set at 121 pints of blood, Waupaca is Moore, chairman, Mrs. Gary listed as being short 25 pints of blood from previous visits and if Mrs. Stanley Kuivanen, Mrs. Harold Wacek, Mrs. Harold the goal for this visit would be about 150 pints.

The Riverside Hospital Auxiliary is sponsoring the visit.

Soliciting donors in the rural communities are Mrs. Russell Smith, Mrs. Kermit Clauson, Mrs. Jack Sorenson and Mrs. Albert Peters.

Arlin Barden is chairman of the workers at King.

In Waupaca Mrs. Alfred Jar-nick is first ward chairman. Co-workers are Mrs. Robert Whitman, Mrs. Harold Plowman, Mrs. James Bowersox, Mrs. Edward Hart and Mrs. Perry Jensen.

Second Ward, Mrs. Leonard

Bowling Unit To Vote on Possible Split

CLINTONVILLE — The Clintonville - Marion Mens Bowling Association members will meet at 7:30 p.m. tonight at the Clintonville City Hall to vote on continuing or disbanding the organization.

Currently both communities have a joint organization but may separate.

Tage Mortensen, ABC field representative from Milwaukee, will be present to conduct the meeting and answer questions.

Lloyd Eggleston, Clintonville, has been the president of the association for the past 16 years.

Clintonville AAL Local to Pick New Officers

CLINTONVILLE — Local officers and national federation directors will be elected at the annual meeting of Branch 496 of the Aid Association for Lutherans at 8 p.m. Sunday in the St. Martin Lutheran School gymnasium.

Elmer Beery, rural Shawano, will show slides taken several years ago when he toured Russia and he also will talk on life in Russia.

Local officers are Roy Kirchner, president; Charles Mack, vice president; Mrs. Earl Hedtke, secretary; Milt Boehlke, treasurer, and Vilas Krueger, local representative.

The committee includes Mr. and Mrs. Oward Kautz, chairman, Mr. and Mrs. Amos Schulz, and Mr. and Mrs. Oscar Burow.

K of C to Review Changes in the Church

WAUPACA — The Charles Dombrowski Council, Knights of Columbus, will hold its monthly meeting at 8 p.m. Thursday at St. Mary Magdalene Catholic Church social hall.

Richard Blanchard will speak on the changes taking place in the church.

Evan Giese, general program chairman, will report on activities to be held later this month and in December.

Wittenberg Sells Lots To New London Man

WITTENBERG — The village has sold the six lots presently occupied by five trailer homes to Bernard Hussin, New London, for \$3,300.

Bids for the lots were received at the November board meeting. The lots, which have water and sewer facilities, are east of the town hall on Webb Street, adjacent to Village Park.

Mrs. Paul Sturm Heads Ladies Aid

MANAWA — Mrs. Paul Sturm has been elected vice president of St. Paul Ladies Aid.

Other officers are Mrs. William Breier, secretary; Mrs. Leonard Marcy, cheer committee; Mrs. William Garzke Sr., and Mrs. Clarence Prellwitz, purchasing committee; Mrs. Carl Roenz, auditing committee, Mrs. Victor Wepner, nominating committee; Mrs. Harry Matthias and Mrs. Oscar Sellin, planning committee.

The flower committee for November is Mrs. W. B. Ferg and Mrs. George Gresen.

Mrs. Fletcher Heads Royalton Ladies Aid

ROYALTON — Officers for the Royalton Ladies Aid Society for the coming year are Mrs. Arthur Fletcher, president; Mrs. Francis Dean, vice president; Mrs. Jennie Plant, secretary; Mrs. Fred Larden, treasurer, and Mrs. Nora Smerling, sunshine chairman.

Plans were made for the Dec. 3 Christmas party to be held at the church.

Mrs. Francis Dean and Mrs. Mina Feathers will be in charge of the Christmas decorations.

Hair Styling to be Topic at Manawa

MANAWA — Hair styling will be the topic of the Futurae Club when it meets at 8 p.m. Nov. 19 at the home of Mrs. Edward Jones. Assisting hostesses will be Mrs. Wayne Riste and Mrs. Carl Dretke.

Conducting the program will be Vernadine Breier.

Talk on Retardation

MANAWA — The Rev. Andrew Wood, executive director of Sheppards, Inc., Union Grove, will speak at 2 p.m. Thursday at the Ogdensburg Baptist Church. Sheppards is a home for mentally retarded children.

Remove Ornaments

Police Chief Jack Algiers said the incident started when Sgt. Lawrence Schetter told Burns to remove ornaments hanging from the rear view mirror because they were obstructing the vision. Burns became belligerent and was arrested for disorderly conduct, police said.

Police said Burns resisted arrest and had to be taken by force. Patrolman Richard Fritz came on the scene and aided Schetter. During this time, Schetter became abusive and was arrested for disorderly conduct, Algiers said.

The incident took place on a parking lot near the Golden Hour bowling alley, 209 Lincoln St., New London.

Smorgasbord, Bazaar Set at New London

NEW LONDON — The New London Community Hospital Auxiliary will hold a smorgasbord and Christmas bazaar Dec. 2 in the Most Precious Blood School gymnasium.

Dinner will be served from 11 a.m. and 2 p.m. and 4 and 7 p.m. The auxiliary also will have a children's booth, white elephant stand, bakery sale and handicraft articles for sale.

Navarino Lutherans Have Planning Session

NAVARINO — Program planning was conducted for the Ascension, St. John and Jerusalem Lutheran congregations at a meeting at Ascension Lutheran Church.

Donna Svetnicka and Betty Knapp represented the congregations at the District Lutheran League Convention at Wausau.

Driver Misses Deer, But Overtakes Car

WAUPACA — Mrs. Lila Peterson, 52, Big Falls, received minor cuts and bruises when her car rolled over as she swerved to avoid hitting a deer.

The accident occurred one-half mile north of Big Falls on County Trunk G at 9:40 p.m. Monday. Her car landed on its top and was listed as demolished.

Royalton Women to Talk on Europe

ROYALTON — Women of the Royalton Congregational parish will be guests of the IHS Society when they meet at the church at 8 p.m. Nov. 12.

A special program has been planned Mrs. Kathleen Monsted, New London, will discuss her recent trip to Europe.

Talk on Retardation

MANAWA — The Rev. Andrew Wood, executive director of Sheppards, Inc., Union Grove, will speak at 2 p.m. Thursday at the Ogdensburg Baptist Church. Sheppards is a home for mentally retarded children.

Clintonville St. Rose Altar Society to Hear Talk on Mental Health

CLINTONVILLE — A program on mental health will be presented at the St. Rose Christian Mother-Altar Society meeting at 8 p.m. Nov. 18 at the school hall.

Guest speaker will be John C. Pekarek, district mental health consultant with the Wisconsin State Department of Mental Health. His subject will be "What Kind of Conduct in Parents Brings on Emotional Problems in Children?"

There will be a short memorial service honoring the deceased members of the past year.

Mrs. Gordon Rindt is chairman of the serving committee. The meeting is open to the public.

Final Card Party Set at Royalton Church

ROYALTON — The last in a series of card parties will be at 8:15 p.m. Sunday at St. Bridget Church hall.

In charge are Mr. and Mrs. Fred Bessette, Mr. and Mrs. Henry Fabisiak, Mr. and Mrs. Earl Gaenther, Mr. and Mrs. Ronald Knappstein, Mr. and Mrs. Roman Murawski, Mrs. Ella Paronto, Mrs. Lillian Redman, Mr. and Mrs. Allen Schultz, Mr. and Mrs. Walter Simons, Mr. and Mrs. Gary Wilson and Mrs. Simon Wilson.

Clintonville Church to Conduct Member Visits

CLINTONVILLE — Preparation will be made this week for the member-visitation to be conducted throughout the St. Martin Congregation beginning next Sunday.

About 90 members will attend a training session tonight to receive background materials and instructions for these visits.

On Sunday these workers will meet again in the church at 1:30 p.m. for a half-hour briefing before beginning the visits.

Board Fails to Act on Proposal To Remodel

CONTINUED FROM PAGE 1

ers would be needed to guard the Huber Law prisoners by moving them from the fourth floor jail to the first floor quarters.

Under the plan, the welf a r e department offices would be moved to new quarters in the courthouse annex.

Supvs. Clarence Miller (Appleton 9) and Gerhard Ruhsam (Town of Horton) said the change would require additional jail help.

Guards Needed

Miller said he was told by a county law enforcement officer that four more guards would be needed for the new Huber Law section and Ruhsam, chairman of the courts and administration of justice committee, said Spice told his committee the change would require three more men.

Supv. Sylvester Esler (Appleton 18), chairman of the public property and insurance committee which sponsored the resolution, said "We've got somebody talking out of both sides of his mouth. Spice is the one who set up this remodeling system with the state."

Supv. Arthur Hoolihan (Appleton 11), another member of the committee, said Vernon Verhulst, the state jail inspector, and Spice "went over this matter and said everything was agreeable to them."

Esler said, "That guy Spice is only going to be in office another two years. Should we let him run things or should the county board?"

Tremendous Advantage

Supv. John Schreiter (Appleton 6) said "the program has a tremendous dollars and cents advantage for the county."

"The state jail inspector has told us that our jail facilities are inadequate and if we don't do something, they will order us to do something."

"By moving the Huber Law prisoners out of the jail," Schreiter said, "we are raising the jail capacity by 50 per cent for maximum security prisoners. The public property and insurance committee's plan would solve our jail problems."

The county board was expected to hear from Spice on the matter of whether or not increased jail personnel will be needed sometime today.

Supervisors Add \$57,779 To '65 Budget

CONTINUED FROM PAGE 1

third warden," he said, "they will send him in and it will cost us more than if we do it ourselves. The main job for the two present wardens is law enforcement, not running around picking up dead deer."

The resolution passed on a voice vote.

The \$500 increase in Outagamie County Humane Society budget raised the county's annual support from \$1,500 to \$2,000.

On the plus side of the ledger, anticipated revenues went up \$2,000 by increasing the interest of state taxes estimate from \$13,000 to \$15,000.

Credit Union at Kimberly Slates Opening Event

KIMBERLY—Open house at the new \$68,000 Kimberly Credit Union building will be from 10 a.m. to 5 p.m. Sunday with officers, directors and credit union members on hand to greet guests.

Work on the new building, at 222 N. Main St. started in March and use of the structure began in the September. The Credit Union, member of the Wisconsin Credit

Port Fees Studied By Aviation Group

Winnebago Board Wants to Know What Others Charge for Services

OSHKOSH — Fees charged at aviation fuel used at the airport. The question was raised whether the two major corporations housing planes at the airport, Kimberly - Clark Corp. and American Can Co., should be charged a flowage fee for their fuel even though the fuel is handled directly by those firms in their own tanks.

Winnebago County now has only a landing fee for North Central Airlines planes. The airport operator may charge a tie-down fee for overnight planes if he desires. He pays a rental fee to the county for use of its facilities and for being the base

Some airports charge a flowage fee based on each gallon of

Committee to be Picked To Study Sites, Costs For New Waupaca Jail

County Moves to Prevent Closing Of Facility by State in 6 Months

WAUPACA — A resolution report two years ago. When the letter was read it revealed that Verhulst had said the jail was sanitary and clean and that proper records were being kept. It also mentioned that prisoners should be separated.

Objected To Threat

Strum also objected to a so-called threat by Verhulst to close the jail. Verhulst said in answer that he did not threaten the board but was just stating a fact.

It would not be his decision to order the jail closed but only his recommendation that it be closed if the board did not take immediate action. He said following the passing of the resolution that "if this is just a stall" he will still recommend the jail be closed.

The city was not ruled out in its bid to get space in the new building when a second resolution was presented by Supv. John Hanson (Waupaca 3rd) requesting the building committee hold another meeting with city officials.

During the discussion on the city-county issue some of the supervisors voiced objections to the building being a joint venture so far as including the city fire department and space for other city offices. However, little or no objection was raised to the idea of having just a city police department in the new building.

Okay Port Parking Lot Expansion

OSHKOSH — Expansion of the parking lot at the airport terminal was authorized by the aviation committee of the county board Monday night.

The highway department will be asked to begin expansion at its earliest convenience this year. The cost will be paid out of the 1965 budget.

Aviation committee members thought the highway department may have time prior to the winter season to excavate and lay a stone base course for the area. The base will be allowed to settle during the winter and a blacktop surface added next year.

Along with this expansion will be the opening of another outlet from the terminal parking area to W. 20th Avenue, opposite Simpson Street.

The Wisconsin Public Service Corp. will be asked to make recommendations for lighting.

Committee members also voted to accept the strobe lights installed on an experimental basis at the west end of the east-west runway.

When the ground approach lights are installed by the Federal Aviation Agency, these lights will be moved to the south end of the north-south runway.

Veterans Day Dinner

NAVARINO — The community's American Legionnaires will be guests of the Bonduel post at a Veterans Day dinner at 5 p.m. Saturday.

Tax Rate Due To Jump \$6 in New London

CONTINUED FROM PAGE 1

Waupaca County. Taxable property on which the 1965 rate will be based amounts to \$12,442,375 with \$2,774,300 in Outagamie and \$9,668,075 in Waupaca.

Major Costs

Major local expenditure proposed is \$124,380 for streets and other transportation facilities. This is \$5,040 more than appropriated this year.

Showing the greatest increase is the \$89,192 to be set aside for expenditure for outlay account, up \$31,362. Accounting for the sharp hike is \$30,402 which the city expects to spend on sewer, curb, gutter and sidewalk work slated for County Trunk D.

Other proposed expenditures are general government, \$57,931, up \$3,907; protection of persons and property, \$89,529, up \$7,131; health and sanitation, \$44,255, up \$6,145; charity, \$10,600, down \$300; indebtedness, \$18,037, down \$338; development, \$1,100, up \$100; unclassified, \$34,701, up \$2,205, and education and recreation, \$39,222, up \$2,867.

The 1965 state and county rates cannot be determined until the counties adopt their budgets and apportion the levies out to their component tax units.

17 Schools to Present Plays

Kaukauna to Host Regional Forensic Test This Weekend

KAUKAUNA—Seventeen local plays will be presented in the little theater at Kaukauna High School this weekend as the regional forensic program is staged.

Kaukauna did not enter competition this year, but Mrs. Howard Sprenger, instructor, and Drama Club students at the high school have volunteered to handle the affair. Darrell Larson, Kimberly High School principal, is in charge of programming.

Entered will be schools which won A ratings on the district level. Regional winners will advance to sectional competition and those winning on that level advance to the state finals.

First play is scheduled for 5:45 p.m. Friday and the last will start at 9:30 p.m. Competition on Saturday will run from 8 a.m. to 4:45 p.m. Sole judge will be John Novakowski, principal at Butte des Morts Junior High School, Menasha.

Schools entered in order of appearance include East De Pere, Shawano, Kewaskum, Marinette, Wausaukee, Green Bay, Southwest, Kimberly, Preble, Luxemburg, N. Fond du Lac, Campbellsport, Fond du Lac, Niagara, Gillett, Berlin, Oconto Falls and Pulaski.

New London in School Study

Where Your Gas Tax Goes

In the discussions about future expansion of the state highway improvement budget and the means to attain it, there has been little emphasis given to the fact that the non-construction phases of the State Highway Department's operations are consuming a steadily rising ratio of its receipts.

Maintenance and traffic service costs of the state highway administration today represent nearly a fifth of its improvement budget. The Highway Department last year spent about \$86,000,000 for construction or reconstruction of highways, while it disbursed nearly \$19,000,000 for maintenance which covered a range of activities from the collection of roadside litter to pavement marking, signing, ice prevention, snow removal, and the miscellaneous patching and repairs that are essential to the survival of even the highest quality pavements on busy traffic lanes.

This rising ratio of non-construction cost is one of the new problems of the highway administrators. It results from elevated standards of service, as the motorist can conclude if he remembers the primitive snow removal efforts of only two decades ago, and from such concretely useful new contributions to motoring safety and pleasure as the admirable edge marking work of the commission.

Reject the Park Road Ordinance

A so-called "spite ordinance" calling for direct legislation which would change present city policy when it comes to widening, renovating or constructing roads in Appleton parks will come before the Common Council soon for a vote.

After taking a hard look at the proposed direct legislation, which is apparently an aftermath of the Bellaire Park incident in which residents objected to a new road, we can only conclude that it would hamper the efforts of the appropriate city bodies who share the responsibility for providing Appleton with adequate parks and facilities.

The gist of the ordinance is that the

The painting of white edges along the main line highways would be our confident nomination for the most constructive innovation of our highway maintenance engineers during the last decade. We hope it will be continued, and extended, to the entire state highway network.

But some of these non-construction cost increases are also reflections of the strange thoughtlessness of so many Americans about the public domain and public facilities. The other day a state highway maintenance official mournfully reported that the mere picking up of trash along state trunk highways now runs into an expenditure of more than \$400,000 each year, or the equivalent of the revenues from the motor fuel tax for the first 100 miles of driving of each Wisconsin automobile owner each year. This is a disgraceful performance, and especially since the most diligent work of the costly road patrols cannot keep pace with the energies of our legions of litter-bugs.

During the spring cleanup period, Engineer W. T. Day disclosed, some of the local patrols may collect a truckload of trash per mile on heavily travelled roads. It is a harsh commentary on the amoral attitude of thousands of highway users. It is also a shameful waste of our tax resources.

Residents of the ward in which a park is located would in effect have the power to veto any road project planned by the Park Board or the Common Council. Because the parks are for all the residents of Appleton we cannot condone this cloaked form of sectionalism.

A dim view was apparently taken of the proposed legislation by the city attorney when he issued an opinion recently that if the matter went to a referendum vote—which would be required by law if the council rejects it—the ordinance for the most part would only be of an advisory nature.

The Common Council should reject such an ordinance.

Russian Farms

One of the tenets conveniently adopted by Communist countries is that certain allowances must be made for temporary human failings. Thus, the Communist ideal of practically no government at all has to be put aside in favor of an immense bureaucracy because society hasn't yet matured enough for the eventual perfection.

The same sort of attitude involves agriculture, at least in the Soviet Union, although somewhat in reverse. Eventually, the Communists insist, collective farms will raise all foodstuffs necessary for all the people. But, until such a time, some private endeavors in that field may be necessary. And the time is not yet, according to the major speech just made by the new First Secretary of the Soviet Communist Party, Leonid Brezhnev. In fact, he blames Khrushchev for going too fast toward the perfect society in trying to do away with private farming.

Of course most of Brezhnev's emphasis was upon the tried and true Communist ways of life or how they should be. "We shall continue stepping up capital investments in agriculture and in the industries that supply it with machines and fertilizers. Fuller use of the principle of material incentive of collective farms and collective farmers acquires special importance. It is necessary not in words but in deeds to provide collective farms and state farms with greater rights in organizing and planning their work." Even this indicates more independent control.

But then Brezhnev deals with private farming. "Nor would I be correct to ignore the possibilities that the plots of land worked by farmers, factory and office workers offer aid in helping meet the requirements. In recent years, unfounded restrictions have been imposed in this sphere although the economic conditions are not yet mature enough for such a step. These restrictions have now been removed."

Brezhnev's remarks about the importance of private farms to the economy were something of an understatement. For despite the restrictions of which he spoke, aimed at discouraging such private enterprises, the comparison of their output to that of the collective and state farms is most revealing.

Only about three per cent of the cultivated land in the Soviet Union is privately worked. But this tiny amount supplies about one-third of all Russia's agricultural output and one-half of the livestock products. More than 60 per cent of the potatoes, 45 per cent of the vegetables, 41 per cent of the meat, and 47 per cent of the milk come from these small private plots.

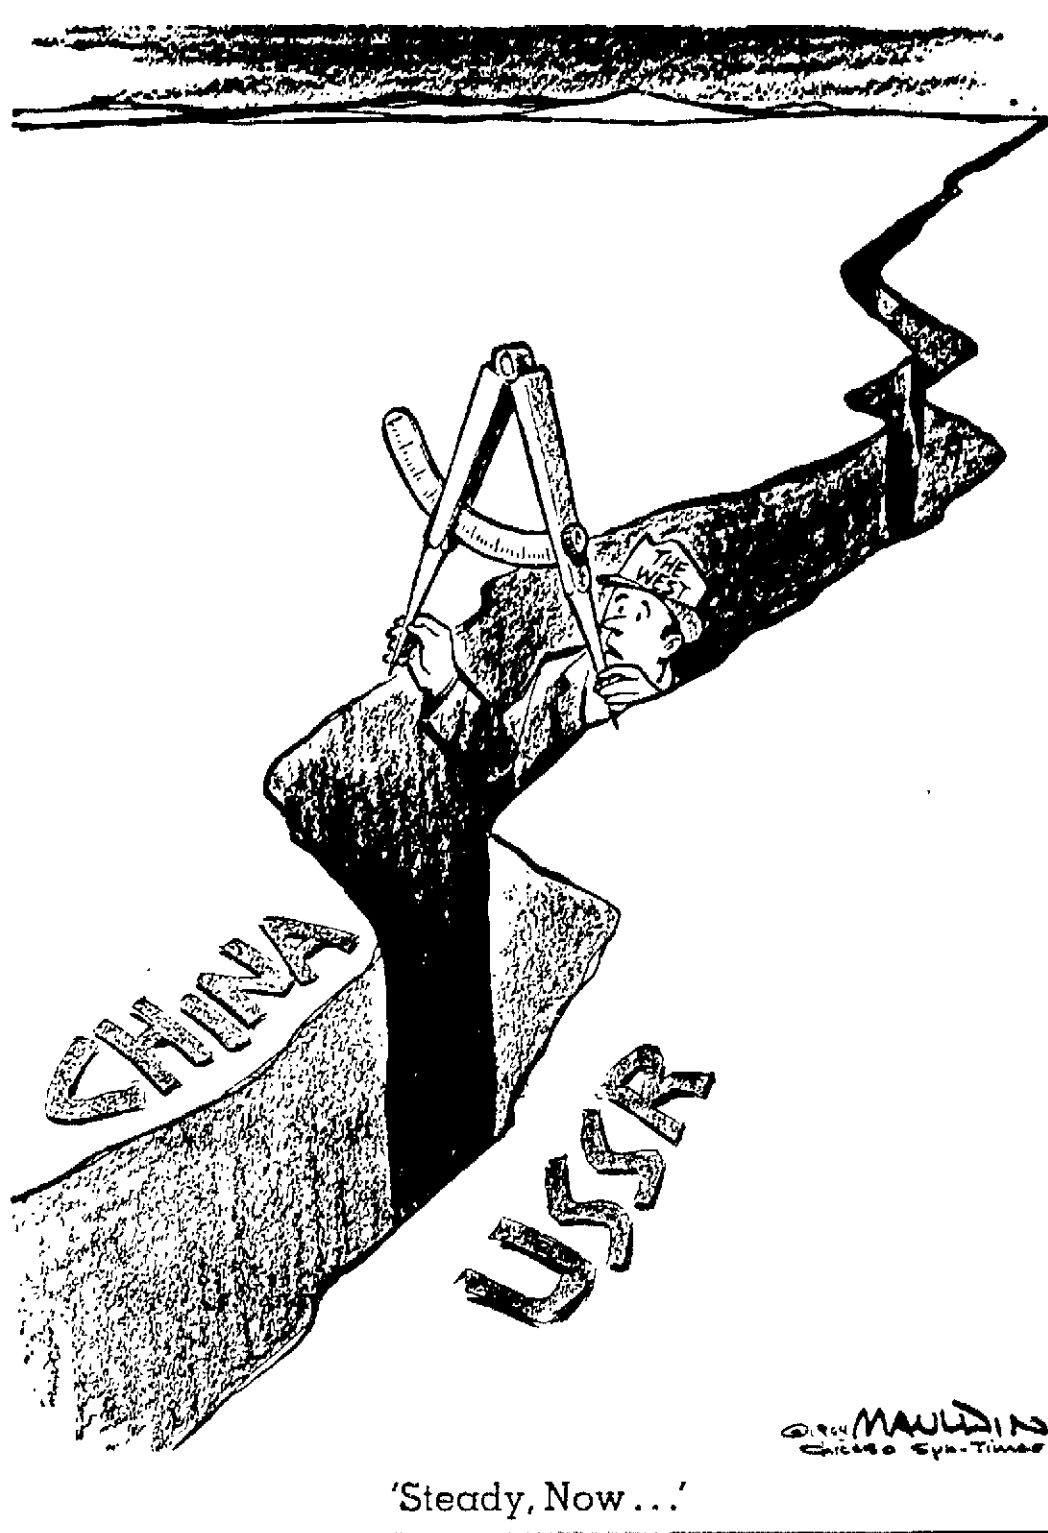

Looking Backward

Winter Apples Arrive From Buffalo

BUFFALO 330
106 YEARS AGO
Quoted from the Appleton Crescent for Nov. 19, 1864.
The propeller Rocket came in on Saturday, from Buffalo to Green Bay, with a heavy load of freight, among which were several thousand barrels of apples.

This is the last trip of the Rocket this season, and the steamer Comet also has laid up. The propeller Evergreen is expected in to-day or tomorrow, and probably will be the last boat of the season of the New York Central Railroad line.
This line of propellers has

plied between Buffalo and Green Bay with accustomed regularity and fully maintaining their high reputation and popularity for safety, speed and fair dealing with passengers and shippers. We bid them adieu for the cold season, hoping and expecting to see them all back next spring

Inside Washington

Reopening of Baker Inquiry Could Trigger New Explosion

BY ROBERT S. ALLEN AND PAUL SCOTT

The Senate Rules Committee's reopening of hearings on December 1 into the controversial "Bobby" Baker case could trigger an even more explosive investigation.

The three Republican members, headed by Senator Hugh Scott (Pa.), are going to seek the committee's approval to widen the probe to include an alleged conspiracy to attack the reputations of numerous individuals in all three branches of the government.

The GOP senators' demand will be based on an unpublished staff recommendation that the committee put the whole problem of probing vice and immorality in government up to the Senate for their action.

This recommendation, which was never made public, was contained in the draft of the committee's original report prepared by the staff last June but eliminated by Democratic

members before the final document was sent to the Senate.

It frankly stated that "if the Senate deems the report of the existence of vice and immorality in government circles justifies an investigation, the committee suggests the Senate adopt an appropriate resolution to that end."

The recommendation was accompanied by the staff's finding of "a well-laid plan and design by certain people of highly questionable character to promote the assembly of possible testimony by others of equally questionable character which would, if received, amount to an attack upon the reputations and moral character of individuals in the three branches of government — legislative, executive and judicial."

THE DARK PLOT

Although no names were mentioned in their findings, the Senate Rules Committee staff reported that, "It was apparent this conspiracy was motivated by two things: "(1) To use the existence of this sort of thing as a threat to certain individuals of blackmail for paying money for its suppression; and

"(2) for obtaining immunity in suits for libel and slander by having the so-called evidence produced before the

committee under compulsion of a subpoena."

The staff reported to the committee that it had obtained "information to the effect that those responsible for this nefarious scheme had entered into remunerative agreements for publication rights on exclusive follow-up stories."

According to their findings, the committee's investigators were able to ascertain that, "The so-called evidence was of a lurid, obscene and scandalous character, obviously manufactured, at least in most instances, and largely dissociated from any business or financial interests or activities of officers or employees of the Senate."

In their new investigative demands, the GOP senators will have the backing of Senator John Williams, R-Del., whose charge of kickbacks on the District of Columbia Stadium construction contracts caused the Rules Committee to reopen its hearings.

Senator Williams, who survived the Johnson landslide and was re-elected to a third term, charged that builder Matthew McCloskey paid a \$35,000 kickback on the stadium contracts, including \$25,000 that was channeled into the 1960 Democratic campaign.

In a Senate speech, Williams declared the alleged kickback was disclosed to him by Maryland insurance man, Don B. Reynolds. Reynolds, a former business associate of resigned Senate Majority Secretary Robert G. Baker, said the \$35,000 came to him as agent for the performance bond on the stadium work.

According to Williams, Reynolds kept \$10,000 and passed the other \$25,000 along to Baker for the Democratic campaign fund in fulfillment of a prearranged plan.

McCloskey and Baker have denied the charge. Senator B. Everett Jordan, D-N.C., chairman, has agreed to summon everyone mentioned by Senator Williams.

People's Forum

What Did K Have to Say On Election?

Editor, Post-Crescent:

The irony of the sordid farce of last Tuesday's election is the fact that Mr. Khrushchev was not able to acclaim it publicly.

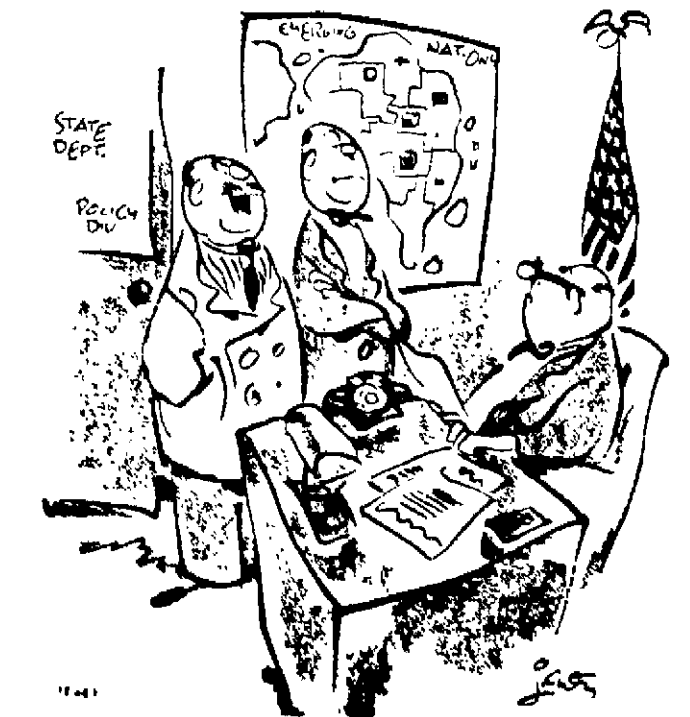

He predicted, "We will bury you." But he was not on hand politically to see it accomplished. The U.S. was buried in the Johnson "landslide."

Governor Will Have Brother in Key Spot In State Legislature

BY JOHN WYNGAARD

MADISON — The new political term in the Wisconsin state capitol will put into the limelight and in powerful policy authority a unique fraternal partnership in state politics.

Gov.-elect Warren Knowles will have at his

Wyngaard

side as majority leader of the State Senate the most trusted lieutenant any Wisconsin governor has ever had. That majority leader will be his brother, Robert P. Knowles, also of New Richmond.

While Warren Knowles was winning a comparatively skinny gubernatorial election against a Democratic electoral tide, his younger brother was getting a more impressive support in his far northwestern Wisconsin district in what had been regarded as a very doubtful situation. The younger Knowles had succeeded several terms ago to the senatorial seat formerly held by his brother. But the Supreme Court reapportionment decree of last spring had altered it radically and encouraged Democrats to believe they had a good chance of retaking the most conspicuous Republican in the State Senate.

CRITICAL DECISION

For Robert Knowles the election last week was just about as critical as it was for his brother. Warren Knowles would surely have retired from politics permanently, had he lost the election.

Robert Knowles is also interested in a serious and permanent political career that will lead to high office some day. There is no possibility that he will make his moves as long as his brother is at the front of the stage. Their relations are absolute in their affectionate understanding. Possession

of the governorship makes it reasonably evident that Warren Knowles sometime in the future may find it feasible to bid for the one office he always desired above all others — which is a seat in the U.S. Senate. Although it is obviously premature for him to speculate about it now, there is nothing he can do to prevent his friends from thinking ahead. Nor is there anything Brother Bob can do to still speculation about his own future role in Wisconsin public life.

When it appeared last week that Warren Knowles might lose narrowly, observers at the Milwaukee Republican election headquarters immediately talked about the possibility of Robert Knowles as a future nominee, not only because of the value of his name association, but because of his role in the top command of the legislature in spite of his comparative youth.

THE ROLE

The Knowles partnership will be important not only because of the understanding and trust between the brothers in their sensitive tasks ahead but because of one of the traits of personality of the younger member of the team.

Sen. Robert Knowles has sometimes been criticized mildly by Republicans for what occasionally appears to be a lack of the combative vigor in the political ring that is the stereotype image of the politician, for the lack of an instinct for the jugular, as it is sometimes known. He is mild of manner, tolerant of disposition, slow to anger.

Yet those very qualities may stand his brother in good stead during his beginning term. Gov.-elect Knowles will be dealing with a difficult legislature. His first term record will depend in a vital degree upon his success in persuasion and conciliation. Brother Bob may be the best diplomatic agent he could have for the task.

Strictly Personal

9-Year-Old Boy Has Lesson for Elders

BY SYDNEY J. HARRIS

A 9-year-old boy I happened to be talking to the other day mentioned that several of his classmates were taking judo lessons. I asked him if he were interested in doing the same. When he shook his head, I said, "Don't you want to learn to defend yourself better?"

"No," he said. "I can take care of anyone my own size — and if one of the big boys comes after me, I'm better off practicing running than judo."

"But it would still give you an advantage with boys your own size," I persisted.

"I don't want an advantage like that," he said. "It's too dangerous."

"Too dangerous how?" I questioned.

"Well," he said, "suppose I'm playing with some of my friends, just horsing around, you know. Sometimes what starts as a game gets serious — and, before you know it, you're really fighting. If I knew judo, I just might start to use it when I got mad. And that's a good way to lose friends."

"I think you could control yourself at such times," I put in.

"Maybe so," he said. "It's not just friends, though. If

some strange kid my own age got tough with me, and I knew judo, there'd be a real temptation to let him have it. Just a push or a poke might cool him off otherwise—but I probably wouldn't stop with that if I knew judo. I might break his arm, or something, and who needs that?"

"Aren't there some bullies around where it might come in handy?"

"It's a funny thing about bullies," he said. "You don't have to be stronger or tougher than they are — you just have to be not afraid of them and let them know that you'll stand up to them. They don't bother me — the only kids they bother are the ones who are afraid of them."

"But wouldn't these kids who are afraid of them be helped if they learned judo? I insisted.

"I don't think so," he said. "They're frightened of being hurt — and learning to hurt someone else doesn't help you get over that fear. They don't know that bullies are really weak, not strong — and when they know that, they don't need judo."

I said nothing more, because he was so absolutely right. And I thought how extraordinarily touching and sad it is that a 9-year-old boy could so grasp the differences between aggressiveness and courage, and so confidently walk along that narrow ridge between the two, when so many millions of presumed "men" have not yet learned that lesson.

Potomac Fever— by Jack Wilson

Barry warns Republicans not to go off half-cocked in shaking up the party machinery—that's how you get the reputation for being trigger-happy.

Ike says the voters seem to think the GOP is just for rich folks. That's one image that will certainly be changed as soon as the election bets are paid.

When Sen. Humphrey won the vice presidency he knocked himself right out of a good job as Senate majority whip. Man, talk about backlash!

Well, the Republicans learned one thing from the late unpleasantness: it's all right to say you're against sin—but don't let anybody get the idea you really mean it.

No wonder the Democrats are smug! They didn't have to get up early the next morning and try to peel off their bumper stickers.

Moderate Republicans are looking to Gov. Smylie of Idaho for help and a word of cheer. Their new theme song: "Let a Smylie Be Your Umbrella."

New Task Force for Industry Expansion

CONTINUED FROM PAGE 1

involve himself in the wrangle about the future leadership of the national Republican party and that he is advising his Wisconsin Republican friends to "sit back and assess the situation" before joining in the clamor for the dismissal of National GOP Chairman Dean Burch.

The newly elected chief of the state government said he has had cordial talks with retiring Democratic Gov. John W. Reynolds about the problems of the succession, and repeated hopes expressed earlier that he can arrange a spirit of bi-partisan cooperation with the Democrats who will rule the state assembly during the 1965 legislative session starting two months hence.

Knowles said his industrial expansion study is being handled by a group of leaders whose names he has chosen not to make public "because I do not want partisan criticism to center on these men to the detriment of their work."

Action Program
"They are preparing an action program with the objective of providing more jobs, higher income, and an accelerated economic life throughout the state. This program will identify clearly the reasons why Wisconsin now has trouble attracting and keeping industry, and it will propose specific methods for attacking these problems."

The group will file a first report early in December, he said, whereupon he will publicly identify the authors.

He added that he won't decide on an appointment to the directorship of the state department of resource development until that time.

But he made it absolutely clear that the state capital office - holding days of Frank Zeidler, the present director chosen by Reynolds, are numbered. Evidently nettled by Zeidler's recently published criticism of Knowles' attitude toward industrial development, the governor-elect said tartly:

"Neither he nor anyone else

in this state has a vested interest in poverty problems or human resource development. I have as much or more concern as he does in seeing our people enjoy to the utmost the fruits of our society. Our principle difference is that I believe in a free enterprise approach, and he is still, at heart, a socialist."

Knowles said that he will press hard for another of his long-time objectives, the simplification of the state income tax forms through legislation that would permit the taxpayer to declare for state tax purposes the net income figure already compiled for the federal tax return.

Knowles said he has asked Sens. Hollander of Fond du Lac and Draheim of Neenah, and Assemblymen Pomeroy of Wauwatosa and Haase of Marinette to sit with him during his budget hearings as representatives of the Republican legislative leadership.

Knowles Won't Divest Self of Stock He Owns

Governor-Elect Says He Will Resign From Corporate Positions

MADISON — Gov-Elect Warren P. Knowles will resign several corporate positions he has held as a private citizen and will take a leave of absence from his New Richmond law partnership during his two years as governor.

But he sees no need to divest himself of his stock holdings and other investments, he told inquiring reporters at a news conference here Tuesday.

The man who will be sworn in as governor in January said he will ask the advice of the state board of bar commissioners whether he should resign his license to practice law during his period as governor.

Knowles has been an officer of a number of business firms, including banks and Doughboy Industries, Inc., one of the principal industrial enterprises of his home area.

Will Hold Stock
During the campaign for the governorship, Knowles was severely condemned by some of his Democratic foes for his alleged holdings in the Mortgage Guarantee Insurance Company of Milwaukee, which has been associated with political controversy because another stockholder was former U.S. Senate Secretary Robert Baker.

Knowles smiled when he was asked whether he intends to divest himself of his stock holdings, but he replied firmly and succinctly that he knows of no rule or precedent for such action on the part of a man who is elected to public office.

"There is no precedent for becoming a pauper because a man becomes a public official," he said.

Former Professor Of University Dies

MARINETTE (AP) — Victor H. Quick, 72, professor emeritus of the University of Wisconsin School of Agriculture, died Monday night at St. Joseph - Lloyd Hospital in Menominee, Mich.

Quick was Marinette County agricultural agent from 1948 until 1960.

Why "Good-Time" Charlie Suffers Uneasy Bladder

Unwise eating or drinking may be a source of mild, but annoying bladder irritations — making you feel restless, tense, and uncomfortable. And if restless nights, with nagging backache, headache or muscular aches and pains due to over-exertion, strain or emotional upset, are adding to your misery — don't wait — try Doan's Pills.

Doan's Pills act 3 ways for speedy relief: 1 — They have a soothing effect on bladder irritations. 2 — A fast pain-relieving action on nagging backache, headaches, muscular aches and pains. 3 — A wonderfully mild diuretic action thru the kidneys, tending to increase the output of the 15 miles of kidney tubules. So, get the same happy relief millions have enjoyed for over 60 years.

For convenience, ask for the large size. Get Doan's Pills today!
